M'KELVIE SEES SURE WINNER IN HARDING TICKET

Leader Is Man Who Understands Needs of Country, State Executive Declares.

Lincoln, June 14.—(Special.)—In the words of Theodore Roosevelt, Governor McKelvie is "dee-lighted" over the result of the republican national convention last week and its action in nominating men who will be elected. To the press today the governor gave out the following statement:

"I am very well pleased with the action of the national republican convention in selecting Senator Harding and Governor Coolidge as the standard-bearers for the republican party in the forthcoming campaign. Both of these men are eminently qualified for the important positions to which they have been nominated, and I have not the least doubt of their election.

"While Senator Harding is not so well known through this part of the country, I feel sure that as the people become acquainted with him, his record and his qualifications, they will be fully assured of his fitness for the presidency. He is a man who has come up from the people through the ranks of labor and industry; he is intensely American in his instincts and beliefs, and while he may be counted a conservative, this is true only in the sense that we would have our public men conservative at this time.

"As chief executive of Massachusetts, Governor Coolidge has shown himself to be a man of courage and conviction.

"Withal, the combination is one that has many elements of popular strength, and I feel that the interests of this region, including agriculture, industry and labor, may feel assured that when these men are elected, there will be a return to those sound principles of action which make for progress along the lines of permanence and general prosperity."

Lincoln Editor to Head Delegation to Confer With Meredith

Liincoln, Neb., June 14.—(Special.)—C. W. Pugsley of Lincoln will head a delegation of 50 editors of agricultural publications from all sections of the country who are on their way to Washington to investigate the workings of the Department of Agriculture. They will hold a meeting there June 17, 18 and 19. Two conferences will be held with Secretary Meredith and the editors have appointed committees to study what each division and bureau is doing. There has been from time to time criticism of the work of the department and this probably will be the first time that any one body of citizens have set out to find out just what is going on at Washington.

Secretary Meredith has asked for the investigation.

Mr. Pugsley, editor of the Nebraska Farmer, is president of the editors' association. Among those who will attend from the middle west are: J. W. Jarnigan, Paul B. Talbot and John Thompson of Des Moines; Fred Nichols of Topeka, Samuel Adams, John Beatty, C. V. Gregory, Paul Stevens and Dewitt Wing of Chicago, George Jordan of St. Louis, Dan Wallace of St. Paul, Harry Owen of Minneapolis, and Carl Williams and John Fields of Oklahoma City.

Nebraska Men Strong for Harding and Coolidge

Robert C. Druesedow returned from the republican national convention yesterday with his coat off for Harding and Coolidge.

"It was a happy solution and it is a great American platform," he said. "My coat is off already for the ticket and it is going to be off until after the election next November."

Adam McMullen of Beatrice, gubernatorial candidate at the April primary, came home on the same train, and he, too, was all aglow over republican prospects.

Jessie Craig, also of Beatrice, was on the train, and he gave expression to a feeling of satisfaction and optimism.
