ADVERTISMENT
FIFTEEN YEARS OF BLACK-DRAUGHT

Black-Draught Highly Recommended by Illinois Man for Liver and Stomach Disorders—Used It Fifteen Years.

Singerton, Ill.—"For fifteen years we have used Theford's Black-Draught, and have not as yet found anything that could take its place," writes Mr. W. F. Rister, of this town. "I have used it for indigestion a number of times, and it gives relief," continues Mr. Rister.

"For sour stomach, a heavy, bloated feeling, it is splendid. And when the liver gets torpid, so that when you stoop and raise up suddenly you feel dizzy, a few doses will set you straight."

"We keep it and use for constipation and the above troubles, and find it most satisfactory. I can recommend it to others and gladly do so. For the number of years I have used Black-Draught now, I ought to know."

In its 70 years of usefulness, Theford's Black-Draught has relieved thousands and thousands of persons suffering from the results of a disordered liver. And, like Mr. Rister, many people feel that, after using Black-Draught nothing can take its place.

If you haven't tried Black-Draught get a package today.

Nearly every druggist keeps it.

New President of Women's Clubs

Mrs. Thomas G. Winter

Laurel avenue, Tuesday evening, June 29, at 8 o'clock.

BEE WANT ADS WILL BRING THE RESULTS

Lift Off Corns!

Doesn't hurt! Lift touchy corns and calluses right off with fingers

Apply a few drops of "Freezone" upon that old, bothersome corn. Instantly that corn stops hurting. Then shortly you lift it right off, root and all, without pain or soreness.

Hard corns, soft corns, corns between the toes, and the hard skin calluses on bottom of feet lift right off—no humbug!

Tiny bottles of "Freezone" cost but a few cents at drug stores

Clean Clothes For the Children

We sometimes wonder where the children get all the dirt that they bring in on their clothes—there is an unbelievable amount of it. Yet it is necessary to keep them clean and a constant change to fresh clothes results. The big problem is to get the dirty clothes

clean again. If rubbed on the washboard they wear out rapidly, and it is a back-breaking task to put them through the machine and wringer. Yet, at present prices it is almost impossible to send them out to be washed. Certainly there is but one thing to do, and that is to buy an

Apex Electric Washer

Then it will be no longer necessary to boil or rub the clothes. The machine and wringer will be driven by electricity—there will be nothing which is heavy or difficult left for you to do. The clothes, too, will wear longer, for there are no moving parts inside the tub to injure them. The buttons will stay on.

Another surprising feature of the Apex is that it actually decreases the family budget. The Apex is so perfectly balanced—so free from lost motion and undue friction—that only about 2 cents worth of current is used in doing the entire washing. In fact, it reduces the cost of washing so materially that it pays for itself with the saving it effects from use. Our easy payment plan makes it possible for anyone to afford it. Indeed, no one can afford to be without it.

Saves Time

The Apex is the original oscillator—it gives double the action on clothes and water, saving half the time consumed by ordinary machines. It is the first machine to come equipped with an adjustable swinging wringer—it operates from four positions and at the same time as the machine

when desired, saving time again. It is all-metal—no wood to rot and warp—built for life-time service. A permanent investment that pays big yearly dividends. Ask for a free trial in your home. Compare its performance with others and you will choose the Apex Electric Washer.
