

OMAHA TO ENTER IN BIG BALLOON RACE NEXT FALL

Members of Local Aero Club Plan Campaign to Bring Event to Gate City in 1921.

The Omaha Aero club will be a contestant in the international balloon race which starts at Indianapolis, Ind., October 23, it was announced yesterday.

The Omaha entry will be the third in the United States. The other two are by the St. Louis Aero club and the Akron, O. Aero club. England has three balloons entered for the race, France has two and Belgium has three.

Steps will be taken immediately to secure a balloon for the Omaha contestants and already a race has started among the 40 balloon men in the Omaha Aero club to get the privilege of piloting the big gas bag. Two men will be selected for this purpose.

The Omaha men have also started laying plans to secure the 1921 international balloon race for Omaha. The position of this city and the Fort Omaha balloon facilities are such as to make the best arguments in Omaha's favor.

The Omaha Aero club is composed principally of former flyers in the balloon and aeroplane departments of the army. It has 104 members now and is seeking more. It hopes to become one of the big aero clubs of the country. Civilian flyers are also eligible to membership. The aero club has been incorporated and has received a franchise in the Aero Club of America.

Lift Off Corns!

Doesn't hurt! Lift touchy corns and calluses right off with fingers

Apply a few drops of "Freezone" upon that old, bothersome corn. Instantly that corn stops hurting. Then shortly you lift it right off, root and all, without pain or soreness.

Hard corns, soft corns, corns between the toes, and the hard skin calluses on bottom of feet lift right off—no humbug!

Tiny bottles of "Freezone" cost but a few cents at drug stores

—and Spur is a top notch cigarette

Can you pick a good one when you see it?

Get right up there where Spur Cigarettes are galloping in the lead.

Judge Spurs by that good old tobacco taste—American and Imported tobacco, blended in a new way.

Judge 'em by their good-breeding, emphasized by their smart package of brown and silver.

They're crimped, not paged. So they burn slower and draw easier. Rolled in satiny, imported paper.

Something about that package and that cigarette just naturally fills the bill.

You know Spurs for winners the minute the dealer trots 'em out.
