

ARGENTINANS WELCOME SHIP FROM AMERICA

Luncheon Marks Arrival of
First Ship Put Into Regular
Coastwise Shipping and
Tourist Service.

Buenos Aires, June 11.—The arrival of the United States shipboard steamer Huron on June 4, after a voyage of 19-22 days from New York was celebrated today with a luncheon aboard the vessel, which was attended by representatives of the North American colony, prominent Argentinians, including Mayor Cantillo of Buenos Aires, and representatives of Uruguay and Brazil. The Huron, which is under allocation to the Munson line, beat the liner Vasari's time for the trip from New York by five days. Frederick J. Stimson, ambassador of the United States to Argentina, in a speech, declared that now the North and South American passenger line had been established under the Stars and Stripes, it was important to accentuate the advantages of travel in the United States in order that the ships of the line might carry a stream of South Americans to the United States to get acquainted with the country where formerly they only went to Europe.

The culture, scenery, art and music in the United States were equal to those of Europe, he asserted. The Huron will sail for New York Saturday. The passengers will include Manuel Gondra, president-elect of Paraguay, who is going to Washington to bring back his family.

Girl Escapes Caveman Who Kidnaps Her

Nicoline Sorge

The ancient idea of marriage by capture—the treat 'em rough, grab 'em up and carry 'em off style—still survives. Brooklyn, N. Y., witnessed an example of it recently, but this episode did not quite reach the marriage stage. Miss Nicoline Sorge, 20, while on her way to work, was forcibly dragged into an automobile, which sped away. Later in the day Miss Sorge, highly excited, ran up to a policeman and told him her story. She said that a former suitor had kidnapped her in the automobile and taken her to a house in Woodhaven. There he threatened to kill her unless she married him right away. On the pretense that she wanted to telephone to her home, she said, she got outside the house and ran to the policeman. The police are searching for the caveman wooer.

Stationary firemen employed in Cincinnati ice plants are now receiving 67½ cents an hour.

The Colorado State Association of Journeymen Barbers notified the convention by telegram that it endorsed the federation's nonpartisan political policy and was opposed to any third party proposal.

Austrian Cabinet Headed by Renner Is Latest One to Quit

By The Associated Press.
Vienna, June 11.—The Austrian cabinet, headed by Dr. Karl Renner as chancellor which has held office most of the time since the armistice, has resigned.

Dr. Renner presented the resignation shortly after midnight after a meeting of the cabinet with representatives of the social democrats. The break came unexpectedly over the minister of war's decree on army discipline about which a question was raised in the national assembly yesterday by the Christian socialists.

It is believed a new coalition cabinet will be formed pending the elections.

ONE MINUTE STORE TALK

When this store upset all precedent a few weeks ago with this sale, it developed a variety of emotions never experienced in all the history of western clothes selling. No political bandwagon ever saw such a final scramble for seats. We said in the opening announcement

"To Put a Stop to Higher Prices."

We were laughed at, scoffed at by wholesalers. Now from every corner of the country they say "the Nebraska was right," the PEAK has been reached at last.

Thousands are giving thanks to the store where the thanks are due.
