

CANONIZATION CEREMONY HELD BY POPE AT ROME

Carried in Chair of State to Cathedral — Body of Swiss Guards Proceed Procession.

Rome, May 14.—Solemn ceremonies for the canonization of Gabriel Possenti and Marie Alacoque were held in St. Peter's today. Pope Benedict was carried in the chair of state to the cathedral, being surrounded by a gorgeous retinue of Roman nobility and general officers of religious orders. Swiss guards preceded the procession.

Says Consular Service Not Yet Adjusted to Meet World Situation

San Francisco, May 14.—The diplomatic and consular service of the United States has not yet been readjusted to meet the world situation, Philip B. Kennedy, director of the United States bureau of foreign and domestic commerce, said at a luncheon here of the American Manufacturers' Export association, in connection with the seventh annual foreign trade convention.

GRUNAU INSISTS RAILWAY STRIKE STILL UNBROKEN

Plans Big Parade as "Silent Protest" — Many Men Find Other Work.

Chicago Tribune-Omaha Bee Leased Wire. Chicago, May 14.—John Grunau, leader of the insurgent switchmen's strike, rises from obscurity long enough to say the strike is still unbroken, but the railroads failed to hear him. Just a few days ago his dejected followers sent him a tart communication, telling him to make good his extravagant promises to them or to suggest some way out of the dilemma into which he had led them.

They told him there was no sense in pretending the roads were not working—that they were constantly employing more men and getting back to normal, while the outlaw strikers stood to lose all their spirit rights and any chance to get back their jobs.

Now Grunau will attempt to revive the movement by staging a great parade next Sunday. He claims it will be made up of striking switchmen, but it is expected that every union man, no matter what his trade or profession, will get in line and help swell the ranks. Grunau says no posters or banners will be displayed and that it will be a "silent protest."

Butte Mining Firms Take Action to Rid District of All Reds

Butte, Mont., May 14.—Officials of mining companies in this district, which had posted notices announc-

ing they would employ no members of the Industrial Workers of the World, conferred here on what they said were plans to rid the district of radical organizations, which they blamed for numerous strikes in the district during the past six years.

Concerning the notices, which appeared during a strike for increased wages and a six-hour day, called April 18 by the Metal Mine Workers' union No. 800, I. W. W., John Gillis, manager of the Anaconda Copper Mining company, said: "We have taken this action to protect our own interests and because we believe it to be our patriotic duty. We will not quit until every I. W. W. and all other radicals seeking to perpetuate trouble in this district

and advocating the overthrow of the government have been driven out."
