

## CONGRESS PUTS IN BUSY NIGHT BEFORE RECESS

Both House and Senate Rush  
Many Measures Through  
Preparatory to Adjourn-  
ment This Afternoon.

Washington, June 4.—Both senate and house held long sessions again tonight in a final effort to clean up a congestion of minor legislation and one or two important bills before final adjournment at 4 p. m. tomorrow. The senate managers apparently were equally as insistent that the senate total of \$25,000,000 be retained.

**Deficiency Bill in Conference.**  
The third deficiency bill, carrying \$58,000,000, also was in conference, but it was expected to be passed before adjournment. One money measure passed and the naval bill carrying \$436,000,000 still awaits the president's approval.

The total of all of the supply measure, including two deficiency bills and the railway deficiency measure passed at this session, was placed at \$4,122,385,143. This included permanent appropriations of \$1,492,000,000 for the public debt sinking fund, good roads and government departments and institutions not provided for in the thirteen regular annual supply measures.

**Big Supply Bills.**  
The largest of the supply bills was the postoffice measure, which carried \$462,394,490. The next largest was the army bill with a total of \$394,929,000. The sundry civil measure carried the same amount as the naval bill. For the railroad deficiency \$309,000,000 was appropriated, while \$279,150,000 was provided for pensions. The only other supreme measure embracing \$100,000,000 was the executive, legislative and judiciary which carried \$104,725,000.

Several important measures failed of enactment. They included bills to regulate the meat-packing industry, to jar dangerous aliens from the country and tariff measures to protect industries built up during the war, including dyes, button manufacture and certain mining industries. The cold-storage bill, the measure to place an embargo on exports of sugar and tobacco and giving the War department authority to operate the Muscle Shoals nitrate plants also have failed.

## Balance of Power In Hands of Working Man, Slatt Asserts

Declaring that the men who possessed economic power were the ones who had political control, and explaining that this economic power could be obtained by the laboring men through co-operation, Carl Slatt of Edgar, Neb., representative of the United States Exchange, last night addressed an audience of about 300 at the labor union.

"The next great struggle will be to establish industrial democracy and it is only when the hand workers and the brain workers own factories and other industries that there will be industrial democracy," Mr. Slatt declared.

## Seniors of Central High Score Success In Civil War Play

"Barbara Frietich," the civil war romance, presented by the graduating senior class of Central high school at the Brandeis theater last night, proved to be a success both from a financial and a dramatic standpoint.

Irene Simpson, as "Barbara," the young, proud southern girl who becomes a Yankee because of her love for Captain Trumble, clearly showed her ability as an actress. Leslie Van Nostrand, as Captain Trumble, the dashing young Yankee officer, was all that he represented.

The acting of Mitchell Allen, Barbara's irate father, set against the marriage of his daughter to Trumble, played his part well.

Others who had speaking parts were these: Hazel Gubser, Virginia Leussler, Flora Marsh, Edna Warren, Linna Anderson, Delmer Eldridge, Ralph Campbell, Edwin Moser, Arthur Woodman Willard Violet, Frank McGrath, Harold Farber, David Robel, Lillian Pospichal, Nathan E. Jacobs, John Comstock and Melvin Kennedy.

## Chauffeur Held for Theft.

Wilson R. Jones, a chauffeur, who told the police that he was from Chicago and is being held for investigation in connection with the theft of a physician's grip, belonging to Dr. J. A. Sanders, 406 Paxton block. A suitcase belonging to A. E. Romeberg, Gretna, Neb., was stolen last night from his automobile, which was parked at the same place.

## Convention Sidelights

Chicago Tribune—Omaha Bee Leased Wire.  
Chicago, June 4.—Henry Lincoln Johnson, a person of color hailing from Atlanta, Ga., where he is a practicing attorney, proved a source of much merriment in his perorations before the national committee when the Georgia contests were up for hearing. He was rewarded with howls of laughter when he was explaining how the last election for congressman went in the Sixth district. "The democrats," he said, "carried Lincoln county, but by cracky, the republicans carried Jeff Davis county."

John McGrath of New York, former secretary to President Roosevelt, is here attired in gum shoes. He says he is here in the interests of George W. Perkins, but neglected to say what the interests might be. Eamonn de Valera, president of the "Irish Republic," it was announced tonight, will attend the convention, having been supplied with tickets. He is going to be a strong supporter of Senator Johnson.

Judge Vernon Van Fleet of Indiana, sounded a warning to the delegates that the candidates must be a thorough, tried and true American, with a sturdy backbone and a sound head, instead of a theorist who will try to enforce academic policies. Judge Van Fleet says great, new national policies must be decided upon and carried out, the United States must be lifted out of the gutter of laziness and

## PRESIDENT NAMES COMMISSION TO SETTLE COAL ROW

Public, Miners and Operators  
Each Represented—To Render Award Soon.

Washington, June 4.—A commission of three members, one each representing the public, the miners, and the operators, was appointed by President Wilson to settle a wage controversy in the anthracite fields. The members of the commission are: William O. Thompson, N. J. Ferry of McAdoo, Pa., a member of the executive committee of the United Mine Workers' of America, representing the miners, and William L. Connell of Scranton, Pa., representing the operators.

The commission will hold hearings probably in Washington and it is possible will render its award within 60 days. Any increase in wages granted will be retroactive to April 1, and the award will be made the basis for a new wage agreement replacing that which expired on that date.

Under the agreement by which the president intervened to have the controversy settled, both sides pledged themselves to abide by the commission's decision and there will be neither strikes nor lockouts in the industry while the commission is reporting its decision.

## Woman Is Slightly Injured When Struck by Automobile

Mrs. R. Hoye, 3042 South Eighteenth street, was slightly injured last night when struck by an automobile driven by W. E. Woodrow, 102 South Fifth avenue, at Sixteenth and Douglas streets. Woodrow was driving east on Douglas street and Mrs. Hoye was crossing the street south on Sixteenth street. She suffered body bruises.

## Held on Liquor Charge.

Tony Blizari, 1019 South Eleventh street, was arrested last night charged with unlawful possession of intoxicating liquor. Eight pints of whisky were found in his place, according to the police.

## What Does He Eat?

Ralph Bushman is 18 years old, is 6 feet 2 inches in height and weighs 190 pounds. He is the son of Francis X. Bushman. Just at present he is appearing in "Empire Builders."

## Small Daughter to Visit.

Alice Joyce Moore, daughter of Alice Joyce and Tom Moore, will

set upon solid ground and started going on all cylinders.

A man you want to cultivate at the Coliseum next week is Traffic Policeman G. E. Peterson. He will be in charge of the main entrance. He was assigned by Chief Garrity because of his ambassadorial poise. Mr. Peterson has been attending night law school for six years. He knows Blackstone backwards. He studies five nights a week. When there isn't a republican national convention in town you will find him tooting his whistle at State and Madison streets.

The high cost of living? "Well," explained James Harris, chairman of the Oklahoma state republican committee, "the solution is to go back to the farm. What we need is more young men raising corn and wheat and fewer raising hell in the cities." Mr. Harris incidentally, owns 6,000 acres of the best Oklahoma black loam soil. He raises cattle on the side.

If you wander along Presidential row and ask who is the most popular man they will tell you J. A. Whitcomb. He hails from McAlister, Okla. He's a candidate for no office, seeks no largesse, and asks no favors from any man. All he does is to buy ice cream sodas for the young ladies, who toil at typewriters in the respective candidates' headquarters. "They all know I'm no smart Aleck," explained Mr. Whitcomb. "I'm married and over 40."

## Efforts to Get Action on Sugar Embargo Bill Fail

Washington, June 4.—Efforts of Senator McNary, republican, Oregon, to bring up for consideration his bill providing for an export embargo on sugar failed owing to the opposition of Senator Smith, Georgia, and Ranssall, Louisiana, democrats.

The Georgia senator characterized the bill as "the most doubtful piece of economic legislation" and both he and Senator Ranssall announced if these were taken up, they would engage in a most elaborate discussion of the measure.

## Lillian Puts One Over.

Lillian Gish is a pioneer among women motion picture directors. She recently directed her sister, Dorothy, in the Paramount production, "Remodeling a Husband," and won new laurels by her method of evolving humor out of a domestic quarrel. The first scene at 7 in the evening shows the couple gesticulating angrily and apparently arguing with a great deal of heat. The next title reads "An Hour Later." The scene is the same. The next title says "Eleven at Night." The scene is the same. The final title before the armistice reads "Four In the Morning" and still the scene is the same.

**Clayton Picture Renamed.**  
"Crooked Streets" is the title of Ethel Clayton's next picture, produced under the working title, "All In a Night." Scenes are laid in China, and it was discovered after the picture was made and altered to suit the producer that two-thirds of the action did not happen at night—hence the new name.

**What Does He Eat?**  
Ralph Bushman is 18 years old, is 6 feet 2 inches in height and weighs 190 pounds. He is the son of Francis X. Bushman. Just at present he is appearing in "Empire Builders."

**Small Daughter to Visit.**  
Alice Joyce Moore, daughter of Alice Joyce and Tom Moore, will

## HARBOUR MAY NOT BE HELD FOR MIKESSELL DEATH

Sheriff Says Bullet Which  
Killed Former Convict  
Could Not Have Come  
From His Gun.

James L. Harbour may not be held for the death of George Mikesell, ex-convict and gunman, who broke up Harbour's home and later became husband of his wife. Mikesell died in Mercy hospital Thursday night from wounds received Wednesday evening, three of which Harbour declares he inflicted. Harbour admits he emptied his revolver during an altercation in the highway near Trexler in which Mr. and Mrs. August Sierck were involved.

Harbour used a .32-caliber revolver, but the bullet that killed Mikesell was a .44, according to Sheriff Groneweg. It was found lodged in Mikesell's spine when Dr. Donald Macrae performed an autopsy on the dead man's body yesterday. It had entered Mikesell's left side and imbedded itself in the spine. Two other wounds were superficial and were from .32-caliber bullets. One passed entirely through the arm and the other inflicted a slight wound. The bullet that lodged in the spine bored a large hole in the abdomen, nearly twice as large as the other wounds.

Who fired the fatal shot is still undetermined, but Sheriff Groneweg and County Attorney Swanson believe it will be disclosed at the inquest to be held next Thursday. Sheriff Groneweg has two disinterested witnesses who saw the shooting. One is a farmer working in a field near the road and the other was approaching the party which was composed of Mr. and Mrs. Sierck, Harbour and Mr. and Mrs. Mikesell.

Ruth Mikesell, the woman in the case, says that both the Siercks and Harbour were shopping at Mikesell's.

## Favor Borah Measure To Aid War Veterans In Purchase of Homes

Washington, June 4.—The senate public lands committee by unanimous vote ordered favorable report of the Borah bill designed to aid world war veterans in buying farms and suburban homes and appropriating \$300,000,000 to be spent for this purpose during the next 10 years. Not more than \$50,000,000 could be expended annually.

The bill will not be considered by the senate until the December session, according to Chairman Smoot. The measure provides for a national veterans' settlement board of three members appointed by the president, which would make loans to veterans for the purchase of farms or suburban homes. The maximum loan would be \$3,000.

## CADET DRILL TO REPLACE ANNUAL BASE BALL GAME

Silver Loving Cup Will Be  
Given Winning Company—  
Army Officers to Be  
Judges.

The annual Central high school cadet competitive drill will be held at the cadet encampment at Valley, Neb., on Visitor's day, June 18, instead of the annual base ball game between the Central varsity squad and a member of the city high school ball league. Commandant Frank H. Gulgard announced the

change because the camp is being held one week later than usual, and the period has been extended to 10 days, five days more than last year's camp.

A large silver loving cup will be presented to the winning company of the competitive drill. The number of points made during the year by the companies on inspections, lines and camp grades will be counted in the points during the competitive drill. Company C, headed by Richard Wagner, is in first place now. Companies A, D and E are pressing Company C hard for first place.

## To Award Medals.

Gold, silver and bronze medals will be awarded to the winners of first, second and third places, respectively, in the individual spelling-down of the manual-of-arms.

Three army officers will act as judges during the entire competitive drill. Military diplomas will be presented to all commissioned officers after the drill. It has been the usual custom to award the military di-

plomas at the commencement exercises, but the military year will not end until after the commencement exercises this year.

Promotions for the coming year will be announced at regimental dress parade on Visitor's day. The Visitors' day for the girls at Camp Brewster will be held on Tuesday, June 15.

## Will End With Dance.

Visitor's day at the cadet camp will be concluded with a subscription dance to be given by Capt. Merrill Russell of the band and Maj. Otto Nelson of the Second battalion. The dance will be given in the Fitzgerald hotel. It was to have been given by the Central High band and their company "stunt," but Principal Masters forbade it because of a state law prohibiting school dances.

Tents for camp will be provided by the United States army free, according to J. G. Masters. The cadets will entrain about 11 Thursday, June 10.

Gasoline is a 6 to 10 per cent product of crude oil.

# THOMPSON-BELDEN & CO.

## A Summer Sale of Silk Hosiery

Values to \$6.00  
\$2.98 a pair

Four hundred pairs are offered in this sale Saturday. It's an annual June event at Thompson-Beldens, a timely sale for women in the midst of vacation and outing plans.

Fine Silk Hosiery in black, white, colors and lace styles

## There Is Such a Difference In Haberdashery

A difference often not to be easily pointed out, but one which is seen very quickly.

A well-dressed man is one who attaches the proper importance to his haberdashery. He recognizes the value which "little" things add to appearances; a well tailored shirt that fits, a stylish collar, a distinctive tie, together with appropriate hose and fine linen handkerchiefs.

## The Men's Shop at Thompson-Belden's

Does not claim any monopoly on good furnishings but it does maintain that—style and quality considered—there is no better shop in Omaha.

And it is a real pleasure to discover that prices are always fair and sensible.

The Men's Shop is only a step to the left as you enter

## Pastel Tinted Organdies for \$25.00 and \$29.50

Organdy frocks in blue, pink, white, orchid and a deep, bright rose color with most attractive trimmings and bouffant skirts to make them summery as well as fashionable. One charming dress has a hem half the depth of the skirt, with several organdy flowers placed at the top; another is decked with rows of narrow Valenciennes lace on the skirt and around the collar and sleeves; indeed, each style has some charmingly original feature to make it a gown of which you'd never tire.

## Other Summer Dresses

Of plain and figured organdy, of sheer voile with handdrawn hemstitching, of net and lace and all the dainty fixings that make summer frocks so irresistible. The Thompson-Belden displays are replete with interesting costumes.

Apparel Sections—Third Floor

## NEWNESS

Vest ruffling by the yard. A dainty effect with puffed net and lace. Long and short lengths for suit and sweater vests. A quarter of a yard is the proper length. Prices from \$5 to \$10.50 a yard.

**Neckfixings**—Organdy collars and sets with cuffs are approved for summer coolness.

**Vests of organdy and net** are greatly in vogue.
