

### IOWA NOT TO BE SEPARATE AREA OF M. E. CHURCH

#### Needs of Foreign Lands Present Proposed Action—Bishop Discusses Mexican Conditions.

Des Moines, Ia., May 14.—(Special Telegram)—Iowa will not be made a separate Episcopal area, the federation conference of the Methodist church determined yesterday. The needs of the foreign field for general superintendents are considered greater than demands of this state. It was pointed out that Iowa has four strong annual conferences to two for Nebraska. Several new districts will be created in foreign lands.

The apparent overthrow of President Carranza of Mexico has been due chiefly to personal reasons, he having failed in making those personal adjustments which were necessary to lead the loyalty of his followers, Bishop Francis J. McConnell of Denver said at the Methodist Episcopal general conference last night. He was reporting on conditions in Mexico.

Bishop McConnell has had charge of the work of the church in Mexico for the last eight years and recently returned from a trip through that country. He declared that the revolution carried through by Carranza and Obregon has been successful in the sense that it established the main principles for which it was started, and conditions had improved in Mexico in the four years just past.

Bishop McConnell said that in his opinion, no sufficient cause for intervention by the United States in Mexico has ever yet appeared. "If Americans have been abused in Mexico, Mexicans have been abused in the United States," he asserted.

Report of the committee on Episcopacy, recommending election of 14 bishops and establishing seven new residences, was presented to the conference today. Action was deferred until tomorrow.

### Alleged Naval Deserters From Great Lakes Arrested

Two alleged deserters from the Great Lakes training station were arrested yesterday in front of the navy recruiting office, 210 South Fourteenth street. They gave the names of Manuel Pine of San Diego and Bryan Ashford of Denver. Pine told police he was on his way to California to visit his mother who is ill. They are being held for investigation.

### Woman Ignores Revolver In Armed Prowler's Hands

An armed prowler early yesterday morning appeared at the bedroom window of E. S. Hart, Fairview apartments, 706 North Fifteenth street. Ignoring the revolver held in his hand, Mrs. Hart fled to the dining room. She was followed by her husband, who called the police.

### HUNDREDS ATTEND LAST RITES FOR THOMAS J. FLYNN

#### Many Creeds and Classes Crowd Pews for Services At St. Patrick's Church.

Hundreds attended the funeral services for Thomas J. Flynn, United States marshal yesterday morning at St. Patrick's church. More than 75 automobiles filled with mourners made up the funeral procession to the burial lot in St. Mary's cemetery.

Father P. C. Gannon, who sang the requiem mass, also delivered the sermon. He described Mr. Flynn as a devoted church member, active in Catholic work, and "upright, square and honest."

"He was a leader among men and always respected by people of all faith," Father Gannon said. "He was always willing to do a good turn for anyone at any time. He was loved by all."

In the large crowd that were present, were both democratic and republican political figures, business and professional men and a great many were laboring men, some of whom worked for Mr. Flynn when he was street commissioner.

The honorary pallbearers were: Judge A. C. Mugner, J. C. Dahman, Judge W. J. Woodrough, Louis Piatti, Thomas Quinlan, Dan Butler, John Rush and C. W. McCune. The active pallbearers were: Con Hanifan, William Russell, J. D. Nickerson, Mike Ryan, Chris Durr and Emil Hoffman.

### Americans in Mexico Number 10,500, State Department Announces

Washington, May 14.—Americans in Mexico number 10,500, not taking into account those in six consular districts from which the State department has received no report recently. There are 4,000 Americans in the Tampico district alone.

A week ago the department estimated the total number of Americans across the border at between 6,000 and 7,000 and the consular figures occasioned great surprise.

Besides those in the Tampico district, the Americans in Mexico are listed as follows: Mexico City, 2,500; Aguas Calientes, 110; San Luis Potosi, 170; Vera Cruz, 112; Frontera, 12; Progreso, 50; Piedras Negras, 100; Nuevo Laredo, 125; Matamoros, 850; Monterey, 600; Torreon, 200; Guaymas, 300; Chihuahua, 325; Juarez, 800; Guadalupe, 200; Ensenada, 65, and Mexicali, 50.

Seattle, Indianapolis and Washington, D. C., are the only cities of the United States that maintain separate bureaus of policewomen.

### POST WILL SEEK TO SHOW AGENTS FRAMED ON REDS

#### Will Attempt to Prove Department of Justice Officers Worked as Members of Communist Parties.

Chicago Tribune—Omaha Bee Leased Wire. Washington, May 14.—Assistant Secretary of Labor Post, under threatened impeachment in the house, proposes to strike back hard at the Department of Justice in the hearing before the rules committee and will seek to show how Department of Justice agents worked under cover as members of the communist or communist labor parties to entrap men into the organizations and also framed meetings for January 2 last on the night wholesale raids were planned by the government.

Jack S. Ralston, Charles T. Clayton and Frank F. Nesbit, attorneys engaged by Secretary Post to have charge of his case, in a letter to Representative Campbell, chairman of the house rules committee, urged the committee, in examining Attorney General Palmer, to demand production of important evidence tending

to show that there was ground for careful investigation by Mr. Post of many cases caught in the dragnet. The letter urges that Mr. Palmer be asked to produce, among other things, the following data from the files of his department:

"Copy of letter signed by Frank Burke as assistant director and chief of the bureau of investigation, dated December 27, 1919, addressed to George Kelleher, Boston, Mass. This letter directs to secure, if possible, from those arrested, admissions that they are members of either the communist or communist labor parties, also directs that the residences of officers of such parties should be searched for literature, etc., also forbids searches of the persons of those arrested and leaving to the discretion of the officers as to the method by which they should obtain access to meeting places and residences, and indicating that, unless absolutely necessary, this should be done without search warrants; fixing the tentative date for the arrests as of Friday, January 2 and directing arrangements to be made with under-cover informants to have the meetings of the communist and communist labor parties held on that night, facilitating the making of the arrest; contemplating also the making of arrests of persons not covered by warrants.

**Start on Stadium.** New York, May 14.—Construction of a sport stadium on upper Broadway which will have a seating capacity of 30,000 was begun Thursday.

### Former Actress Sues Gilbert Allis, Once Wealthy, For Divorce

Milwaukee, Wis., May 14.—Mrs. Amber Allis, formerly an English actress, has begun action for divorce from Gilbert Allis, son of the late E. P. Allis, millionaire manufacturer. The complaint, charging cruelty and nonsupport, was filed in circuit court today. She formerly was leading lady for Douglas Fairbanks on the legitimate stage.

The action of Mrs. Allis follows filing of a bankruptcy petition by Mr. Allis, in which he claims to have lost a fortune of \$360,000 left him by his father, who died in 1890. The bankruptcy petition lists liabilities at several thousand dollars. Assets are given as much less. Among the liabilities are bills for antiques, collected in all part of the world by Mr. Allis.

### PROBE FAILS TO PROVE CHARGES AGAINST HOUSER

#### Second Vice President of Grain Corporation Exonerated of Using Office to Manipulate Prices.

Washington, May 14.—Federal investigation has not sustained charges that Max H. Houser, second vice president of the United States Grain corporation, had used his office to manipulate grain prices and reap immense profits, Attorney General Palmer announced today.

### Dead Baby Found in Alley By Four Small Children

While playing in an alley near Fortieth and Ames avenue at 7:30 Thursday night, four children found the dead body of a baby, wrapped in a napkin and hidden in a small hole.

The children, William Rennie, 5 years old, and his brother, Alexander, 3 years old, 4543 North Forty-first street, and Charles Settle, 7 years old, and his sister, Margaret, 4 years old, 4545 North Forty-first street, had gone out to play in a vacant lot not far from their homes. While playing the children noticed a dog tugging at a piece of cloth in the alley. They ran to the spot and picking up the napkin which was fastened together at the corners with a hairpin, carried it to their home. Examination revealed that the napkin contained the body of a baby boy.
