PERSHING URGES WORLD PEACE ON MEMORIAL DAY

Preparedness Advocated and Tribute to Allied Dead Paid By Chief of Yank Army At Arlington.

Washington, May 31.—A plea that the American people be not swayed by "personal ambition or political expediency" from fulfilling obligations to "less fortunate peoples who confidently look to us for help," marked the Memorial day address of Gen. John J. Pershing, delivered

in the amphitheater at Arlington national cemetery, where the formal exercises in honor of the day centered. "To the memory of our beloved dead," he said, "we owe a duty to complete the task they sanctioned. The white crosses in France, standing as symbols of brotherhood in common purpose against militarism and oppression, eloquently cry out to us."

Two Hearings to Be Held To Fix Blame for Collision

Harmony Quartet Arrested.

Four merry-makers, who police said were conducting a "harmony rehearsal" in an automobile belonging to A. Greenberg, 1520 North Eighteenth street, at Twenty-fourth and Mason streets, last night were arrested by Police Officers Nelson and Kelly and taken to the police station, where they were charged with intoxication.

"In this solemn presence," he said, "and on this day, my countrymen, I pray you to take such reasonable measure in times of peace that never again shall it fall to the lot of a commander to suffer the anguish of soul that comes when of necessity our gallant young manhood must unjustly bear the burden of our thoughtlessness and be sent to battle without adequate preparation."

A tribute to the allied dead also was paid by the American commander, "to the allied thousands who during four years of bitter struggle gloriously fell in defense of their homes and firesides and who lie vander across the seas asleep in quiet places beside our sons—a mighty host united in death as they were in life."

A few British dead, some of whom died while serving here during the war, asleep at Arlington, were not forgotten. Lady Geddes, wife of Sir Auckland Geddes, British ambassador, placed wreaths on the graves.

Alleged Pickpockets Arrested. Bert Frankson, 2925 Vinton street, and Frank Schley, negro, 2518 DeCATUR street, alleged pickpockets, were arrested last night by detectives at Twenty-fourth and Grant streets. They were loitering among the crowds at the negro carnival at that place, according to the police. Both men are police characters, the police say. They are being held for investigation.

AT THE THEATERS

WHAT the first summer season of the Orpheum is to be an enormous success was indicated by the great audiences of Sunday and Monday. The opening bill has the advantage of being the most popular act of the Orpheum circuit. The stellar offering is a comedy in one act, the chief element of the offering, but the musical elements are likewise conspicuous.

Topping the bill for the first half of the week, the Entous theater are Arthur Deming's "Xmas," a musical act presenting some of the latest songs and dances. Jim McWilliams offers a comedy piano and singing act, impersonating some of the most famous pianists. His act is very entertaining.

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases.

Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackeray, R. F. D. 3, St. Paris, O., writes: "I had 90 chicks and they all died but 2. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, all you need do is send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 973 Columbia Bldg., Indianapolis, Ind."

Oldsmobile Truck. Efficiency Plus. Oldsmobile engineers reasoned that a truck might just as well be comfortable and easy to operate as well as efficient from a hauling standpoint. So after the work end of the truck was perfected they set in to perfect the self-starter and the lighting. These have been cushioned so that they are as reliable as the starting and lighting system on the passenger car.
