Police were called to disperse the mob which had gathered at the Miller grocery store, Twenty-sixth and M streets, for a sale of 210 sacks of sugar at \$22 per sack, advertised for today.

Men, women and children were lined up in front of the store as early as 6 a. m., anticipating the sale.

When the store failed to open at the customary hour, numerous threats were heard against the proprietor, Sam Milder, who is under bond to face a hearing for alleged hoarding of sugar in violation of the Lever act.

Stock Was Confiscated.

Sugar raids by federal agents in Omaha two weeks ago included 86,000 pounds owned by the Milder store.

The 210 sacks offered for sale by the firm yesterday morning were sold in a short time and the sale announced ended. Announcement was made, however, of another sale to be held about 3 p. m.

MEXICO MAY LOOK LARGE IN CAMPAIGN

Whether It Will Become Issue Depends Upon Conduct of Government Following Revolution Against Carranza.

POLITICAL FEATURE TO HANG ON NEW REGIME

Roosevelt's Stand Recalled by Gen. Wood and Wilson Scored In Candidate's Statement of Views on Border Problems.

By ARTHUR SEARS HENNING. Chicago Tribune-Omaha Bee Leased Wire. Washington, D. C., May 15.—(Special).—To what extent American policy in dealing with Mexico will figure as an issue in the presidential election will depend upon the conduct of the government estab- lished by the leaders of the revolu- tion against Carranza.

The new regime will have received a fair test of its capacity before the American election. There is to be an election of a president of Mexico in July in which General Obregon and General Gonzalez are the lead- ing candidates, and it remains to be seen whether the election is fair and untrammelled by military dictation- ship and whether the losing faction is content to abide the decision or starts a counter-revolution, aggra- vating the chaotic conditions beyond the Rio Grande.

Bay Be 'Big Issue.

If the new government proves capable of restoring order, protects Americans and respects their legiti- mate interests in Mexico, the ques- tion of American policy will not bulk large as a campaign issue. It will be forced prominently forward, however, if the new deal in Mexico promises no improvement of con- ditions for the 6,000 Americans domiciled in that country.

Presumably the platforms of both parties will include a plank on Mex- ico and presumably the paltering politicians will promise to end the paltering with Mexico that has characterized the policy of the Wilson administra- tion. After a seven-year trial of a policy that has permitted several hundred Americans to be murdered with impunity at our threshold, it is not surprising that the platform will include a plank on Mexico.

English Are Protected.

To be an Englishman is to be pro- tected by the long arm of the Brit- ish government in the uttermost parts of the earth. To be an Ameri- can is to be fair game for the law- less, who know that the United States does not protect its citizens even within a few miles of its own border.

Definite, unmistakable views on this question are held by Gen. Leon- ard Wood, one of the leading candidates for the presidency.

VALIENS ASK CITY FOR \$75,000 IN 2 DAMAGE SUITS

More Claims Filed Growing Out of Injuries by Police Vehicles.

Seventy-five thousand dollars more in damage suits against the city because of police accidents were piled up in district court yesterday when Emil B. Valien, administrator of the estate of Magnus R. Valien, filed suit for \$50,000, and Mrs. Edith Valien, mother of Magnus R. Valien, filed suit against the city for \$25,000.

Magnus Valien was killed last Sunday at Cuming street and the boulevard, when a car in which he was riding was struck by the police emergency patrol.

"Patrol Lacked Brakes."

The two suits allege that the police car was not equipped with an emergency brake and that because it was allowed to be used without this precaution the city is liable for the death of young Valien. Besides the city, these three are defendants: William F. Anderson and George Brigham, police officers, and John Daugherty, driver of the automobile in which Magnus Valien was riding.

Sues Tractor Company.

Friday a suit for \$100,000 was filed against the city by Peter Jacobson, administrator of the estate of Miss Anna Jensen, Omaha school teacher, killed last Saturday at Thirteenth and Canton streets, when she was struck by a speeding motorcycle ridden by Motorcycle Officer Charles Swann.

Mr. Jacobson yesterday filed another suit for \$100,000 against the Omaha & Council Bluffs Street Rail- way company, charging that the motorman of the car from which she alighted just before the motorcycle struck her, was negligent because he opened the car door when he could see through his car mirror that the speeding motorcycle was approach- ing.

Damages Refused by Supreme Court for Fall Due to High Heels

Lincoln, Neb., May 15.—(Special).—The proprietor of a store is not an insurer against accidents to custom- ers, but is bound to exercise reason- able care and prudence to keep the premises in such a condition that the public is not injured, which the public is bound to exercise.

The fact that a customer falls upon a stairway does not raise any presumption of negligence on the part of the proprietor of the store.

So says the supreme court in re- viving the judgment of the Douglas county district court in a suit brought by Enid M. Broadston against the Beddeo Clothing company of Omaha for personal in- juries received in falling down a stairway in the defendant's store.

Miss Broadston alleged that she caught the heel of one shoe in the carpet, which she said was loose at the head of the stairway, and fell. The defendant claims that the young woman was wearing a shoe with such a high heel that it was unsafe under ordinary conditions to wear it and that she was careless in not seeing that the heel was loose, which caused the fall.

Cuban President Says Attempt to Buy Sugar Would Boost Price

Washington, May 15.—Action by the United States government to ac- quire the remaining portion of the Cuban sugar crop would only stimulate prices, President Menocal of Cuba declared in a cablegram re- ceived by Senator McNary of Oregon.

The present crop, President Menocal said, is 20 per cent less than estimated in December, due to drought. An unusual demand, coupled with speculation, has helped to stimulate prices, he said.

The Cuban president estimated that there were now 1,350,000 tons of sugar on hand in Cuba, in addition to 200,000 or 300,000 tons remaining to be made. A considerable portion of this, he said, will go to refiners at prices current on day of shipment.

MASTER MIND OF BOND THEFT GANG GIVES SELF UP

"Nicky" Arnstein, Wanted for \$5,000,000 Steal, Sought for Months, Surrenders in New York.

New York, May 15.—Julius W. (Nicky) Arnstein, putative "master mind" of New York's \$5,000,000 bond theft plot was arrested here today in the district attorney's office when he appeared there with his wife, Fannie Brice, the actress.

Arnstein told reporters he had been in Pittsburgh all the time the police have been looking for him.

The elusive "Nicky," for whom the police from coast to coast and even the Canadian authorities have been searching since last February, in finally fulfilling his oft-repeated promise to surrender himself, ap- peared at the district attorney's of- fice bright and early.

"Nicky" described to newspaper- men an entrance into the city un- detected.

According to his story he arrived from Pittsburgh at 9 o'clock this morning and went directly to Colum- bus avenue and Ninetieth street, where he was met by his wife in her automobile. They drove down Fifth avenue unrecognized.

Just to lighten the effect "Nicky" ran into his police pursuers, thou- sands strong, forming for the annual New York police parade.

The Arnstein car was held up for several minutes as the bluecoats felt into the trunk, and when he continued on his way "Nicky" passed mile after mile of policemen.

Bail for Arnstein was fixed at \$75,000 and he was sent to the Tombs in immediate default of bail.

SNARE CACHE IN HUNT FOR TIRE THIEF

Discover Vast Store of Imported Wines and Whisky Stolen in Long Series of Raids On Cellars of Omahans.

ALLEGED HIGHJACKERS TAKEN BY DETECTIVES

Stumble on Booze Held at 201 S. 30th Street When Occu- pants Refuse Entrance—Louis Nash Identifies Booze.

Ten thousand dollars worth of choice imported wines and whiskies were recovered late yesterday after- noon when detectives located a highjacker "booze plant" at 201 South Thirtieth street, where they had gone to arrest an alleged tire thief.

Detectives Danabaum, Palmtag, Trapp, Ford and Federal Agent Larry Flynn took into custody Henry McCarthy, alias MacArdle, and Len "Tubby" Clark, alleged high- jackers, and they are held for in- vestigation. A woman found in the house was not arrested.

Wet Goods Identified.

Part of the recovered liquor was identified by Louis Nash, 3807 Burt street, of Burgess-Nash. His home was entered by highjackers last No- vember and \$50,000 worth of booze taken.

The police learned that the home of D. B. Welpton, 210 South Thirtieth street, a member of the insur- ance firm of Wheeler & Welpton, was highjacked last Wednesday night when a number of the cases of liquor recovered bore the name of Mr. Welpton. The burglary was not reported to the police. Mr. Welpton is in Chicago and his wife said she "wired him of the loss and that she was going to send him another telegram that the liquor had been recovered."

Forcibly Enter "Plant."

When the detectives went to the Thirtieth street address Clark came to the door. He recognized the of- ficers and slammed the door and re- fused to let them in.

Detective Danabaum then went to a side window and was boosted in by Detective Clark. The officer covered Clark with his revolver, opened the front door and let the rest of the detectives in.

When the telephone rang Dana- baum answered it. The voice on the other end of the wire said:

"How soon can I get six quarts of whiskey?"

"Right away; come on up," Dana- baum answered.

Search Is Begun.

This was the first clue to the of- ficers that there was contraband liquor in the house and the search began.

Imported wines, champagne, whis- key and choice cordials of all descrip- tions were found by the raiding de- tectives held all over the house.

Liquor packed neatly in cases was located in closets under the beds and in the basement. The emergency police car made three trips before all the booze was hauled to the police station.

McCarthy Returns.

During the progress of the raid McCarthy returned to the booze plant. McCarthy was the man wanted by the detectives in connection with the theft of the automobile tires.

The detectives said the house smelled as though someone had been smoking opium in there, but they were unable to discover any of the narcotic.

The list of the liquor recovered follows:

Forty-eight quarts of champagne. Thirteen gallons of gin. Forty quarts of Bass' ale. Eight gallons of whiskey. One hundred and 12 quarts of im- ported and domestic wines and cor- dials.

Eight pints of stout. The eight gallons of whiskey were labeled apple juice and the police learned it was booze when Detective Palmtag tested it at the police station.

The liquor was all packed in cases. The police say there will be a number of other arrests in connection with the "booze plant."

Find "Hop Outfit."

In a further search of the premises, police later found a complete "hop outfit," five ounces of mor- phine and other rugs and a quan- tity of silk clothing valued at \$600 and believed by the police to have been stolen from the home of W. H. Crutchenfeld, 2527 Patrick ave- nue, April 20.

Dave Linstrom, a taxicab driver, also was arrested shortly before 8 o'clock when he appeared in front of the house. He is being held for investigation and as a possible member of the highjacking gang.

Crowbars, wire cutters and other instruments, together with piles of white ashes and partly burned barrel hoops, were found in the base- ment of the dwelling.
