

WINTER WHEAT IN STATE IMPROVES DURING 30 DAYS

Even With Improvement Production Forecast Is 7,000,000 Bushels Less Than It Was In 1919.

Lincoln, Neb., May 11.—Condition of winter wheat in Nebraska improved 4 per cent during April, forecasting a crop of 47,585,000 bushels as compared to 54,997,000 bushels last year, according to a May 11 crop report made public here by the United States bureau of crop esti-

mates and the bureau of markets and marketing of the state department of agriculture. Cool, wet weather during the last month, the report declares, was highly favorable to the crop and improved wind-damaged wheat to such an extent that the abandonment will not exceed 8 per cent. "This," says the report, "leaves 2,846,000 acres for harvest as compared to the record acreage of 3,716,000 acres harvested last year." **The May Report.** The report which gives other interesting crop information is as follows: "Winter wheat improved during April and the present condition is 88 per cent as compared with 84 per cent a month ago. This forecasts a crop of 47,585,000 bushels as compared to 54,997,000 bushels last year. The cool, wet weather of the past month was highly favorable for winter wheat and improved the wind-damaged wheat to such an extent that the abandonment will not exceed 8 per cent. This leaves

2,246,000 acres for harvest as compared to the record acreage of 3,716,000 acres harvested last year. "Rye made a slight improvement, the present condition being 93 per cent, indicating a crop of 5,771,000 bushels as compared to 6,650,000 bushels last year. **Tame Hay Improves.** "There is an increase of 2 per cent in the acreage of tame hay. Wild hay acreage is reported to be the same as a year ago. The average condition of all hay is 95 per cent. With the abundant moisture, the prospects for a large crop of wild hay are very good at present. About 14 per cent of last year's crop of all hay is still on farms. However, some localities report a shortage. The condition of pasture is 85 per cent, growth being retarded by cool weather. "About 42 per cent of the plowing is completed as compared to 55 per cent a year ago and 63 per cent the 10-year average. Spring planting is 35 per cent completed as compared to 40 per cent a year ago. **Live Stock Mortality High.** "The mortality of live stock during the past year was considerably higher than usual. The weather of the past month was very severe on all stock, particularly young stock. Losses have been unusually heavy especially those caused by exposure. Indications point toward a short pig crop, due not only to a decrease in number of brood sows, but also to the high mortality of pigs during the past month. The condition of health of live stock although quite

satisfactory is still below the average condition for this time. "Estimates for the United States are as follows: Winter wheat condition 79.1 per cent compared to 75.6 per cent last month and forecasting 48,647,000 bushels as compared to 731,636,000 bushels last year. About 11.9 per cent of the winter wheat crop will be abandoned, leaving 34,165,000 acres for harvest as compared to 49,905,000 acres harvested last year. Condition of rye, 85.1 per cent indicating 79,789,000 bushels as compared to 88,478,000 bushels last year. Stocks of all hay on farms total 11,377,000 tons compared with 8,493,000 tons a year ago. Plowing is 60.1 per cent completed compared to 72.7 per cent this time last year and planting 50.2 per cent completed compared to 61 per cent a year ago. The losses of live stock were considerable larger than a year ago."

Dodge County Women Name Officers for Citizenship Club

Fremont, Neb., May 11.—(Special.)—Miss Emma Meservey and Mrs. T. L. Mathews, rival chairmen of the democratic and republican county central committees, but joint organizers of the Citizenship club of women voters of Dodge county, today announced officers of the club, which will extend to every precinct with the purpose of getting every woman registered and to the polls next November. Mrs. Otis Gardner of Fremont becomes president of the organization following the series of conferences here with Miss Margaret Schaffner of Chicago. Mrs. R. S. McGiven is secretary-treasurer, Mrs. George Crouse, corresponding secretary. The following are precinct chairmen: Fremont—Mrs. Forrest Shoemaker, Mrs. P. Buffington, Mrs. A. P. Murphy, Mrs. George Shriver North Bend—Mrs. Bertha Miller Hooper—Mrs. Hannah Marsh Scribner—Mrs. Jessie Inches Dodge—Mrs. C. Miller Winslow—Mrs. M. Black Snyder—Mrs. Anne Flanagan Rideley—Miss Susie Long Ames—Mrs. Etta Jones Nickerson—Mrs. Anna Brown Logan—Mrs. Edna Uehling Elkhorn—Mrs. Joseph Roberts Pleasant Valley—Mrs. Don Emanuel

Dodge County Elects New Sunday School Organization

Fremont, Neb., May 11.—(Special.)—Presley L. Robinson of Fremont is the new president of the Dodge County Sunday School association, having been chosen unanimously by the delegates in annual convention here. The officers are R. G. Browell, North Bend, vice president; J. Emma Robinson, Fremont, secretary-treasurer; Mrs. E. H. Tipton, Hooper, head of children's division; O. R. Marks, Winslow, head of young people's division; A. L. Welch, Fremont, head of adult's division; P. F. Krueger, Fremont, home department; Miss Susie Allen, Fremont, visitation chairman; Rev. E. A. Smith, Purple Cape, superintendent of teacher training; Rev. W. H. Jackson, North Bend, chairman pastor's committee; Rev. G. R. Birch, Scribner, missionary chairman; Mrs. George Foote, Uehling, temperance chairman; Mrs. A. H. Waterhouse, Fremont, chairman school administration. The convention next year will be held at Bethel. The inventor of a shrouded propeller for airplanes claims that it renders a plane independent of wind and weather and transmits energy of a head wind into increased propeller thrust.

Piano Savings

What a difference you'll find when you investigate our pianos, our players and our prices. We are showing the products of the world's best makers, for instance, Weber, Steinway, Steck, Hadorf, Cable, Kurtzmann, etc. We don't deceive by asking \$400, \$450 and \$500 for pianos that would be well sold at \$250 and \$300, and then pretend to give you a discount or reduction to induce you to buy. Look carefully into the amount of real money you have to put up in other stores. Examine critically the pianos that are being offered; then come and examine critically our stock. At Oakford you pay real money for real pianos. You don't chase rainbows here. You see the finest stock in the country and all marked in plain figures at their lowest cash prices. Then if you want to buy on time payments the only difference is simple interest at 6%.
