Problems That Perplex Answered By BEATRICE FAIRFAX

Sows Wild Outs. Dear Miss Fairfax, Omaha Bee: Being interested in reading so many of your answers to questions. I am anxious to ask you a few. I am a young girl of 19 summers and am keeping company with a 'oung man 25. I am not engaged yet, for I think I am rather young. The question is, is he the kind for me? Freshen Up Quickly

After a strenuous day outdoors, when winds, heat and exhaustion have combined to take away one's freshness and caused the skin to wrinkle and sag—or after a tedious or fretful day indoors—ne citen has urgent need for some quick rejuvenator. Maybe there's a dance on for the evening, or some other social event. How in the world can one make herself presentable, looking as she does? It's quite easy.

Just get an ounce of powdered saxolite and a half pint witch hazel at the nearest drug store, mix the two and baths the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation! Wrinkles have vanished loose, tired muscles have been rested and "firmed up." marks of fatigue have flown, and you look so much brighter and younger you can hardly believe your eyes. No one need hesitate to try this, the witch hazel and saxolite being so perfectly harmless.

# Making ready for the Picnic was a happy task for Mother

ICNIC SEASON is here again. And what a wonderful time of year it is! Those funny old games that are only played at picnic time, those threelegged races with their prizes-boat rides or perhaps a swim—and then, best of all, "those eats."

In the days of yesterday no other season meant more to Mother than did picnic time. She loved to hear the tales we youngsters would bring back to her; she could see us running those races, and to think of little Johnnie winning the pie-eating contest-what laughter it furnished her!

Mother knew what fun we'd have and how hungry we'd be, and spent many hours in the kitchen baking breads and cakes. It didn't matter to Mother how hard she had to work-her every joy and happiness came in seeing us kiddies devour her handiwork. And so in making the bread for those hundreds of sandwiches it was but natural that Mother's Love should be kneaded right into those loaves.

Is it any wonder, then, that Mother's bread was so good? Wouldn't you expect it to set a standard that would stand forever and to furnish many hours of happy memories?

But today the kiddies must have better care, and closer attention must be taken to see that every advantage is given them. Mother's time is much in demand and the bread-making is done in the bake shops.

Tip-Top and Hard Roll breads are made so good that they will help to bring back those days of yesterday-those plo nics of long ago and the memories of Mother's bread. Try a loaf today. Tip-Top is a wrapped loaf with soft, tender crust and firm center. Hard Roll Bread has the crisp, hard crust of the French bread and a soft, delicious center. Either is a wonderful bread and each bears our little label -the "pride mark" of the genuine.
