

ELWELL'S CHECKS SHOW WOMEN ON "PENSION" LIST

One Friend Was Given \$400 a Month, Authorities Find—Dry Officers Probe Whisky Ring.

New York, July 9.—Turning their attention once again from the investigation of the possibility that Joseph B. Elwell, whisky expert, might have been murdered because of some financial transaction, members of the district attorney's office today began a probe into Elwell's financial dealings with women.

It was said late today that it had been ascertained that the slain car authority had paid one woman \$400 a month up until a short time before he was found dying in the reception room of his home.

Dry Agents in Probe. Meanwhile, prohibition agents continued their investigation of Elwell's alleged connection with a ring illicitly engaged in importing whisky into New York and disposing of it to wealthy Fifth avenue clubmen. The two men, whose arrest was declared last night to be imminent, had not been taken into custody but were still under surveillance, the prohibition authorities declared.

Among witnesses questioned by District Attorney Swann today were several bankers from the financial district who brought with them records of Elwell's check transactions covering a period of several months prior to his death. These checks where they bore the name of women, were compared with a list of the women already known to the authorities as intimates, friends or acquaintances of the murdered man. In an effort to learn if there might not be some feminine figure in the case who has not been discovered.

Look for Second Will. What the outcome of the investigation was the district attorney did not announce.

Frederick Ingraham, the attorney who drew the second will for Elwell—which has not been found—described the drawing of the instrument to the authorities today. He said the will left most of the estate to Elwell's son and a small bequest to William E. Barnes, his secretary. Elwell's horse trainer threw some interesting light on the methods adopted by his employer to attract women. His system, the trainer said, was to hold aloof from the woman whom he wished to interest, at the same time praising her highly to her friends. His praise would invariably reach the ears for which it was intended, he said, and quoted Elwell as boasting that it seldom failed to bring the woman to the point of making first advances herself.

Korea Asks Representation. Tokio, July 9.—(By the Associated Press.)—The Diet today received a petition signed by 600 Koreans asking that Korea be given representation in the Diet. During the session fear was expressed that the new American shipping law might have a disastrous effect upon Japanese shipping.

HOWE BANK BANDIT CHANGES HIS PLEA TO ONE OF GUILTY

Harry Kelley Sentenced to 3 to 15 Years and Must Restore Missing Loot.

Auburn, Neb., July 9.—(Special.)—In district court here today Harry Kelley of Kansas City, on trial for the robbery of the Bank of Howe, Neb., on the afternoon of May 21, stepped of the case and changes his plea from not guilty to guilty.

He was sentenced by Judge J. S. Raper to serve from three to 15 years at hard labor in the state penitentiary, and to restore to the robbed bank double the amount of the missing funds and pay the costs of prosecution. Kelley was taken to the state penitentiary at Lincoln this afternoon to begin serving sentence.

Three Robbers Got \$40,000. The Bank of Howe was robbed in daylight by three unmasked bandits. They got nearly \$40,000 in negotiable bonds, cash and currency and escaped in a speedster. They were captured by Atchison, Kan., police officials at dusk the same evening, near Bean Lake, Mo., 12 miles southeast of Atchison, where a battle ensued in which two of the bandits, Kelley and Ingram, of Kansas City, were wounded and captured. The third man escaped in the hills with about \$2,000 of the bank's currency and has so far escaped arrest.

Ingram in Jail Hospital. Ingram, the second bandit, is still at the hospital of the Nebraska state penitentiary, where he was placed for safe keeping until able to stand trial. All of the securities and cash stolen from the Howe bank was recovered with the exception of \$2,000 in currency. With the loot was a large sum in postage stamps and cash that had been stolen by the bandits in a daylight holdup of a substation of the Wichita (Kan.) postoffice a few days before.

Kelley is a native of Atchison, where he was born and raised.

Complete Jury to Try Rich Chicago Communist. Chicago, July 9.—The jury to try William Gross Lloyd and 19 other members of the communist labor party for alleged conspiracy to overthrow the government by force was completed today.

Just 60 days were spent in selecting the jury and more than 1,500 veniremen were examined before 12 satisfactory to state and defense were found. Lloyd, millionaire sergeant-at-arms of the communist labor party, and his associates were arrested last January during the nation-wide roundup of suspected radicals and were indicted on four conspiracy counts and a general indictment charging violation of the new state law against criminal syndicalism.

LIEUTENANT IS WINDING SELF IN MURDER PLOT

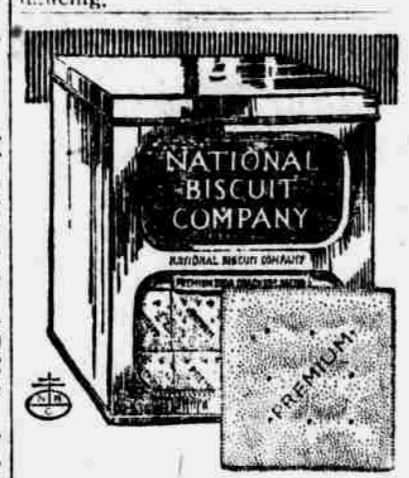

Husband Who Shot Man He Claimed Killed Wife Now Faces Charge of Killing Her.

Chicago, July 9.—A robbery plot in connection with the shooting of the wife of Lieut. Carl Wanderer and a strange man in the vestibule of the Wanderer home on the night of June 21 was a new theory advanced by police today, following their interrogation of the lieutenant. They declared they had discovered that Mrs. Wanderer had withdrawn \$1,500 from a bank only two days previous to the shooting. The money, they added, was later found in the Wanderer home.

Police officials said that Wanderer had told them that he had planned to re-enter the room and Police Sergeant John Norton added that he was working on the theory that the lieutenant "might have decided to frame up a robbery of his wife and get the money." The police official said that "it is possible the stranger had been employed by Wanderer to commit the robbery and that in the darkened vestibule he fired by mistake. Then, after he shot Mrs. Wanderer, her husband was forced to shoot him to cover up the conspiracy."

In another statement today Wanderer, according to the police, admitted that both guns used in the shooting were his property.
