

FARMERS' AGENT PLANNING FIGHT ON REPUBLICANS

Secretary of Organization De-
ciates Platform Gives No
Assurances to Agricultural
Interests.

Washington, June 15.—Thoroughly angered by what he considers the betrayal by the republicans of the farmers of America, Benjamin C. Marsh, secretary and director of legislation of the Farmers' National Council, today embarked upon a campaign of publicity planned to convince politicians the farmer vote is a power to be reckoned with at election time. Mr. Marsh has just returned from Chicago, where he presented the platform of the Farmers' National Council to a committee of the republican national convention.

Platform Pledges Nothing.
"The section of the republican platform on agriculture does not contain a single declaration to reassure the farmers of America," said Mr. Marsh. "While it expresses the belief of the republican party that the crux of the present difficulty in the farming industry lies in prices, labor and credit, and that the situation can be improved by adequate farm representation in appointments of government officials and commissions, it does not pledge this representation. Why not?"

"Offers No Clues."
Mr. Marsh asserted the platform mentions several specific evils in the agricultural situation without attempting to provide a remedy for them and declared no suffering patient could ever be persuaded that a diagnosis is as good as the cure. Failure of the platform to provide for amendment of the federal farm loan act to facilitate acquisition of farm land, lack of a pledge to enact legislation to give farmers long time credits and failure to authorize continuance of the federal trade commission were other shortcomings with which Mr. Marsh charged the framers of the republican platform.

Second Coming of Christ Predicted In Next 14 Years

Chicago Tribune—Omaha Bee Leased Wire.
Chicago, June 15.—"Between 1920 and 1934 there will be some remarkable manifestation in the Christian world. We predict the coming of Christ. His need is shown in the increase of materialism in the world, in the rapid approach of chaos."

This statement was made today by A. M. Johnson, Chicago, chairman on arrangements for the second World Conference on Christian Fundamentals, now in progress in Moody tabernacle. The great auditorium was crammed to the limit yesterday and today and the conference will continue until June 20. The purpose of the conference is "to turn the Christian world back to the contemplation and practice of real Christian religion." It is admitted the Christians have a tremendous task to recapture the schools, churches and seminaries "taken over by Satan" in Germany and other lands during the war.

Plan to Allocate Sugar Supply Among Industries

Washington, June 15.—A. W. Riley, special assistant to the attorney general, will return to his New York office today to direct the campaign by which it is hoped to supply the demand for sugar during the coming canning season.

He will conduct the work through a national sugar distributing committee, composed of representatives of refiners, sugar importers and industries consuming sugar and wholesale grocers. The plan in general, is to allocate the available sugar according to requirements of the canning needs and the needs of the housewives for canning purposes. No industry will be actually shut off, it is said, but the so-called non-essential lines, such as candy, soda and chewing gum manufacturers will get secondary consideration.

Four of Ex-Kaiser's Nephews Forced to Obtain Employment

Lodon, June 15.—Scions of royal houses in Germany are having rough sledding under the republic and four of the ex-kaiser's young nephews have just gone to work, said a Berlin dispatch to the Daily Express. They are sons of Princess Margaret of Prussia, the ex-kaiser's youngest sister.

One has become a farm laborer, to learn agriculture from the ground up, and he works from 5 a. m. until 8 p. m. Another is working in a steel mill and studying engineering at night. The third has apprenticed himself to a firm of architects and the fourth is a clerk in an embassy.

Mistaking Poison for Flour Ends Fatally for Family

Ogden, Ut., June 15.—One grand son is dead, another dying and seven other members of the family are ill because Mrs. William Howard of Brigham City mistook a poison for flour when she dusted her bread board. The poison had been placed in a cupboard after an orchard was sprayed.

What is Sale Merchandise?

It is merchandise that would ordinarily retail from one-third to one-half more than its sale price; sold at a material reduction because it was purchased under favorable trade conditions due to excess quantity of manufacture or desire to reduce stock on hand. Often a price concession is made because we purchase the entire output of a manufacturer.
