

MAN AND WIFE CHARGED WITH JEWELRY THEFT

Mr. and Mrs. Frank Ingerman Looted Home of Neighbor, Police Are Told.

Frank Ingerman, 2518 N. street, discharged soldier, was arrested late Friday afternoon at his home by Sergeant of Police Michael McCarthy and Detective John Herdina of the South Side police on a charge of grand larceny. It is alleged by the police that Ingerman ransacked the home of Mrs. Nora McCarthy, a widow, 2329 South Twenty-ninth street, and stole a gold watch, several rings and other jewelry valued at about \$500.

Mrs. Estelle Ingerman, wife of Frank Ingerman, also was taken into custody and is being held for investigation. It is alleged she was wearing one of the stolen rings. According to a story told by Mrs. McCarthy, she was slightly acquainted with Mrs. Ingerman, who had visited her and the afternoon of June 30 Ingerman called at the McCarthy home and found Mrs. McCarthy not there and the home in charge of two children. Ingerman gave the children money to go out and get some candy and during their absence looted the house, it is alleged.

Most of the property claimed by Mrs. McCarthy was recovered, some of which was found on Ingerman, police say. He will have a preliminary hearing in the South Side police court Saturday morning. Mrs. Ingerman denies all knowledge of the theft and said her husband gave her the ring, said to have been stolen, and that she thought he bought it for her. Ingerman was stationed at Fort Crook for some time and was discharged from service June 30. After the court house riot he was among the soldiers on guard at the county building.

Harvesting in Fillmore

County Progresses Well

Geneva, Neb., July 9.—(Special.)—Harvesting is going forward rapidly in Fillmore county with cool weather for the comfort of the men in the fields. Some rust is beginning to show on late wheat, but the crop of perfect grain will be large. Corn is in prime condition and a good stand over the county, while the oats are the best ever grown in this section. Plenty of moisture has resulted from rains during the last two weeks and slight damage from hail in the northern edge of the county, principally in Fairmont, Exeter and West Blue districts.

Women Assist in Wheat Harvest in Gage County

Beatrice, Neb., July 9.—(Special.)—Farmers in Gage county have resumed harvesting their wheat crop, the work having been delayed for a few days because of the heavy rains. Thousands of acres of the best wheat in years are being cut, and in order to push the work women, in some instances have been placed in charge of the binder, while the men shock or stack the grain. The harvest will be well in hand in this county within the next week.

Two Homes Looted.

Burglars climbed through the bathroom window in the home of H. A. Voss, 2118 Grace street, and stole a purse containing \$4 and a silk shirt and pair of trousers. Similar tactics were used next door on the home of F. B. Grum, 2120 Grace street, where the burglars were not so successful, getting but 75 cents in loot.

Makes Canned Speeches

Returning to his office in Washington, after a two days' rest, Senator Warren G. Harding, republican nominee for President, tackled the mountain of work which had accumulated. The senator is shown here making a phonographic record of a speech on Americanism, especially prepared for use in the presidential campaign.

New Public Works Department Finds Self Without Home

Lincoln, Neb., July 9.—(Special.)—"All dressed up and no place to go" describes the situation in the department of public works of which George E. Johnson is the head.

Mr. Johnson's department, which includes also the automobile bureau, after the reorganization of the state's business under the code, moved into the senate chamber and the offices of the senate secretary and lieutenant governor and later expanded to take in the offices of the chief clerk of the house and the speaker. Now Mr. Johnson has been notified that there will be a session of the legislature next January and he must move. But there is no place to go. The department of public works takes a lot of space and right now there is neither space nor funds provided to rent the space, even if it could be found. When the last legislature made provision for the erection of a new state house it only set aside \$1,000 for the use of offices which might have to be moved out. This is entirely inadequate.

The department has a lot of new and valuable equipment, such as drafting tables and road plat developing and printing machinery.

Nebraska Naval Officer Is Held in July 4 Bomb Plot

Portsmouth, N. H., July 9.—(Special Telegram.)—Meyer L. Moffitt, Wahoo, Neb.; Richard W. McDonald, Vinton, Ia.; Harry A. Wiggins, Santa Monica, Cal.; Wilson Jerritt, Jefferson, Wis.; Jesse F. Gannon, Provo, Utah; Minn and Roscoe Jenkinson, Guthrie, Okl.; all petty officers attached to the Destroyer McKee, at the local navy yards, were arrested shortly after midnight, this morning by Officers Kelly, Hewitt, Doherty and Sullivan, charged with having thrown the lighted signal bomb into the automobile driven by William McKenzie of Gloucester, Mass., about two miles from this city, Fourth of July evening, in the Lafayette road. McKenzie is at the Portsmouth hospital on the dangerous list, absolutely no hope being held out for his recovery.

Wiggins, the policy say, has admitted throwing the bomb and is in a pitiful condition from grief. The explosion of the bomb caused McKenzie to lose control of the machine, running it into a stone wall and badly wrecking the car. Being unable to raise the \$2,000 bail all were remanded to the Rockingham county jail.

Another State Employee Resigns for More Salary

Lincoln, Neb., July 9.—(Special.)—Again the state loses the services of an efficient man because it is not permitted to pay what business on the outside can afford to offer to secure the services of the men it desires.

This time it is Printing Commissioner F. C. Marshall, who sold the Niobrara Tribune some time ago and accepted the position he now has. The job pays \$140 a month and he has had several offers at a salary far in excess of what the state can pay. He will leave August 1, but has not fully determined what position he will take of those under consideration.

Friends Send Alibi To Omaha for Fishing Yarns of J. J. Hess

"Famous Fish I Have Known," or the alibi for J. J. Hess, florist, 5416 North Twenty-fourth street, which Theodore Wirth, superintendent of the board of park commissioners of Minneapolis, sent to Omaha following Mr. Hess' successful fishing trip to Mother's lake, near Hackensack, Minn.

"Mr. Hess landed five beauties before we natives had a chance to get a bite," writes Mr. Wirth. "Most likely he has been telling fish stories ever since he got home. Since, I believe, for good reasons, his fish stories are not given much credence, I am sending a picture we took of him when he got ashore after two hours' fun on the lake.

Gage County Agent Sends Many Into Harvest Fields

Beatrice, Neb., July 9.—(Special.)—The office of County Agent Rist presented an unusual scene Wednesday when about 20 harvest hands were sent into the fields. Among them were two law students from the University of Wisconsin, two normal school students from Virginia, a couple of Danes from Minnesota, a lone Irishman from New York City and several Italians. In all, about 100 men have found employment through the county agent's office this summer.

State Farm Will Stock Penitentiary Larder

Lincoln, Neb., July 9.—(Special.)—Harvesting of small grain at the state penitentiary is nearly over and out of a field of 175 acres of wheat, but about 25 remain to be cut. This

wheat, in the estimation of the farm boss, will run about 30 bushels per acre and is good quality. In addition to this there are 60 acres of oats, 100 acres of corn, 18 acres of potatoes and about 10 acres of garden truck of which about 7 acres have been set out to cabbage. This will keep the institution larder well stocked for a year.

Heavy Rains Benefit.
Wahoo, Neb., July 9.—(Special.)—Farmers report that the recent heavy rains have not damaged the wheat at all and have aided the corn, oats and potatoes. Wheat harvest is in full swing and will probably be in the shock Saturday night. Several threshing rigs will start Monday.
