

EXPEDITE COAL SHIPMENTS TO LAKE ERIE PORTS

Plan to Ship Approximately 20,000,000 Tons of Fuel to Points in Northwest By Water.

Chicago Tribune-Omaha Bee Leased Wire. Washington, July 17.—Priority orders designed to insure an adequate supply of coal for northwestern states probably will be issued by the Interstate Commerce commission next week.

A proposed draft of an order will be presented to the commission on Monday by committees representing the National Coal association and the railway executives. The order embodies a plan for relief of the territory dependent upon the shipment of coal by lake during the summer months which was worked out at conferences during the last few days in New York.

Under the plan, approximately 4,000 cars will be furnished to the mines tributary to Lake Erie ports daily, and 20,000,000 tons of coal will be shipped by lake to Minnesota, Wisconsin and other states in that section before the close of navigation, November 1.

Roads Give Preference.

The proposed order directs the railroads to give preference and priority to carloads of bituminous coal consigned to H. M. Griggs, manager of the Ore and Coal exchange, Cleveland, O., at any Lake Erie port for transshipment by water. It also places an embargo on the supply of cars for, or the movement of bituminous coal, to other consignees or other destinations. This embargo shall not apply after producers and shippers of coal in the area tributary to Lake Erie ports shall have shipped on any day, a percentage of the total number of cars to which they are entitled.

After having shipped on any day the required number of cars to Lake Erie ports, a coal producer for the remainder of the day may consign the other cars which he receives to any consignee and destination desired.

The order also provides that bituminous coal consigned to Mr. Griggs shall not be subject to reconsignment except upon permit issued by him.

Griggs to Fix Percentage.

The percentages for the various coal mines will be determined by Mr. Griggs. The order is designed to apply to coal mines in Ohio, Pennsylvania and West Virginia chiefly.

The railway executives have approved the plan as suggested by the coal operators especially interested in the northwest situation.

The order as proposed is to remain in effect for the remainder of the navigation season. It is expected it may affect some industries in the Ohio region adversely. Those who sponsored it, however, said that the imperative necessity of shipping coal to the northwest during the open season outweighs any adverse effect in other directions.

Under the terms of the order, the cars are to be loaded out of the current daily distribution based on mine ratings and are to be loaded in preference to all other coal except railroad fuel and coal given preference and priority under existing orders of the Interstate Commerce commission.

Nebraska Pioneer, 70 Years Old, Hangs Himself in Barn

Plattsmouth, Neb., July 17.—(Special.)—The lifeless body of William Heil, one of the oldest residents of Eight Mile Grove precinct, near here, was found suspended from the hay elevator in the barn on his farm, where he ended his life by hanging.

Mr. Heil was 70 years old, and, although born in Germany, came to this country with his parents at an early age. In 1870 he came to Cass county from Illinois, and has made his home here ever since, amassing considerable property. For the last few years he has been in poor health.

Bridge Crew Completes Work on Platte Structure

Plattsmouth, Neb., July 17.—(Special.)—The bridge crew which has been here since September working on the Burlington bridge over the Platte river, has completed its work and been sent to Kansas to work on a large job. The work here included the sinking of several caissons to replace those that had settled and required a long time, due to the heavy traffic over the bridge.

Two Youths Given Sentence On Bread and Water Diet

George Brewer, 18 years old and married, and Henry Bonemyer were sentenced to confinement in jail on bread and water for aiding and abetting in the delinquency of girls.

Hastings Nominee for Judge Kills Candidacy

Lincoln, Neb., July 17.—(Special.)—Charles E. Bruckman, who received the nomination of the district court for the Tenth judicial district, has filed his withdrawal with the secretary of state. Mr. Bruckman lives at Hastings. There are still enough candidates left to fill the ballot.

Warns Against Exaggerated Accounts of Earthquake

Los Angeles, July 17.—Warning to people here not to send "the folks back in your native haunts, ridiculously exaggerated accounts of earthquakes here," was contained in a statement issued by Mayor M. P. Snyder.

The Round Steering Wheel for an Automobile, Instead of Levers as in Electric, Was First Designed and Used in 1898.

The round steering wheel for an automobile, instead of levers as in electric, was first designed and used in 1898.

Ex-Soldier Brands Stories of 'Red Terror' in Siberia As Untrue

Highly colored and inaccurate pictures of disorder in Russia are keeping American business in third place in that country, according to John S. Selmski, who spent more than 20 months in Siberia with the intelligence section of the Siberian division of the American army. Selmski, whose home is in Brooklyn, N. Y., is visiting in Omaha. He was among the last of the American expeditionary force to leave Siberia, embarking from Vladivostok, March 10.

While Japan and England are seizing business opportunities in Siberia, American interests are held back, Selmski believes, by the exaggerated reports of bolshevism in the land of Lenin and Trotsky. Constantly on the move between Vladivostok and Omsk, a distance of more than 3,000 miles, Selmski declared he found comparatively orderly conditions and none of the "red terror" as reported in America.

Court Fight Over Persian Cat Is Put Off Until August

Hearing of the dispute over the ownership of a Persian cat was continued yesterday in municipal court to August 3. As yet the cat has not been positively identified.

Miss Margaret Kennedy, 264 Harney street, who relinquished the animal from Mrs. R. M. Sirra, 1019 South Twenty-fifth avenue, stoutly contends the cat's name is "Kewpie." On the other hand, Mrs. Sirra is positive the cat will respond to the name "Mickey."

Both women affirm they will not give up the fight until every legal resource has been exhausted.

Bring Flag to Lincoln Presented to State G. A. R.

Lincoln, Neb., July 17.—(Special.)—Mr. and Mrs. John Reese of Broken Bow are visiting in the city and brought with them the silk banner presented to the Nebraska department of the G. A. R. at Chicago in 1900, at the time of the annual national encampment, for the state making the best showing in the parade. Mr. Reese was department commander of Nebraska at the time, and Assistant Adjutant General Cross, to whom he gave the flag in charge, was department chaplain. The banner will be preserved in the room set aside for G. A. R. relics.

Finds Headquarters for Altering Stolen Autos

Plattsmouth, Neb., July 17.—(Special.)—Marshal Charles Reichart of Louisville has unearthed a place in the dense woods near the National Stone company's Louisville quarry which seems to have been a spot used by auto thieves to "doctor" stolen Fords. The ground was strewn with numerous small parts of Fords, and indications of an exchange of engines were apparent.

Women Organize Club.

Scottia, Neb., July 17.—(Special Telegram.)—A Harding and Coolidge club was organized by the women of Scottia today.

Overdose of Tonic Is Fatal To Lucille Page, 2 Years Old

Lucille, 2-year-old daughter of Mr. and Mrs. Vernon C. Page, 4808 Chicago street, died last Thursday from convulsions which resulted from drinking an overdose of tonic which contained poison. At the city board of health the cause was given by Dr. A. S. Rubnitz as "strychnine poisoning—accidental." The body was taken to Kansas City for burial.

SARPY COUNTY MAY PAVE PART OF RIDGE ROAD

Sarpy County Commissioners to Hear Arguments On Proposal Monday—Plans Call For Four-Mile Boulevard.

For the first time in the history of Sarpy county, a paving issue is before the county board of commissioners.

A petition, signed by 90 per cent of the property holders involved, has been presented calling for concrete boulevard on four miles of the Bellevue boulevard, commonly called the Ridge road, to Fort Crook.

Among the signers to the petition are the officials of Camp Brewster for the Y. W. C. A., Camp Gifford for the Boy Scouts, Fontenelle forest reserve, the Omaha Automobile club and the Chinese Mission.

A meeting of these signers has been called for 1 p. m. Monday in the court house at Papillion, when they will present their case to the county board.

The plan calls for a concrete road at an estimated cost of \$40,000 a mile.

M. J. Beucher, live stock ranchman, who has been one of those active in bringing the paving proposition before the county board, is organizing his forces among the signers of the petition to be present at this meeting to batter down whatever opposition may present itself.

The petition now signed calls for four miles of paving. Ridge road from the city limits to Fort Crook totals six miles, all of which the petitioners hope to pave eventually.

Omaha Man Accepts Place As Nominee for Judge

Lincoln, Neb., July 17.—(Special.)—F. W. Fitch of Omaha has filed his acceptance for the nomination as a candidate for district judge for that district. Mr. Fitch received nine votes written in on the ballot, and as the law permits twice as many candidates as the number elected, his name can be placed on the ballot. Others who received more than one vote were Joe Berger, J. John L. Grossman, 3, and C. C. Sheppard, 2.

Overdose of Tonic Is Fatal To Lucille Page, 2 Years Old

Lucille, 2-year-old daughter of Mr. and Mrs. Vernon C. Page, 4808 Chicago street, died last Thursday from convulsions which resulted from drinking an overdose of tonic which contained poison. Nebraska Railroads File Joint Request For Rate Increases

Lincoln, Neb., July 17.—(Special.)—Seven Nebraska railroads today filed a joint request with the state railroad commission for an increase in passenger, express and baggage rates following a request made some time ago for a 23.9 increase in freight rates.

The 3-cent passenger rate is now in force and a further raise may not meet the approval of the state commission and the roads will probably have to put up some good argument before the commission will grant them what they want.

It is hinted that the Interstate Commerce commission may raise rates on all kinds of traffic. This may be the cause of the activity of the roads at this time.

Three Injured When Auto Strikes Horse Vehicle

Plattsmouth, Neb., July 17.—(Special.)—A rear end collision between an automobile and a buggy last night resulted in the serious injury of Mr. and Mrs. Ivan Taylor.

occupants of the buggy and Tom DeWolf of Weeping Water, driver of the car, which was overturned, pinning him beneath. Police took DeWolf into custody when a small quantity of liquor was found in the wrecked car.

Plattsmouth Girl Goes to Dayton to Marry Fiance

Plattsmouth, Neb., July 17.—(Special.)—Mrs. W. H. Seybert and daughter, Miss Frances, leave today for Dayton, O., where Miss Frances will be married to C. A. Marshall, jr., formerly of this place, but now an employee of the National Cash Register company at Dayton.

Legion Post Conducts Plattsmouth Street Dance

Plattsmouth, Neb., July 17.—(Special.)—Community dancing on a large platform erected over the street in the business section was begun last night as a part of the events of Barga's circus, a combined pleasure and business affair sponsored by the Commercial club.

The dances are in charge of the American Legion and will continue twice a week until August. The 20th infantry band from Fort Crook, accompanied by Col. Buck and his staff, came down for the opening dance, the proceeds of which will go toward the Legion's new club home.

Nebraska Boy Who Drowned in Germany Brought Back Home

Fairbury, Neb., July 17.—(Special.)—The body of Blair Kille son of Mr. and Mrs. Mike Kille arrived in Fairbury from Germany Thursday for burial. Kille was drowned in the Rhine river, June 1919, and the body was recovered a week later and buried in Germany. He was a soldier on duty for United States government.
