Famous Speakers On Biennial Program

Two members of the president's cabinet, prominent writers and musicians, and the biggest authorities in the country on the subjects under discussion make the list of speakers for the Golden Prairie biennial of the General Federation of Women's Clubs, in session in Des Moines June 16 to 23, a noteworthy one.

A Mitchell Palmer, attorney general of the United States, will deliver two addresses, one on Thrift evening at Coliseum Friday, June 19, on "Your Responsibility for the High Cost of Living," and one at the H. C. of L. conference at the Auditorium Saturday afternoon at 3 on "Legislation." Hon. Bainbridge Colby, new secretary of state, will likewise speak twice. Secretary Colby will speak on the closing evening of the convention at the Coliseum on "America's Opportunity" and on the afternoon of the same day at Hotel Fort Des Moines on "American Citizens."

Among the national authorities on matters such as social and political conditions, etc., who will speak at open meetings and at conferences are Mr. Charles Zeublin, George H. Maxwell, Lee K. Frankel, Prof. Gerald L. Wendt, Hon. Horace Mann Towner, Col. W. B. Greeley, Kate Upton Clark, Dr. Lynn Harold Hough, Trumbull White and Mr. Allen D. Albert, past president, National Rotary society. Mr. Zeublin is a writer on current political topics, and was an instructor in the sociology department of the University of Chicago from 1902 to 1908. He is the author of "A Decade of Civic Development." He will speak on "American Ideals" at the "Made in America" conference and on "The Duties and Privileges of American Citizenship" at the closing evening session at the Coliseum.

Mr. Maxwell was formerly executive director of the National Reclamation association, and will give an address on "Our Conservation Problem." Col. W. B. Greeley, famous for his work in conserving our country, will be another speaker at the conservation conference.

Prof. Gerald L. Wendt will talk on "Dyes" at the Made in America conference. He is an instructor in the University of Chicago in quantitative analysis and radio activity. Lee K. Frankel will address the conference on social conditions. He has written numerous pamphlets on welfare work and health promotion.

Horace Manning Towner of Corning, Ia., representative from the Eighth district and co-author of the Smith-Towner bill now pending for the establishment of a department of education, will speak on "Education" at the H. C. of L. conference. Dr. Lynn Harold Hough, president of Northwestern university, will give the Sunday afternoon address on "The Spirit of America." Catherine Conrad in Des Moines Capital.

Women Bakers in Warsaw.
Women in Warsaw recruited 200 volunteers to go into the shops and bake bread during a recent bakers' strike so that children should not be without this essential food, according to a letter from one of the American Y. W. C. A. secretaries helping with the distribution of food in Poland. The mobilization of women was completed when the general strike first threatened. In 500 factories in New York state employing women it was found that 88 per cent of the establishments were paying women workers an average of \$16 per week. Divorces are few in the Philippines, due mainly to the fact that every girl is taught to be a good cook, home maker and mother.

Alaskan Visitor Arrives in Omaha

Miss Lena Lunsford, who has been teaching during the past year in the high school of Skagway, Alaska, is a visitor in Omaha at the home of her sister, Mrs. Oscar Kelly. Miss Lunsford's home is in Springfield, Mo., but she likes the far north so well that she plans to return there next fall to continue her professional career and remain indefinitely.

gold rush days we had a population of 12,000; now it numbers 600. The school children are not fire-eaters, as many people suppose," explained this interesting visitor. "They are for the most part children of the White Pass & Yukon railroad officials. And that railroad, with its 100 miles," she continued, "is the longest narrow-gauge in the world."

"Teachers' salaries are better than in the states. In Japan a girl is considered marriageable at the age of 15, and it is the parents' duty to provide a husband for her as soon as possible. To be 25, a woman, and unmarried in Japan, is to be an old maid, which is disgraceful."
