

CONTRACTION OF CURRENCY URGED TO CURB H. C. OF L.

G. O. P. Advisory Committee, After Exhaustive Study, Formulates Plans for Attack to Reduce Prices.

New York, May 31.—The high cost of living committee of the republican party advisory committee on policies and platforms, today announced that a successful attack on high prices must include a vigorous avoidance of further inflation in our government borrowings, a deflation of credit and contraction of currency, plus public economy and private thrift. Increased production of goods and service and a revision of taxes are mentioned in the committee's report, as necessary to bring prices to lower level.

Governmental and individual extravagance coupled with the 50 per cent depreciation of the dollar due to the gross expansion of United States currency and credits were named by this committee as being responsible for present prices. Helen Rogers Reid acted as chairman of the committee and Albert Shaw as vice chairman.

In the report tendered by the immigration committee of which Congressman Frederick B. Gillett, speaker of the house, is chairman, it was urged that a higher mental and physical test be prescribed for immigrants.

While admitting that limitations should be placed upon the activities of anarchist foreign citizens, the committee said it was highly important that procedure under the laws governing the limitations should be humane, just and accurate.

Turkish Artillery Bombards Karagatch, Held by Greek Army

Constantinople, May 31.—(By The Associated Press.)—Karagatch, a suburb of Adrianople, situated on the right bank of the Maritza river, which is being occupied by Greek troops, was under fire from Turkish artillery today. A number of shells fell about the station, but the building was not damaged. Several small encounters between Greek and Turkish forces south of Karagatch are reported.

Jafar Tavar, Turkish commandant at Adrianople, has announced his troops will not fight in any Thracian towns until after French forces have left. The few French soldiers still remaining in Karagatch were today ready to leave.

U. S. Marines to Map Battlefields in France

Washington, May 31.—Relief maps modeled in clay, showing every detail of the ground fought over by the Second division in the world war, will be made by a party of United States marines, who will leave New York city for France June 5.

Beginning with the Blanc Mont district, where the Second division took part in the great French offensive of the Champagne, the mapping party will visit the Meuse-Argonne, St. Mihiel and Soissons battlefields before returning to the United States next October.

Last year a marine mapping party visited France and completed a relief map of Belleau Wood, showing hills, ravines, rocks and other topographical features. The new maps will be similar in design.

Smokers to Be Asked to Aid in Preventing Fire Losses

Washington, May 31.—Co-operation of smokers in a campaign against careless use of fire in national and private forests has been asked by Secretary Meredith in a letter sent to several of the largest tobacco companies. Smokers are annually responsible for a large number of fires in timber areas, the latter pointed out.

Suggestion was made that the tobacco companies include in tobacco packages "brief printed legends" urging smokers to take every precaution to prevent spread of fire from matches or burning tobacco.

Monster Paper Mill Merger Is Announced in Canada

Montreal, May 31.—Merger of the W. C. Edwards company and Gilmore & Hughson Co. of Ottawa paper mills supplies valued at \$60,000,000, are consolidated, was announced here today. The merger will include the Riordan subsidiaries, the Kipawa company, limited, and the Ticonderoga Pulp and Paper company, together with the timber limits and 50,000 horsepower of undeveloped water power originally owned by the Bronson company, it was stated. The consolidated concern will have a pulp and paper output of about 150,000 tons annually.

National Editorial Body Opens Sessions at Boston

Boston, May 31.—The annual convention of the National Editorial association was opened here with about 600 editors and publishers of daily and weekly newspapers attending. The delegates were welcomed by Mayor Peters and Secretary of State Albert P. Langtry, publisher of the Springfield Union.

50 Red Cross Nurses Given Florence Nightingale Medal

Geneva, Switzerland, May 31.—Fifty nurses, representing 15 countries, have been awarded the Florence Nightingale medal for heroism on the battlefield by the Geneva Red Cross. Six American, eight British and eight French nurses received the decoration, which was granted posthumously to Edith Cavell, the British nurse who was executed at Brussels by the Germans in 1915.

Important Announcement!

Our announcement of the discontinuance of a flat reduction on all merchandise in the store did not mean an arbitrary resumption of former prices.

On the contrary, tremendous purchases of merchandise in many different lines—at sacrifice prices—from mills, manufacturers, jobbers and brokers, will enable us in a great many departments to offer values that excel the best offered this year.

Notwithstanding the most extraordinary demand for merchandise that has ever been made upon this store in its history, we are glad to say that within a short time our stocks will be back to their usual state of completeness—for our buyers are in the markets, buying vast quantities of desirable merchandise at prices representing material reductions.

These purchases at sacrifice figures will be passed along to our customers in the form of greatly lowered prices.
