

### RAILWAY BOARD STARTS WAR ON FREIGHT DELAYS

Cars Must Be Unloaded and Released as Soon as Received, Commissioner Brown Says.

Lincoln, June 2.—(Special.)—Railway Commissioner Thorne Brown has returned from a meeting of the newly-appointed board of car commissioners held at Omaha.

Members of the board are John Welch, western representative of the Interstate Commerce commission; William Jeffers, general agent of the Union Pacific; C. E. Child, representing the terminal shippers at Omaha and Council Bluffs, and Commissioner Brown.

It has been discovered that lumber shippers are in the habit of holding cars at different points loaded so as to be in a position to ship them quickly to the point where they are needed the most on short notice.

They have been notified that this must stop and that in 48 hours all cars found loaded if not emptied will be unloaded by the railroad company and the cost of same charged to the shippers.

Demurrage Charges Heavy. "The practice must stop," said Mr. Brown. He said in one case it had been discovered that on one car alone the demurrage charges had amounted to \$500.

Another case which was called to the attention of the committee was that of two trainloads of automobiles standing on coal cars in Nebraska belonging to the Lehigh Valley railroad company.

On investigating the matter the company claimed that the cars were unfit for shipping coal, but it was shown that with very little expense the damage to the cars could be repaired.

The committee wants to know why coal cars are not used for the purpose for which they were built and by the road which does so much hauling of coal.

An assembling automobile plant in Omaha is in the habit of shipping to the plant from a Detroit firm several cars of parts.

Each car carries a certain part or parts. The company has been in the habit of taking these parts from the cars and assembling them on the platform of the track instead of hauling the parts to the plant, thus saving hauling and handling of the parts more than once.

In case a train happens to be short some necessary parts the whole bunch of cars are held until the parts are available. The train is to be stopped, according to the committee, and the cars unloaded immediately upon arrival.

To expedite the moving of grain from outside towns, the committee has secured the agreement of the railroads, for a time to haul every evening haul all loaded grain cars to Omaha by fast train.

Congressman Jefferis Coming To Omaha; Is Seeking a Home.

Washington, June 2.—(Special Telegram.)—Congressman Jefferis and family will go to Omaha shortly after the close of the session, but the congressman is considerably worried over a house to live in during the summer, having sold his home in Omaha when he came to Washington as the representative of the Second district.

Judge Evans expects to leave Washington Sunday evening to attend a session of the grand lodge of Masons, which meets in Omaha next Tuesday.

Judge Kinkaid will remain in town a few days after adjournment to clean up departmental matters.

Congressman McLaughlin plans to attend the republican convention in Chicago enroute to his home in York, Neb.

Representative Andrews will go to the national republican convention if it is at all possible.

Rats Starve to Death On White Corn at Experiment.

According to results of a rat-feeding contest, conducted by the state university farm, announced yesterday rats can be eliminated by providing a diet of white corn exclusively for them.

The rat-feeding experiment was conducted to determine the food value of white and yellow corn. A number of rodents were trapped and half given yellow corn and the others white corn, supplemented by balanced rations of other feed.

The rats fed on the yellow variety thrived, while the others gradually starved to death, in spite of the plentiful food served daily. At the end of the contest the yellow corn eaters weighed twice as much as the others.

Experts at the farm stated the experiment showed conclusively that yellow corn is essential to fattening animals.

Cloudburst at Valentine Damages State Fisheries.

Lincoln, Neb., June 2.—(Special.)—A cloudburst at Valentine last week, according to word received by Secretary Stuhr of the department of agriculture, damaged the state fisheries there considerably, the high water overflowing the dam and washing a large number of fish into the Elkhorn river. The total damage will amount to about \$500. The place will again be stocked from the state hatchery at Gettna.

### Ezra Millard, Omaha Bank Cashier, Dies After Attack of Appendicitis

The funeral of Ezra Millard, cashier of the Omaha National bank, will be held privately this afternoon at 3 p. m. at the First Presbyterian church.

Mr. Millard died yesterday in a hospital, following an operation for appendicitis a week ago. He was 43 years old and survived by a wife and a son, Cameron, 10 years old.

He entered the service of the Omaha National bank 14 years ago, having started his banking career as teller in the United States National bank.

His father, the late Ezra Millard, was founder and first president of the Omaha National bank.

Omaha Minister Elected Head of Anti-Saloon League.

Lincoln, Neb., June 3.—(Special Telegram.)—It is going to be harder to keep prohibition than it was to get it, in the opinion of the Rev. J. H. High, of Omaha, who was elected president of the Nebraska Anti-Saloon league in session here today.

"We will have to exercise all of our vigilance to maintain and enforce prohibition," the new president said in his address accepting the office. All other officers were re-elected.

Nebraska Girls to Drive Autos to Aid Farmers.

Lincoln, June 2.—As a possible aid to the shortage of farm help, 50 young women and girls today began a course of instruction at the University of Nebraska farm in driving automobiles.

The object is to be able to utilize their services for such duties as the automobile may be put to that male members of the household may remain steadily in the fields.

Chase Out the Germs of Rheumatism.

Untold Suffering Caused by Tiny Pain Demons.

Just because the pangs of your rheumatism seem to diminish as warm weather approaches, do not make the serious mistake of feeling that you are about to conquer this disabling disease.

Under no circumstances should you let up in your efforts to combat this affliction, but you would be wise, rather, to redouble them, and take advantage of the favorable season to rout the disease germs from the system.

The best time to successfully combat the germs of Rheumatism is during the mild season, while they are less active, and will respond more readily to the right method of treatment.

And this is why you should not lose the opportunity of a thorough, vigorous course of treatment during the summer months. Many victims of Rheumatism indulge in the delusion that they are at last free from the clutches of the disease simply because they feel little or no discomfort during the mild season.

But with the first approach of cool, damp weather next fall you will find that the little pain demons will gradually become aroused from their summer slumbers, ready to renew their attack with increased fury.

The best time to rid the system of the germs of rheumatism is while they are dormant and inactive, because they are less able to resist the counteracting influence of the proper treatment.

What, then, is the logical sane and intelligent treatment

Two Postmasters Nominated. Washington, June 2.—(Special Telegram.)—The president today sent to the senate the following nominations for postmasters in Nebraska: Louis W. Harper, Alton; Garrett H. Lorenz, Ashton.

### M'ADOO IS SCORED BY CONGRESSMAN FOR ROAD WORK

Declares Former Secretary Used Rail Position to Further His Political Aspirations and Purposes.

Washington, June 2.—Representative Saunders, republican, Indiana, declared in a speech in the house last night that W. G. McAdoo, as director general of railroads, capitalized his position for political purposes.

"He sought in every conceivable way, almost regardless of cost, to bring his name before the public," Mr. Saunders said. "It was found that 2,000,000 voters were directly and pecuniarily involved in every important step taken by the railroad administration. He soon saw in the dependency of this class of voters upon his every action the golden opportunity to capitalize for political purposes the policies he pursued."

"The people of the country were 'lulled' and McAdoo into a false sense of security and trust," the Indiana representative asserted. "They did not know that every time the sun set this profligate railroad administration had taken from their already flattened purses the enormous sum of \$1,666,667. It would not have added to their comfort," Mr. Saunders added, "to know that part of this enormous sum was used on propaganda to advance political aspirations of Director general McAdoo."

Former Express Employee Stole Booze, Goes to Pen.

Lincoln, June 2.—United States District Judge Munger this evening sentenced Paul Devere, formerly night foreman of the American Railway Express company in Lincoln, to three years in the federal prison at Leavenworth, Kan., on conviction of stealing three barrels of whiskey in shipments handled by him.

Druggists also sell larger "Bayer packages." Aspirin is trade mark Bayer Manufacture Monoaceticacidester of Salicylicacid.

### GRAIN MEN URGE WHEAT TRADING BE RESUMED JULY 15

Committee of 16, Representing Leading Exchanges, Meets In Chicago.

Chicago, June 2.—A committee of 16, representing the eight leading grain exchanges in the United States, recommended at a meeting here today that trading in wheat should be resumed on July 15 for December delivery.

This recommendation will be referred to an advisory committee, which is to meet in the near future to take final action on the matter as well as to consider all phases of the wheat situation.

The committee of 16 decided that trading should be under as liberal a contract, so far as delivery of grades is concerned as might seem reasonable to each exchange, and under such regulatory powers by boards of directors as each exchange might deem necessary to preserve the integrity of its contracts.

Continues Wartime Standards. Washington, June 2.—Continuation of present federal wheat standards was decided upon today by Secretary Meredith in an opinion covering hearings held to inquiry northwest with existing grades for hard red spring and durum wheats.

Requests for lowering the present standards, the secretary announced, would tend to decrease the return to farmers, while advocates of the change argued that the producer would receive more money for his wheat.

The federal standards established in 1917 and revised in 1918 have been operative only under fixed price and war conditions, the secretary stated, adding that opportunity for fair tests of their merits or defects has not been afforded under normal marketing conditions.

### State Chamber of Commerce Proposed By Commercial Clubs

Hastings, Neb., June 2.—(Special Telegram.)—A proposal to convert the State Association of Commercial Clubs into a Nebraska chamber of commerce to affiliate with the national organization, came before the state convention of commercial clubs today and was referred to a committee composed of Frank Beels, Norfolk; J. N. Larson, Omaha; W. S. Whitten, Lincoln; Will Owens Jones, Lincoln; and Mrs. Esther Stock Kroeger, Kearney, with 100 representatives.

Grand Island, Neb., June 2.—(Special.)—Because Michael Curtin, jr., was dissatisfied over the division of property he murdered his aged father by slashing his throat with a razor, according to a confession he is said to have made to the chief of police.

Michael Curtin was found dead Tuesday night, his throat cut from ear to ear. Curtin was 80 years old and was well known throughout this part of the state.
