BRITISH URGE ARMISTICE FOR REDS AND POLES

Also Proposal Agreement Be Between Soviet Forces and Anti-Bolshevik Commander in Crimea.

London, July 15.—The note of the British government to soviet Russia agreeing to continue negotiations for a resumption of trade relations and proposing an armistice between soviet Russia and Poland, also between the soviet forces and Gen. Wrangel, anti-bolshevik commander in the Crimea, was read in the house today by Andrew Bonar Law, the government spokesman.

The note takes cognizance of the acceptance of the Russian soviet government of the principles laid down in the British memorandum of July 1 and agrees to a resumption of negotiations for definite trade relations as soon as the Russian delegates return to England. Then proposing an armistice with Poland, the note said: "The British government is anxious to restore peace throughout Europe and, therefore, proposes the following arrangement: "That an immediate armistice be signed between Poland and soviet Russia under which hostilities shall be suspended. That the terms of this armistice provide on the one hand that the Polish army shall immediately withdraw to the lines provisionally laid down last year by the peace conference as to the eastern boundary to which Poland is entitled to establish a Polish administration."

"On the other hand the armistice should provide that the army of soviet Russia should stand at a distance of 50 kilometers east of this line. In eastern Galicia each army will stand on the line they occupy at the date of the signature of the armistice.

"That as soon as possible thereafter a conference sitting under the auspices of the peace conference shall assemble in London, to be attended by representatives of soviet Russia, Poland, Lithuania, Latvia and Finland, with the object of negotiating a final peace between Russia and its neighboring states. Representatives of eastern Galicia also would be invited to London to state their case."

The note said the armistice with Gen. Wrangel should be on the basis that Wrangel retire immediately and that during the armistice this must be a neutral zone. Wrangel would be invited to London to discuss the future of his troops and of the refugees under his protection, but could not be a member of the conference.
