National Convention Votes Down International Declaration of Principles as Submitted by Illinois Delegates.

New York, May 11.-The socialist party national convention this afternoon went on record as opposed to the dictatorship of the proletariat, in voting down an international so-cialist declaration of principles submitted by the delegation from Illi-nois. The vote was 103 to 33.

Victor L. Berger, unseated repre sentative in congress from Milwaukee, under a 20-year sentence for violation of the espionage act, urged adoption of the Millquit platform unchanged.

Cameron H. King of San Francisco, advocating the Hillquit declaration, urged the socialistic tactics of Victor Berger and the party in Wisconsin because of their demonstrated successes.

The minority, in offering its substitute platform, "is trying to put eggs under a rooster," declared Oscar Ameringer of Milwaukee, known as the Mark Twain of the socialist movement, in opposing the Engdahl measure as "useless and out of place." He received an ovation.

Ameringer declared that if congress continued to deny Berger his seat, the socialist party will elect him governor of Wisconsin with a majority membership in both houses of the legislature.

"The road prepared by the Illinois delegation leads only to the penitentiary," he added, "I am willing to go to the penitentiary if necessary, but I believe I can be of more use on the outside."
