seat. I don't own the car. I'm just in earlier and you'd not have to riding in it. Nor did I build it with stand. so few seats.

If you don't like it, that's your Besides I was there first. I don't worry, not mine. So long as I have see why I shouldn't have two seats, luggage and the seat in front of me or place my luggage on one if I don't want to occupy it otherwise. It's in as good a place there as elsewhere. On the floor it would be is vacant I'll put it there. Nor do I see the reason why I should remove it, even though you have no place to sit, If you object, go into in my way. And it's too much another coach, ride on another car, trouble putting it on the rack. or forget it. Anyway you ought to have come

That's how I feel about it.

# HAS NO

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

part of stomach I could not lie in bed. I suffered so it seemed as though I would die and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I

read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."—Mrs. LESTER E. WAR-

NER. R. 1. Box 69. Onalaska, Wis. The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

### **HOW TO RAISE BABY CHICKS**

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from his cause.

An A vic ol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps

sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackery, R. F. D. 3, St. Paris, O., writes, "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return

Does Eating Candy Make Some

People Fat? When it is considered that many people can eat caudy "by the ton" without its having an appreciable effect upon their weight, it will be seen that the fat producing qualities of the confections must be due to some thing else besides the amount of sugar which they contain. The sugar, of course, adds fat to the body because it is so easily changed into usable energy which, in turn, piles up in various parts of the body under the guise of fat. Whether the candy produces fat, as we have come to recognize it, or an additional amount of energy is dependent upon the person who eats. If they are of a quick nervous temperment, take plenty of exercise and are in the habit of doing a considerable amount of work, the candy which they cat will have little effect upon their weight because they burn up the energy produced by the sugar. If, on the other hand, they are lazy and sluggish, the sugarenergy piles up in layers of fatty tissue which can be removed by various kinds of physical exer-

It should be remembered that sugar is one of the principal foods of the body and that a certain amount of it is necessary to the system. But an excess of sugar, like an excess of anything else, will clog the human machine and keep it from doing its proper work.
