**FRECKLES**

**Don't Hide Them With a Veil; Remove Them With Othine—Double Strength.**

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

**ADVERTISMENT**

**Combing Won't Rid Hair of Dandruff**

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning most, if not all, of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

**ADVERTISMENT**

**New, Positive Treatment to Remove Hair or Fuzz**

(Beauty Notes)

Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the hair disappears. No failure will result if you are careful to buy genuine delatone.

**ADVERTISMENT**

**Homely and Aged Faces Now Easily Beautified**

The plainest faces made beautiful and the complexion of good-looking women improved—oldish faces—made young and pretty, banished and weather-colored faces made spotless, white and satiny—in less than two weeks, by a very simple and harmless process that acts almost like magic! This is all there is to it: Only very mercurial wax, procurable at any drug store (one ounce will do), is applied nightly like cold cream, and washed off with soap. This gradually peels off the useless particles of surface skin, permitting the underlying skin to show itself. The newer, fresher skin, when wholly in evidence, forms a complexion which for beauty and youthfulness is incomparable with one produced by other means. A complexion so natural, so free from artificiality, no one guesses the secret of its acquisition. You'll not regret trying this really marvelous treatment.

Hodgkinson, 527 Fifth avenue, New York. I think Mary's first success was "Warrens of Virginia." If you send me a self-addressed envelope I will tell you of a good movie school.

**Wants to Know**—You might try this: Place the dress or waist on an ironing board, place a piece of old-fashioned butcher's paper over it, then put a hot iron on paper. You will be able to see the grease in the paper. Do not have the iron hot enough to burn the dress.

**A Near Lover.**

Dear Miss Fairfax, Omaha Bee: I have been going with a young man for nearly five years, engaged for the past two years. He is 26 and I am 20.

He has about \$8,000 in the bank. Earns \$12 a day.

When he speaks of marriage he says, "I haven't enough money to get married on."

He never wants his parents to see him with me. They don't want a poor girl.

When we go out of town I have to meet him several towns away. He never takes me to any affair in our small home town for fear his people might see us.

I love this man and I do not know what to do.

The man is treating you most unfairly—if all the facts of the story are just as you relate them. He has enough money to marry on, even in this day of high prices. For him to be engaged to you and yet ashamed to be seen with you shows a snobbery or a difference in social position which doesn't promise well for happiness in marriage. You ought to insist either on being treated as a fiancée of whom he is proud—on being honored as a man honors the woman he wishes to make his wife—or on being given back the freedom of which this arrangement deprives you.

**Blue Eyes**—Moles are not dangerous. They can be removed. Consult a reliable beauty expert.

**M. F. R.**—The letter you ask for has been destroyed. I know of nothing to rid the face of perspiration. There are many things to use in the armpits. I would advise that you take great care to keep the face clean. A little powder will not hurt the face. One of your type can wear any color. Brown is very good.

Martha W. Christancy, principal of Mason school, will entertain a few teachers and friends at the Prettiest Mile club Saturday.
