

CARRANZA IS MURDERED BY HIS OWN MEN

Deposed President Slain by Troops Under Command of Former Federal Officer, Obregon Message States.

CHIEF FOLLOWERS MAKE PROTEST TO GONZALES

Soldiers of Former Leader Are Scored for Allowing Assassination—Charges Guard Fled At Critical Time.

El Paso, Tex., May 22.—President Carranza of Mexico was assassinated by his own men, according to a telegram from Gen. Alvaro Obregon of Mexico City, received by revolutionary agents here today.

Carranza was killed by troops under Gen. Rodolfo Herrero, a former federal soldier who gave the message, the message from Obregon stated. The assassination was reported to have taken place at Tlaxcalongco, Puebla, yesterday.

Carranza's chief followers, who were with him when he died, addressed a message to Gen. Gonzales protesting the assassination of their chief. This message was transmitted here by Obregon with his answer.

The Carranza leaders said Carranza was made a prisoner and cowardly assassinated at the cry of "vive Obregon," by Col. Rodolfo Herrero and his men, violating the hospitality that had been offered him by Herrero.

"The undersigned of this message," said the Carrancistas, "protest with all their energy, honor and loyalty to the entire world, this new stain which has been thrown upon our country."

Obregon, in his answer to this message, scathingly arraigned Carranza's followers for allowing him to be assassinated.

Give News to Press. A message received here this afternoon by Louis Montes de Oca, commercial agent for the new de facto government, from the department of propaganda and information at Nogales, told him to give the information of the assassination of Carranza to the press, "laying particular stress on the fact that the happening occurred far away from the field of operations of our armies."

General Obregon's message to Roberto Pesquera, a member of the de facto government, said: "Headquarters General Obregon, Mexico City, May 22, 1920.—R. V. Pesquera, Ciudad Juarez, Chihuahua: I am transmitting the following message received yesterday from Saxa:

"We are writing today Gen. Pablo Gonzalez the following: "Early this morning at the town of Tlaxcalteango, the president of the republic, Venustiano Carranza, was made a prisoner and cowardly assassinated at the cry of 'vive Obregon,' by Col. Rodolfo Herrero and his men, violating the hospitality that had been offered him by Herrero."

Ask For Carranza's Body. "The undersigned of this message protest with all their energy, honor and loyalty to the entire world this new stain which has been thrown upon our country. After having complied with our duty, which our honor as soldiers and friends of Carranza imposed on us, we are at your service and we only ask permission to allow us to take the body of our worthy chief."

Dusky Workman Consumes Complete Stock of Liquor. Decatur, Ill., May 22.—For 20 years Postmaster Bering of Decatur kept four bottles of old time "hooch" in the cellar of his home. The other day he let Herbert Roe, a natty colored descendant of African warriors, clean out the basement. Roe did—the choice liquor, too—only he admitted drinking it all. Now Bering, a former Three Eye base ball magnate, has had Roe junked in the hoosegow for 30 days.

California Raisin Growers Sell Crops for \$33,000,000. Fresno, Cal., May 22.—Checks amounting to \$4,500,000 were mailed today to growers by the California Associated Raisin company. The mailing of these checks means a total to growers on the last crop of \$33,000,000 with another payment due in November still to be made. The checks represented \$30 a ton on all varieties.

Author of "Pollyanna" Stories Dies in Cambridge. Cambridge, Mass., May 22.—Mrs. Eleanor Hodgman Porter, an author, known especially for her "Pollyanna" stories, died at her home here Friday night. For 20 years she had been a frequent contributor to magazines and newspapers and had written several books.

Say Baker Helped Profiteer. Washington, May 22.—The charge that Secretary Baker had encouraged profiteering by delivering to a "fertilizer trust" part of the War department's nitrate of soda surplus was made in the house by Representative Tinchler, republican, Kansas. The secretary, Mr. Tinchler said, disregarded a resolution adopted by congress in April providing for the sale of food nitrate of soda to farmers in small lots.

PRICE CUTTING HAS EFFECT ON MANY MARKETS

All Commodities Are Breaking Under Widespread Movement for Lower Costs.

New York, May 22.—Influenced by the nation-wide price-cutting movement that is steadily gathering ground, the principal commodities of the country continued today to "mark down" quoted values. Cotton, sugar and corn options broke violently here and in Chicago and cereals and provisions, including pork, also answered to sharp reactions. Significance was attached to the drop in the pork prices as marking the first pronounced break in high-priced food-stuffs.

Liberty Bonds Recover. The stock exchange showed improvement on a sharp recovery of Liberty bonds and Victory notes. A large part of today's liquidation in cotton and grains was attributed to the further scaling down of credits by banking institutions here and in other reserve centers, evidently in conformity with the request of the federal reserve board.

In the local cotton market May contracts broke almost 400 points, with equally sharp reactions in New Orleans. The Liverpool market also reported substantial reactions.

Metals Quoted Lower. Domestic and foreign metal markets quoted lower prices for spot and future deliveries, silver proving the only exception at a slight raise in London. Little business was done here in copper for immediate delivery.

Dealings in Liberty bonds and Victory notes failed to reach the huge totals of the two preceding days, but most of the day's business was on an ascending scale. Virtually all the Liberty issues closed at the day's maximum quotations, gains extending from 1 per cent to 3.04 per cent, the fourth 4s scoring the greatest advance.

SENATORS FAIL TO ADOPT PLAN OF ADJOURNMENT

Republican Conference Agrees, However, to Press Appropriation Bills.

Washington, May 22.—No agreement on plans for adjournment or recess of congress over the political conventions was reached today at the conference of republican senators.

The only decision of the conference was to press appropriation bills and conference reports. Senator Kenyon, Iowa, heading a group of senators favoring prompt action on the packer regulation bill, announced that he would support the conference program but would attempt to call up the measure ahead of any other bill.

He said he thought the best way to bring it up before adjournment. No definite plans for a recess over the national convention period or adjournment could be made, prominent republicans stated, because of uncertainty of the soldier relief legislation in the house and President Wilson's possible action regarding adjournment plans, the peace resolution and the Versailles treaty.

De La Huerta Yodels A Sweet Baritone, Says Fremont Woman

Fremont, Neb., May 22.—(Special)—Provisional President De La Huerta of Mexico is a "fine fellow and a sweet singer," according to Mrs. John Flynn of Douglas, Wyo., who is visiting in Fremont, and who met De La Huerta a year ago in Brownsville, Tex.

"He has a fine baritone voice, and is a cultured gentleman," she says. "De La Huerta was educated abroad and represents the best type of Mexican. He is friendly to America."

BRITISH ARE BACK OF BIG AIR COMPANY

Page Directs Incorporation of \$20,000,000 Concern for Establishment of Airplane Freight Lines.

GIANT WAR MACHINES WILL CARRY EXPRESS

Preliminary Plans Call for Routes Covering Entire Country—American Express Co. Believed to Be Interested.

Chicago Tribune-Omaha Bee Leased Wire. Washington, May 22.—Establishment in the United States of a British built air service, controlled by Great Britain in the same way that the merchant marine was dominated prior to the war with Germany, is foreseen by military and commercial airmen in this country as a result of the extended visit here of Handley-Page, the famous English airplane builder, and the incorporation of a \$20,000,000 company under the laws of Delaware.

Rumor has been busy for several weeks with the presence of Handley-Page on these shores, and his recent visit to Cleveland, O., was followed by reports that the city was to be made a great air port.

In the meantime he has opened a suite of offices in New York, which he occupied with W. H. Workman, his American representative and from that place the project for an American aerial transport under British control is being directed.

Englishman Is Promoter. The new corporation is known as the Aerial Transport company, and Judge Grey of Niagara Falls is its temporary president. Its capital is fixed at \$20,000,000, and it is understood that a special company has been organized to handle the securities and underwrite the stock. This latter company is called the Aerial Security company, and W. L. Brackett of Cleveland is its president.

As the Aerial Transport company is expected to purchase a large number of planes from Handley-Page, the British manufacturer, according to information which has reached Washington, has invested heavily in its stock and has arranged to turn over to it airplanes valued at \$2,500,000 in payment for such stock.

War Machines Used. The Handley-Page, Limited of England, owns 51 per cent of the enterprise which bought from the British government all of its old war supplies for aerionautics such as airplanes, motors, spares, etc., at very low prices. Some of these planes are now being shipped to this country for use by the new company, which will open its air routes within a year or less, it is planned to have 10 trunk lines in operation in the United States reaching from New York to San Francisco and branching off to the north and south to important centers.

For the first year it is planned to carry express only and it is believed in Washington that British interests connected with the American Express company are directly concerned in the new plan to carry express by air. After the air express routes have been well established and their operation standardized it is expected that a passenger carrying service will be started.

To Use Super-Bombers. The aircraft which has been arranged to put in operation on these lines includes 175 big Handley-Page bombers, six Caproni machines, 600 De Havilland model 9s, and 10 Vickers-Vimy machines. The Handley-Page machines include a few of the super-bombers which were spread of 126 feet and equipped with four engines developing a total of 1,200 horsepower. Such machines can carry a cargo weighing more than a ton and a half.

The "quality of the personnel" referred to in the foregoing advertisement is no idle boast, for one of the men affiliated with the new enterprise is John A. Jordan, inaugurated and superintendent of service for the United States aerial mail service, is expected to be manager of one of the departments of the new company, and Commander P. N. Bellinger of NC-3 fame, is secretary.

Well Defined Program. Former Lieutenant Colonel Hartz, who flew "around the rim" of the United States in a Martin bomber a few weeks ago, is to be in charge of the traffic department, and Charles H. Day, former consulting engineer of the Standard Aircraft company, has charge of the "motor" department. The remainder of the personnel, it is stated, are of high ability, comes from England and from the American Express company.

White Lights—Money Gone; He's in the Jail House Now

Charles Green of Council Bluffs was arrested when he told South Side police of meeting congenial strangers who gave him drinks and then relieved him of a watch and \$80 while showing him the "white lights." He was released to lead the police in a search for his purveyors. He will stand trial for intoxication today.

Escaped Draft Dodger Leaves No Trail for Searchers to Follow

Philadelphia, May 22.—Grover Cleveland Bergdoll, the wealthy draft dodger who escaped from non-commissioned army officers at his mother's home here yesterday in a high-powered motor car, was still at liberty today. Both federal and city authorities said that an all night search had failed to reveal even the direction in which he went.

Temperatures Probably cloudy and colder Sunday.

Senate Increases Army Air Service Appropriation

Washington, May 22.—An increase of \$12,745,000 in the appropriation for the army air service was tentatively agreed to by the senate during consideration of the annual army appropriation bill, carrying a total of \$419,000,000. The house fixed the air service fund at \$27,355,000, and the senate committee increased it to \$40,000,000.

FIVE INJURED IN MINNESOTA STORM; HOUSES WRECKED

Tornado Causes Heavy Property Loss at Castle Rock—Wires Down.

Farmington, Minn., May 22.—Five persons were injured, three of them seriously, when a tornado struck Castle Rock, eight miles south of here, at 2 p. m. today, wrecking three or four residences.

St. Paul, May 22.—A severe storm reported to have assumed tornado proportions swept Castle Rock, Minn., this afternoon, causing extensive property loss and injury to a number of persons, according to meager information obtainable late today.

Telephone officials in St. Paul reported total suspension of service to towns in the immediate vicinity of Castle Rock, which is between Northfield and Farmington, and no definite promise could be given of a resumption of service.

ARREST MAN AS MASTER BOGUS CHECK ARTIST

Police Say James Smith Confesses Series of Swindles—12 Stores Victimized.

James Smith, 618 South Twentieth street, whom the police say is a master bogus check artist, was arrested yesterday by Detectives Graham and Franks following a city-wide search of more than three weeks during which Smith is said to have passed 11 worthless checks, forging the names of Dr. T. J. Dwyer, D. C. F. Hollenbeck and Dr. B. B. Davis.

Boy Caused Arrest. A newsboy caused the arrest of Smith after Detective Fritz Franks learned that Smith roomed in the vicinity of Twentieth and Leavenworth street. The detective asked the boy if he had seen a man answering the description of Smith and the boy said he had just passed with a woman. The boy took the detectives to the house. Smith admitted passing the checks, the detectives say.

Posed as Victims. Smith alternated the name of Dr. Dwyer, Hollenbeck and Davis. At one time posing as Dr. Dwyer and forging the name of Dr. Davis and then write another check making Dr. Hollenbeck the payee with the forged name of Dr. Dwyer.

The 12 firms swindled are: Siler's grocery, Thirty-second and Burt streets, \$9.25; Lucien Stephens, 1901 Farnam street, \$26.50; A. B. Sweet Shop, Sixteenth and Jackson streets, \$10; A. Bauer, 1719 Leavenworth street, \$25; Edward E. Logy, South Twenty-fourth street, \$6; Peterson & Son, groceries, 1023 South Tenth street, \$7; J. Hagen, 2215 Cuming street, \$18.50; J. C. ISSUE SUMMONS FOR CAMPAIGN EXPENSE PROBE

Opening Session of Investigating Committee Will Be Held Monday—25 Witnesses Called.

Washington, May 22.—Frank H. Hitchcock, former postmaster general, has been summoned by the senate presidential campaign expense investigating committee to appear at the opening inquiry Monday as the representative of Major General Leonard Wood, republican, and Bernard M. Baruch, as the representative of William G. McAdoo, democrat.

It was said that the committee had had considerable difficulty in ascertaining who should be called to represent General Wood. Altogether some 25 representatives of candidates have been summoned, but the committee hopes to complete the inquiry before the republican conventions opens on June 8.

The men summoned were directed to bring "all accounts of contributions and expenditures in the campaign, from every source, and all correspondence connected therewith."

STOCK COMPANY BUYS NEW SITE OF LORD LISTER

Danish Memorial Hospital to Be Managed by Mrs. E. C. Henry—Named for Dr. Fenger

Officials of the newly formed Fenger Hospital company, an organization of prominent Nebraska and Iowa men of Danish descent, announced yesterday the company has purchased from Dr. and Mrs. E. C. Henry the buildings which have been under construction for several months at Twenty-fifth street and Dwyer avenue as the new location for Lord Lister hospital.

Through the new arrangement the institution will become the Fenger hospital, named in honor of the late Dr. Christian Fenger, famous American surgeon of Danish birth.

The hospital, it is announced, will be permanently endowed and maintained as a lasting memorial to American men and women of Danish descent who sacrificed their lives in the world war.

Mrs. Henry Manager. Omaha was chosen as the location for the memorial, officials of the Fenger company say, because of its central location in relation to states which have furnished homes for thousands of Danish immigrants and because of easy accessibility of the hospital to a population of 37,000 Omaha people within 15 hours of Omaha.

The modern hospital plant now under construction on Twenty-fifth street will be completed by the Fenger company under supervision of Mrs. E. C. Henry. Dr. Henry will be affiliated with hospital management in a surgical capacity.

Officers of the Fenger company are Fred Peterson, Council Bluffs; James Lang, Audubon, Ia., and T. Hermansen, Omaha. Dr. Fred Rosenblatt, Council Bluffs; Dr. A. L. Brooks, Audubon, and Dr. J. Bisgard, Harlan, Ia., are among the directors.

Named for Surgeon. They announce the new hospital will embody latest improvements in hospital arrangement and equipment and will form an important addition to present overcrowded hospital facilities in Omaha.

As denoting the hospital's character as a memorial, a tablet containing the names of Danish descendants who lost their lives in the world war will be embedded in the walls, near the hospital entrance.

Dr. Fenger, for whom the hospital is named, served 25 years on the staff of the Cook County hospital, Chicago, and attained an international reputation as a surgeon, diagnostician and teacher. He was born in Copenhagen, Denmark, in 1840, and died in Chicago in 1902.

Report on Convention. L. Kneeter, delegate to the national convention of the Zionist organization in Atlantic City for the Omaha district, who returned to the city Friday, will render his report of the convention at a mass meeting Monday evening in the synagogue at Eighteenth and Chicago streets.

U. S. Judge Holds Lever Act Is Constitutional

Butte, Mont., May 22.—United States District Judge J. M. Bourquin held the Lever act constitutional. The decision was rendered on a demurrer entered by the defendants in the case of the United States versus J. M. Fabian and the Butte Water Co., involving 200 sacks of sugar, said to belong to J. M. Fabian. The defendants claimed the sugar was to be fed to men employed on construction work this spring. The case is set for trial next Thursday in Butte.

NEBRASKA MUST PAY MORE NOW FOR PULLMANS

State Railway Commission Grants Plea for 25 Per Cent Increase in Rates on Sleeper Service.

Lincoln, May 22.—(Special)—Upon condition that the Pullman Car company files proper tariffs with the State Railway commission covering Nebraska intrastate traffic, the commission has granted the company raises in its charges for Pullman service averaging about 25 per cent, to extend to September 1.

This will make the charge on seat rates for the minimum 50 cents instead of 25 cents, but the increased charges on berths will not be as large.

In asking for the raise the company holds that because of increase in wages, material and other things the cost of operation has greatly increased, in fact, say that on wages alone the increase over 1917 has been about \$11,000,000. Cost of material has gone up on what they will have to use in the building and repairing of cars, etc., between \$3,000,000 and \$4,000,000.

Cars used for transportation of troops in many instances are entirely worn out and cannot be repaired and new cars must be built to take the place of these and other equipment which the government, while handling the cars, allowed to run down, it is said. The company is now building 600 new cars.

The commission, in granting the increase, says that a large number of states have taken similar action.

Rule to Give Bonus Bill Right of Way Passes Committee

Washington, May 22.—On a strict party vote the house rules committee today ordered a favorable report of a resolution giving soldier relief legislation the right-of-way for consideration. Chairman Campbell said the rule would not be presented to the house before Tuesday.

Under the rule debate on the bill would be limited to five hours and a majority vote of the house would be required to send the bill back to the ways and means committee for amendment.

Republican leaders were having a poll made of all their members to get a definite forecast of the vote when the rule is presented in the house. They said it would not be called up until they were assured of its adoption.

WILSON MAY BARE INSIDE PEACE STORY

How He Forced Unwilling, Imperialistic Diplomats to Accept League of Nations May Be Told to Congress.

UNPUBLISHED SECRETS INCLUDED IN MESSAGE

President Believes by Prolonging Technical State of War He Will Discredit Opponents And Control Convention.

By ARTHUR SEARS HENNING. Washington, D. C., May 22.—(Special)—President Wilson, it was learned today, has practically completed the message to congress in which he will veto the Knox resolution repealing the declaration of war against the imperial German government and restoring a state of peace between Germany and the United States.

Ever since it became apparent that congress would pass the peace resolution for want of ratification of the Versailles treaty the president has been engaged in the preparation of the veto message, which one of his confidants says will be the greatest state paper Mr. Wilson has produced.

To House Next Week. The executive expects to return the resolution to the house, where it originated, next week together with his veto. Whether at the same time he will re-submit the Versailles treaty to the league of nations covenant to the senate, as Senator Hitchcock has predicted, is a matter of speculation even among Mr. Wilson's closest advisers.

The veto message is intended by the president not only to demonstrate the unconstitutionality of restoring peace by legislation, but to deliver a staggering blow to the opponents of ratification of the treaty in the form he presented it to the senate and to project the issue into the presidential election with the sort of appeal he thinks will assure endorsement of his attitude by the democratic convention and later by the people at the polls.

To Give "Inside Story." Playing his last card for the ratification of the league of nations covenant without saving reservations, Mr. Wilson, it is understood in official circles, will give his version of the "inside story" of the Paris peace negotiations with a view of demonstrating how he wrested from the unwilling imperialistic diplomats of the old school acceptance of the league of nations as America's plan for banishing war from the world forever and safeguarding democracy everywhere. By revealing the secrets of the peace conference he will endeavor to prove that without the league of nations Europe will drift back into militaristic rivalries, breeding another world war.

Johnson Leads Wood By Thousand Votes In Oregon Primaries

Portland, Ore., May 22.—Returns compiled from 17 counties in Oregon on yesterday's republican presidential preference primary give Hoover 2,346; Johnson, 8,296; Lowrey, 2,013; Wood, 7,229.
