

CONGRESS BALKS AT PLANS FOR A QUICK VACATION

Members Kick Over Tracks at Leaders' Agreement to Adjourn Before H. C. L. Legislation Voted On.

Chicago Tribune-Omaha Bee Leased Wire. Washington, May 22.—The bipartisan insurrection in the senate appeared to be on the verge of victory with its demands that congress stay on the job this summer and pass measures to relieve the high cost of living.

Unless leaders regain the whip hand the program side-tracking virtually all measures except appropriation bills and adjourn on June 5 will be badly upset.

The democratic insurgents won the fight in their party caucus and forced through a resolution declaring it to be the sense of the democratic senators that congress remain on the job until it passes measures dealing with the high cost of living, notably the Kendrick-Kenyon packer bill.

The caucus action was a virtual repudiation of an informal understanding between Senator Underwood, the democratic leader, and Senator Lodge, the republican leader, to adjourn on June 5.

Republican leaders deny there is any jockeying going on to keep the packer bill side-tracked, but Senator Kenyon of Iowa showed signs of irritation when Senator Wadsworth of New York moved to take up the army appropriation bill the moment the shipping bill was out of the way.

Senator Kenyon promptly counter-moved to take up the packer bill. About 15 republicans will vote for the packer bill, and virtually all the democrats will support it, according to its sponsors. This would give the measure a wide margin in the senate.

WIFE OF SKINNER COMPANY HEAD SEEKS DIVORCE

Mrs. Helen Kennedy Sets Out Husband Possessed of "Un-governable" Temper.

Mrs. Helen Kennedy, wife of John D. Kennedy, jr., manager of the Skinner Manufacturing company, filed suit for divorce in district court yesterday on grounds of extreme cruelty.

Her husband was of "violent and ungovernable" temper, and "frequently used profane and abusive language to the extent that her health was seriously affected and her peace of mind destroyed," she charged in her petition.

Mr. Kennedy said it was simply a case of incompatibility. He would make no further comment.

The Kennedys were married June 11, 1907, at Memphis, Tenn. They have one daughter, Jane, 12 years old.

Mrs. Kennedy asks for the custody of the daughter and suitable alimony.

The Kennedy residence is at 3005 Harney street.

The Skinner Manufacturing company, which is a branch of the Skinner Co., is located at Fourteenth and Jackson streets.

Senator Norris Says He Will Not Fight Dahlman Appointment

Washington, May 22.—(Special Telegram)—Rumors that Senator Norris would oppose the confirmation of James C. Dahlman, ex-mayor of Omaha as United States marshal for Nebraska, since Thomas Flynn, deceased, would be the ex-mayor's name sent to the senate by the president, and hold up the nomination until after March 4, as recommended by Senator Hitchcock, were completely laid to rest today.

"Under no circumstances will I be a party to any scheme of that kind," said Senator Norris.

Three-Year-Old Girl Saved by Injection Of Serum for Fever

"Bettie" Beeson, 3-year-old daughter of Mr. and Mrs. Ed P. Beeson, 3102 Nicholas avenue, is on the road to recovery as the result of an injection of convalescent scarlet fever serum.

The serum had never been used in Omaha before. "Bettie" was taken ill on April 1, her third birthday. A series of complications made her recovery practically impossible, it was thought, until the serum was used.

Rider Aimed at Veto Added To Appropriation Bill

Washington, May 22.—A rider aimed at President Wilson's recent veto was attached to the sundry civil appropriation bill by the senate finance committee. It provides that no new government publications shall be issued without congressional authority.

In reporting out the bill, the senate appropriations committee recommended a total of \$440,023,000 for governmental activities covered by the measure. This was \$308,655,000 less than appropriated for the same purpose last year and \$398,402,000 less than estimates submitted by executive departments.

MAD AT TEACHERS, BOY BUYS RIFLE, STARTS FOR WEST

But Excursion Comes to Abrupt End When Reporter Gets On Trail.

Determination to have a .22-caliber rifle with which to shoot Indians after he had arrived in the wild and woolly west, led to ruin in John Mohler's trip yesterday.

John, who is 14 years old and the son of Mrs. W. S. Mohler, 3226 Kansas avenue, went "west" on his bicycle at 5 a. m. yesterday.

He wore a pack on his back and a broad-brimmed hat.

Scenes of his hazardous adventure in Omaha motion picture shows lured John from home. He wanted to ride a horse like "Buck" Jones, he said.

Mad at Teachers.
Friday his history teacher at Miller Park school scolded him for not having his lesson.

His music teacher threatened to make a "sissy" of him by putting him in a class of girls.

John resented this.

He had visions of galloping buffalo and yelling Redskins to bite the dust as he should shoot them down after the style of Dick Merriwell and others.

John got as far as Elkhorn, Neb., yesterday.

Returns for Rifle.
He tried to buy a rifle, but was too young. So he decided to return to Omaha to get his artillery.

But that was his downfall.

Police had been searching for him all day.

But the keen nose of The Bee police reporter beat them to it and smelled the wandering boy out, captured him and returned him to his home.

John had returned to Omaha, all right, and had brought his .22 rifle for \$10.

He loaded up with 1,500 rounds of ammunition and hit the trail again.

But The Bee reporter had also hit the same trail.

And John's Indian hunts ended abruptly.

ARREST DENTIST FOR PRACTICING WITHOUT LICENSE

Dr. Arnold Patterson Charged With Misdemeanor—Released On Bond.

Dr. Frank Arnold Patterson, one of the proprietors of the Omaha dentists' establishment at 1515 1/2 Farnam streets, was arrested Friday by State Agent Sherman, under directions from Assistant Attorney General George W. Pratt and T. J. McGuire, acting for the state department of public welfare.

He is charged with practicing dentistry without a license. This is a misdemeanor and a penalty of \$100 to \$500 fine is provided.

According to Dr. L. L. Irvine, also a proprietor in the Omaha Dentists' establishment, Dr. Patterson has been practicing dentistry in Nebraska for several years.

He said he had never asked Dr. Patterson if he had a license, but thought the latter "had some papers" which entitled him to practice in Nebraska.

Dr. Patterson was not in his office yesterday, although he had been released on a \$500 bond pending a hearing on May 25.

American Legion to Hold Park Picnics Each Month

So successful was the American Legion dance at Krug park Friday night that similar affairs will be held once a month during the summer, the entertainment committee of Douglas County post of the Legion decided today. Nearly 6,000 dancers attended the party, the committee estimated.

The dance Friday night netted 150 new members, which was expected to put the total for the week at about 500. John R. Weed, 2345 South Thirty-third street, was leading the field at noon in the number of memberships secured.
