THE great monoplane which is now at Ak-Sar-Ben flying field seems to be the center of attraction for all during the past few days. On Thursday numerous passengers were taken for a spin over the city by John Larsen of New York, who is its owner, and Bert Acoste, the pilot. Among the most unusual of those who rode in the plane was "Speed," a dog belonging to Capt. and Mrs. C. F. Adams of Fort Omaha, who was accompanied on the flight by his master and mistress and Lieut. and Mrs. H. R. Wells of the post. "Speed," who considers himself quite one of the elite of dogdom, exhibited no surprise at this experience, for was he not petted by General John J. Pershing here this spring?

Mrs. Wells wrote a letter to her mother and Mrs. Adams wrote to her father during the ride.

Among others who also made a trip in the plane Thursday were Mr. and Mrs. George F. Dickson and Mr. and Mrs. Bert Le Bron. Mr. and Mrs. Dickson were acquainted with Mr. Larsen when they resided in Chicago and Mr. and Mrs. Le Bron also knew him. Capt. Adams and Lieut. Wells, who were formerly aviators, are friends of Pilot Acoste and for their benefit he performed a number of stunts.

All were very enthusiastic over their trip and declared the cabin of the plane is every bit as comfortable as a Pullman.

WE'RE ready for the Glorious Fourth. Are you? Come in and let us give you an Independence Day musical program—a vivid suggestion of how to make the Fourth a day of finer meaning in your home.

We'll send a New Edison to your home—together with a fine group of patriotic selections.

The NEW EDISON  
"The Phonograph with a Soul"

Our Budget Plan will turn your "fireworks" money into a first payment. It will make similar economies provide the balance. It's a systematic thrift idea.

Why throw your money into the air on the Fourth? Isn't it a finer patriotism, a bigger family policy, to spend it on music—good music? What's a Fourth without music?

The thrill in those grand, old airs of the Republic! The exultation! The memories! The ringing pledge!

All these and more—have been given life by the soaring art and the fervid hearts of great artists!

All these and more are Re-Created for you by the marvelous realism of the New Edison.

The perfect realism of the New Edison was proved again in an astonishing test made March 10, 1920, at Carnegie Hall, New York City. Anna Case, world-famed soprano, matched her voice directly against its Re-Creation by the New Edison. During the test, the lights went out. The audience, in the darkness, could not tell whether Anna Case was singing or whether the New Edison was Re-Creating her voice.

You can experience the New Edison's supreme realism for yourself. Come in and let us give you Mr. Edison's Realism Test.
