

GOMPERS SCORES G. O. P. PLATFORM PLANK ON LABOR

Tells A. F. L. Convention That
Republicans Have Turned
Their Back Upon Labor—
Aid Their Enemies.

Montreal, June 12.—The republican convention has turned its back upon labor and has adopted a platform "defiant" in its defense of the enemies of labor and calculated to secure for them fresh advantages and greater privileges, Samuel Gompers, and Matthew Woll, president and vice president of the American Federation of Labor, declared here today in a statement presented at the federation's annual convention.

The labor declaration of the platform as adopted, they asserted, proposes an industrial enslavement and an abrogation of rights as precious as life itself.

"While there is in the platform a certain shrewdness in selection of language, there is never any opportunity for doubt as to the true meaning of their provisions relating to labor," they added.

Condemns Its Stand.

The statement vigorously assails the republicans for neglecting anti-profiters legislation recommendations.

"The republican platform practically ignores the profiteer," the statement added, "and while recognizing the evils of currency inflation, offers no remedy for that condition. Specific proposals submitted by labor for relief from the high cost of living and profiteering are given no place in the platform."

The Mexican plank of the platform, the labor leaders charged, "clearly aims to undermine the sovereignty of the Mexican government and to make the maintenance of order in Mexico the business of the government of the United States."

"It proposes the fulfillment of what long have been the hopes and aims of those whose sole object is the exploitation of the people, and boundless resources of Mexico," according to the labor chiefs.

Hits Cummins Plank.

The republican endorsement of the transportation act of 1920 was declared to be a complete denial and repudiation of the demand submitted by labor and is an emphatic endorsement of the labor provisions of the Cummins-Esch railroad act.

The section of this plank referring to "peaceful arbitration on the wage disputes" was said to be a "denial of the lawful right of the workers to cease working."

"This denial of the right to strike," the labor chiefs asserted, "the party proclaims as one of its greatest achievements."

"We hold no brief for the democratic party," continued the statement, "commenting on the republican condemnation of the democratic administration for 'failure to enforce the anti-profiters laws, but we call attention to the fact that specific proposals on this subject submitted by labor are ignored completely."

Evades the Issues.

"The republican platform evades the issues and offers no remedy; it denies the importance of profiteering as the leading cause of the high cost of living and endeavors to put a part of the responsibility upon what it falsely calls 'disproportionate wage advances.' We have no knowledge of any substantial or effective anti-profiters laws passed by the republican congress."

The plank regarding labor's right to strike "constitutes a denial of labor's demands and contemplates the erection of government machinery for the coercion of labor and for the suppression and limitation of the proper, lawful and normal activities," said the statement.

"It proposes to erect government tribunals vested with the power to compel involuntary labor. The entire plank is a denial of freedom and in addition subversive of the best interests of our republic."

The labor leaders asserted republicans failed to mention in their platform labor's demands for a federal law for the legal right of "voluntary association" to protect itself against "unwarrantable issuance of writs of injunction" and the "vigorous enforcement of the seamen's act and the most liberal interpretation of its provisions."

Report Bergdoll Is Captured at Hotel in Maryland Mountains

Chicago Tribune-Omaha Bee Leased Wire.

Uniontown, Pa., June 12.—A report that Grover Bergdoll, escaped draft evader, and his brother, Erwin, wanted for draft evasion, were captured in the mountains of Maryland, southeast of here early Friday, caused much excitement here and in Pittsburgh. It is reported that the two brothers are on their way east in custody of federal agents.

A man and a woman applied at the Summit hotel in the mountains east of here Friday afternoon for a room, said a report received here. While in the dining room, a rumor became current about the hotel that the "woman" was Grover Bergdoll, who federal agents say is traveling in the garb of a woman. Because of the mysterious actions of the pair, the authorities were notified.

Seven Men of Eagle Boat Crew Missing When Craft Capsizes

Philadelphia, June 12.—Seven of the crew of Eagle Boat No. 25, which was struck by a squall and capsized in the Delaware river Friday night and naval officials said their fate probably would not be known until Saturday. It was at first reported that five men had been caught in the engine room and drowned, but officials at the navy yard said this had not been confirmed and that it was possible some of the missing sailors had been picked up by small craft which aided in the rescue work.

The little war craft carried a crew of seven officers and 51 men. Forty-six of them were picked up by an excursion steamer, four by another boat and one man chiseled a hole in the side of the eagle boat while it was floating bottom up and swam ashore.

Sounds Warning That Natural Gas Supply Is Dwindling Rapidly

Washington, June 12.—Not only is the oil situation a matter of serious consideration, but the supply of natural gas is also dwindling in an alarming manner. This was stated Friday by Dr. Frederick G. Cottrell, director of the bureau of mines, in an address at a conference of Natural Gas Conservation, called by Secretary of the Interior Payne and attended by representatives of a number of states which are vitally interested in the question.

Dr. Cottrell declared that the production of gas in the past year has been accompanied by "incredible waste and folly." He said that the exhaustion of the supply would be a calamity.

Banks of Chicago Adopt Daylight Hours Permanently

Chicago, June 12.—Banks and other financial institutions of Chicago will retain permanently the change in banking hours which takes place next Monday to correspond with the daylight saving ordinance, it was announced today. The clearing house association voted to continue the change in banking hours, which will be from 9 a. m. till 2 p. m., after the clocks are turned back to standard time next fall. Bankers declared that by the change the difference in time between the banking hours of New York and Chicago will be eliminated.

Three More Towns Gain In Population In Decade

Washington, June 12.—La Grande, Ore., 6,913; increase 2,070 or 42.7 per cent.

North Braddock, Pa., 14,928; increase 3,104 or 26.3 per cent.

New Kensington, Pa., 11,897; increase 4,280 or 55.3 per cent.

Reds Show Gains

London, June 12.—The Polish lines north and south of Kiev, on the west bank of the Dnieper, are being driven in by the bolsheviks, who are cutting Polish railway communications with the city, according to Friday's official statement from Moscow.
