

**Reprimand Morearty
For "Unprofessional"
Conduct In Practice**

Ed F. Morearty, attorney, was publicly reprimanded for "unprofessional and reprehensible conduct in the practice of law" by District Judge Troup yesterday afternoon. He also was ordered to pay the costs of the prosecution which was brought against him. Mr. Morearty has practiced law in

Omaha for nearly 40 years. The information against him was filed by the county attorney under directions from the district judges about a month ago. The judges acted on recommendation of a committee of the Douglas County Bar association, though several members of this committee voted against asking any action against Morearty. The charge against Mr. Morearty was that of producing alleged worthless bondsmen in certain criminal cases and also alleged "splitting" of fees with bondsmen.

THE electric washer that makes "wash day a play day." With this washer you can do a large family washing in an hour at a cost of about 2c.

The 1900 Cataract Electric Washer

The water enters through the clothes in a figure 8 movement, and four times as often as in the ordinary washer.

has the improved double oscillation or the famous figure "8" movement, doubly cleaning the clothes with less wear and tear on the finer laces, silks, etc. The 1900 Cataract also has a "Quiet Zone," where the sediment and dirt washed from the clothes settles. Sediment settling in this "Quiet Zone" leaves the water cleaner, which in turn washes the clothes cleaner.
