Grapefruit Dessert.

pint beling water.
2 cup cold water
tablespoins gelatin.
cup sugar,
grapefruit
prunes (scaked),
lamon.

Prepare pulp of grapefruit, let tand with sugar and lemon juice, soak gelatin in cold water, dissolve in boiling water, cool. Add grape-fruit to gelatin, stir well. . Reserve one cup of gelatin adding cut prunes to the rest. Put the prune mixture in glass cups, let harden. Beat the clear grapefruit when it reaches the syrup stage until light and fluffy. Beat until it will hold its shape, then pile lightly on top of prune jelly, hill and serve.

Sandwich Datenut Butter.

to cup dates, to cup walnut meats, teaspoon salt, tablespoons cream.

Remove stones from dates and put ates and walnuts through food chopper twice, using fine cutter. Add salt and mix with cream just before using. Raisins may be substituted for dates.

Flavoring Spinach.

A new way to flavor spinach, or ther greens, is to use crushed peauts when cooking them. First wash he spinach carefully in water, with t on the stove to boil, add salt to aste, and then, instead of using pacon for seasoning, take a well-ounded handful of peanuts, crush them and tie them up in a small white cloth. Drop it into the pot with the spinach and remove it when the spinach is done. The oil in the penalts boils out and seasons the pinach to perfection. The flavor is better than if bacon or other fat sed, and at a fraction of the cost.

Cold Desserts.

Cold desserts are preferable for the last course of the spring lunchon or dinner. Gelatin, frozen fruit uice and frozen milk mixtures, baked and stewed fruits and tapioca dishes are all appetizing and refresh-
