In truth it should be said the selection of a nominee appears unbossed, in the sense that no man or group of men can tell a majority of the citizens the name to write at the head of their ticket.

To Get Strong and Put on Flesh

People who have tried it say that one of the quickest and surest ways in which those who are weak, thin, nervous and those who are weak, thin, nervous and run down can grow strong and put on pounds of solid stay-there flesh, is to take a 6-grain tablet of Blood-Iron Phosphate with each meal. This is doubtless due to the well known fact that Blood-Iron Phosphate quickly builds up depleted nervous energy and at the same time supplies the iron necessary to make rish, red strength building blood. If you are weak, thin, nervous, or are lacking in the old time vigor, endurance and optimism, go to Sherman McConnell Co., or any other good druggist, and get enough Blood-Iron Phosphate to last three weeks and take as directed.
