

COURT GRANTS NEW ORDER IN SKINNER CASE

Dissolution of Company and Sale of Packing Plant Now Asked in Quo Warranto Proceedings.

Lincoln, Neb., June 22.—(Special Telegram.)—The state supreme court granted a restraining order in quo warranto proceedings brought by the attorney general to restrain Paul and Lloyd Skinner and the executive board of the Skinner Packing company from transacting any business of the company or molesting its money or securities or controlling its books.

This is practically the same kind of an order as was granted last week by the court against the Skinner company, except that it goes farther and seeks to dissolve the company, sell the same with the assets and divide it among the real stockholders and asks that three disinterested trustees be appointed to take charge of the disposal of the property of the company.

The application also charges that stockholders in the old company were prevailed upon to change their stock to the new company under misrepresentation and contrary to the laws of the state.

G. T. Touvelle, representing the securities bureau, and Assistant Attorney General Laverty went to Omaha to serve the papers. Attorney General Davis was in Omaha Tuesday, where he conferred with the committee of stockholders, who in a signed statement approve the action of the attorney general in bringing the proceedings.

Decision in Police Case Will Be Made by The Council Saturday

Decision of the case of Chief of Detectives John T. Dunn, charged with "gross neglect of duty," will be made by the city council Saturday, it was announced following the hearing yesterday.

Dunn, now under suspension, testified that he considered \$100 received from E. Weinberg of Fremont more than a year ago, a personal gift.

Evidence disclosed that Dunn paid \$55 into the relief and pension fund two weeks ago, prior to the filing of the charges against him. Mayor Smith and Commissioner Dan Butler supported a motion of Ben S. Baker, attorney for Dunn, that the charges be dismissed, declaring evidence insufficient.

Testimony offered by Harry Lapidus, a witness, brought on a fiery argument between him and Commissioner Butler. Testimony offered by Lapidus showed that it was through him the goods stolen from Weinberg were recovered.

Don't Treat Kidneys Rough, Warns Dr. Carey, Specialist

Constant Flushing May Injure the Delicate Organism and Seldom Removes the Poisons Deposits.

Now that Dr. Carey, kidney and bladder specialist, has returned from active practice, he generously warns people that even the smallest symptoms of kidney trouble should have serious attention. "Backache, for instance, puffiness under or around the eyes, heavy feet and dry skin, are also danger signals. 'Thousands die yearly' because they neglect their kidneys," says Dr. Carey. "And I feel upon retiring that I should tell all who even suspect kidney or bladder trouble about my prescription Marsh-root, which, during my active practice, has cured thousands of all kinds of kidney ailments."

This prescription has been given to pharmacists generally throughout America, and is dispensed by them under the name Dr. Carey's Marsh-root, a name that every sufferer from kidney trouble should remember. Sherman & McConnell Drug Co. can supply you.

A Simple Way to Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that 2 bottles of Allenburu, the cure of rheumatism, does not cost a cent, and you will get your money returned.

Allenburu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Old Postal Employees Opposed to Order for Forced Retirement

Compulsory retirement of postal employees and railway mail clerks, according to a recent order issued by Postmaster General Burleson in Washington, D. C., has brought a torrent of protest from persons affected in Omaha.

Preference of government service to compulsory retirement was indicated by many old employees. Several men who have reached the maximum age limit and who are affected by the new order, announced they will take their cases up with government cabinet officials.

Other employees, evidently dissatisfied with the order, have refused interviews concerning the affair, for fear of more trouble for "talking too much," they intimated. "We are going to get a job harvesting for a short time," said Scout O'Farrell, "because scouts should be independent and not ask for anything." Both declare that Indiana is the best hiking state crossed by them.
