

MRS. KENNEDY NOW KNOWS THE JOYS OF HEALTH

Says Tanlac Overcame Her Ten Years of Suffering—Gains Eleven Pounds.

"After ten years of suffering I now know what it means to enjoy good health, and I give Tanlac all the credit for my wonderful improvement."

"I had suffered so long from indigestion, disordered kidneys and nervousness I had about come to the conclusion that I would never be free from my troubles. Nearly everything I ate lay heavy on my stomach and gas would form and give me a bloated, uncomfortable feeling that would last for several hours. I had awful pains in the region of my heart and I would get so short of breath I couldn't walk any distance without having to stop and rest."

"But I don't feel that way now, for Tanlac has made a different person out of me, and I am once more enjoying splendid health and am able to do my housework for the first time in years. No one could want a better appetite than I have and everything I eat digests properly. My nerves are perfectly calm and steady and I am no longer troubled with dizzy spells or headaches. My kidneys don't bother me one bit and the pains have all disappeared from my back. I sleep like a child, have been built up in every way and have gained eleven pounds in weight. A medicine like Tanlac deserves all the praise that can be given it."

Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forest and Menary Drug Company in South Omaha and the leading druggist in each city and town throughout the state of Nebraska.

Cocoon Oil Fine for Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisified cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it with the oil. This spoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff, and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisified Cocoon Oil Shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Rheumatism A Home Cure Given By One Who Had It

In the spring of 1893 I was attacked by Malarial and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were severely afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I was ever a sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send the price of \$1.00, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. If you don't like it, why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

BOISE PENROSE PROMPTED SIMS, DANIELS SAYS

Pennsylvania Senator First Charged Navy Department With Procrastination, Secretary Tells Committee.

Washington, May 18.—Senator Penrose, republican, Pennsylvania, did not Rear Admiral Sims originate the basic charges against the navy department contained in the admiral's letter of January 7, Secretary Daniels asserted today before the senate committee investigating the navy department.

The words used by Senator Penrose were almost identical with those used by Admiral Sims more than a year later, Mr. Daniels said. "Either Admiral Sims is a plagiarist and appropriated his views and charges from Senator Penrose or by the new science of mental telepathy the views of the senator were conveyed to Admiral Sims," continued Mr. Daniels. Penrose comes from Pennsylvania and Sims was appointed to the naval academy from that state.

"It is also worthy of note," he said, "that at the very time Penrose was making this speech, Sims was writing to Captain Pratt threatening an investigation of the conduct of the war."

Mr. Daniels said he would not answer the Penrose charges at length because his answer to Admiral Sims covered the matter fully. He devoted the rest of the day to a resume of the navy department's war construction activities comprising approximately 1,000 vessels, nearly three times as many as there were in the entire navy when the war started.

Armed Men Present Demand For Resignations in Court

Jonesboro, Ark., May 18.—Armed men arose from their seats and demanded immediate resignation of the commissioners and attorneys of the Black Oak-Hancock road improvement district when Chancellor A. Wheatly convened court to hear the application for an injunction brought by the taxpayers against the district.

The resignations were already written and were presented to the two commissioners present and to their attorneys with the demand that they be signed immediately. They signed the resignations and withdrew from the court room. Judge Wheatly adjourned court and left the city.

It is said this district was created in one of the special legislative sessions over protests of the property owners.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them. To do this get two ounces of calomine powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin—pinching and squeezing only cause irritation, make large pores, and do not get them out after they become hard. The calomine powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anybody troubled with these unsightly blemishes, should certainly try this simple method.

Big Chickory Plant at O'Neill, First One Built In America, Being Razed

O'Neill, Neb., May 18.—(Special)—The O'Neill chickory factory, the first of its kind in the United States and later the largest chickory manufacturing plant in the world, is being torn down. The immense buildings, built of knotless lumber, a material now unknown, are being wrecked. The material will be used for buildings on the farm of F. J. Dishner, on which the old factory site is located.

When it is done the last landmark of an industry which at one time exceeded the beet sugar industry, will have disappeared entirely from America.

The chickory industry was at its most thriving period in the middle nineties and the plant put in by G. C. Hazlett, backed by local and eastern capital, was located southwest of O'Neill, on the old homestead of General O'Neill, after whom the town was named. Around it on the fertile bottom lands of the Elk-horn river chickory was grown as extensively and as intensively as beets are now around Scottsbluff and Gerin. One big concern put in an irrigation system.

Beatrice, Neb., May 18.—(Special)—The Holdrege oil interests have let a contract to the Dempster Mill Manufacturing company of this city for drilling wells near here. It is said the work will be started in about 10 days. About 40,000 acres in this county have been leased by the Holdrege interests.

Plymouth Has Electric Lights

Beatrice, Neb., May 18.—(Special)—The electric line between Beatrice and Plymouth has been completed and current turned on. The town is now lighted by electricity for the first time in its history. A number of farmers along the route will use the service. The juice is furnished by the Beatrice plant.

Oh! How the Housework Drags!

Who does not know women and young girls who are continually in tears—who always see the dark side—who have frequent fits of melancholia without apparent cause?

Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate system. It is an invigorating temperance tonic and is prescribed for the peculiar weaknesses, irregularities and painful derangements of women. It can be procured in liquid or tablets at any drug store.

WAUKESHA, WIS.—"I have used Dr. Pierce's medicine and receive great benefit from its use. About eighteen years ago I was ill, doctor's medicine did not seem to give the relief I thought I should have so I began taking Doctor Pierce's Favorite Prescription, and it cured me in a short space of time. I have never had any return of my ailment. I do certainly recommend it as being good."—MRS. MINNIE STEINLEFF, No. 739 Pleasant Street.

ST. PAUL, MINN.—"For several years I suffered with woman's trouble. I read an advertisement in the newspapers about Dr. Pierce's Favorite Prescription, and decided to try a bottle. In all I took about six bottles, and it helped me right from the start; it actually cured me of the pain and inflammation in a very short time, and I think it a very wonderful medicine for women."—MRS. HARRY FREDERICKSON, No. 594 Thomas Street.

HOUSE REVOLTS FROM LEADERS ON IMMIGRATION

Passport Restrictions in Consular Bill Declared Un-American and Un-Democratic.

Chicago Tribune-Omaha Bee Leased Wire. Washington, May 18.—In spite of an appeal by Republican Leader Mondell the house rejected the conference report on the diplomatic and consular appropriation bill because of its provisions making permanent wartime passport restrictions. Former Republican Leader Mann played an important part in the revolt against the house leaders who were lined up for the measure. Mr. Mann declared that wartime restrictions would be removed rather than extended and strengthened.

"The vote on approval of the conference report was 96 to 192. The bill was sent back to conference where the objectionable sections, which were not in the bill as passed by either house but were injected by the conferees, will be eliminated. The rejected measure made permanent the wartime requirement that no alien could enter the United States without a passport from his own country vised by an American consul. It also made it necessary for American citizens to obtain passports when leaving the United States for other than adjacent countries.

Australian Laborers Think Prince Is Wasting Money

Melbourne, Australia, May 19.—The Melbourne Trades Hall council has decided that it will not be officially represented at any function connected with the prince of Wales' visit here, because the money that would be spent on such functions could be used in the interests of the wage earners, whereas, the council asserted, the proposed expenditure would bolster up the capitalistic system. The resolution also required trades unionists to refuse to allow their children to participate in the welcome to the prince or any similar function.
