

SEWARD SHIPS TO OMAHA NINE CARS OF EGGS IN DAY

At Restaurant Prices Consignment Brings \$103,680, \$50,403 More Than Producers Received.

According to a Seward live stock shipper, there ought to be an abundance of eggs in Omaha, as he said all produce shipment records were broken in Seward county last week when one day a Seward commission firm sent to Omaha nine cars of fresh eggs.

The nine cars consisted of 36,000 cases, 30 dozen to the case, or 1,296,000 eggs, for which the commission company paid \$53,277, and the eggs were sold in Omaha at 50 cents a dozen or \$94,900, making a difference of \$40,723 out of which was paid freight and the cost of handling before and after the eggs

reached Omaha. At eight cents apiece, the price charged in restaurants, the eggs sell for \$103,680 or \$50,403 more than the producers received.

Eggs are shipped into Seward from a radius of from 30 to 50 miles, and Seward county furnishes about 300 cases a week and the total daily receipts of the commission company vary from 200 to 400 cases daily.

It is said there is a growing demand for eggs freed from the shell, which comes from the east. Eggs with dirty shells and those cracked after being tested are used for this purpose. The eggs are broken into large cans and frozen, after which they are shipped in refrigerator cars.

Take Funds for Couple Whose Home Was Burned

Funds for a new home for Mr. and Mrs. Pacio Zecco, who are in Swedish Mission hospital suffering from severe burns received when their home was destroyed by fire three weeks ago, are being taken up by Rev. Michael Stagno, pastor of St. Annes Catholic church, and Alfio Garrotto of the local Italian colony.

Collections at mass at St. Annes church next Sunday will be turned over to them.

Zecco is unable to work at the present time, owing to his injuries.

Mayor Has Two Plans For Proposed Free Bridge Over Missouri

Two plans for the operation of a free bridge over the Missouri river between Omaha and Council Bluffs were outlined yesterday by Mayor Ed P. Smith in his talk at the weekly meeting of the Omaha Real Estate board.

The first plan, which Mayor Smith said he favored, provided for the widening of the Douglas street bridge to accommodate double street car tracks and two automobile driveways. The expense of this work should be born by both cities, he said, and after its completion the bridge should become free to all.

In case that could not be arranged, he favored the construction of a new bridge at Farnam street. Council Bluffs citizens and residents of western Iowa are universally in favor of a free bridge, Mayor Smith stated. The city council of Council Bluffs believes that 35 per cent of the cost can be raised on that side of the river.

During his talk Mayor Smith declared that Omaha is the only point between the Atlantic and Pacific oceans on the Lincoln highway

Federal Revenue Men Checking Firms Who Employ Child Labor

A report was filed yesterday by Chief Deputy Collector K. J. Carson of the internal revenue office on investigations made in Omaha by a corps of revenue agents concerning the employment of children under 14 years of age.

The purpose of the investigation was to acquire a basis for a special federal tax of 10 per cent levied on annual net profits of firms employing children less than 14 years old. Deputy Carson declined to state whether any Omaha concerns were violating the state child labor laws. According to his statements, the percentage of children employed in Omaha is small.

The survey of child employment will be continued throughout the state. Offenders against the state laws will be dealt with by state authorities, after the evidence is turned over by the federal officers.
