# LEAGUE ISSUE WELCOMED BY G.O.P.NOMINEE

Senator Harding Says Victory For Cox Would Mean Continuation of Our Present Foreign Policy.

Marion, O., July 19.-Pressing his fight against the "splendid accord" established vesterday between President Wilson and Governor Cox, Senator Harding declared in a statement today that triumph of the democratic ticket this year would mean "a continuation of the foreign policy which has so grievously disappointed both Europe and Amer-

Apparently foreseeing the league as a paramount campaign issue as a result of the White House conference, the republican candidate adopted an aggressive program of striking at the Wilson policy wher-ever it showed its head. He took for the text of today's attack a statement on the league attributed to Colonel House and just published in this country.

"We are beginning to understand," said Senator Harding, "the mistakplighted relationship of the United States to Europe, just in time to proceed to a referendum intelli gently. This one representative of this country, other than the president, who best knew the whole situation at Paris, was Colonel House. He tells us now, in a cabled statement from London, that the suggestion of a preliminary peace treaty was made very soon after the armistice, and that such a treaty could been made before Christmas

"All along this has been the republican conception of what ought to have been done, but this is the first official knowledge that Europe wished such a procedure and was deterred by us in expediting peace. The authentic revelation is peculition of the foreign policy which has

so grievously disappointed both Europe and America.

Colonel House's statement, to which Senator Harding referred, was contained in a special cable to the Philadelphia Public Ledger from London. In it the colonel was quoted as saying that a preliminary treaty concerning army, navy, reparations and delineation of boundaries "could have been made by Christmas of 1918 and would have been not only the usual but the obvious thing

Starting on one of the most picturesque flights ever undertaken by the United States army air service, four big army planes took to the air at Mitchell Field, Mineola, on the first leg of their long journey to Nome, Alaska. The planes will cover approximately 9,000 miles, and it is estimated the trip will take 45 days. The primary object of the flight is the establishment of an aerial military route to northwesternmost Philadelphia. America. Photographs will be made of the route. No attempt at speed will be made, the planes flying under a schedule which calls for easy stages of from 200 to 350 miles a day. In the photograph, from left to right, are: Captain St. Clair, commanding officer; Lieut. Clifford C. Nutt, flight commander; Lieut. Ross C. Kirkpatrick, Lieut. E. H. Neon and Lieut. C. E. Crumie. # to Aid Farmers Now Is Reality in Oklahoma

Oklahoma City Okl., July 19. Approximately \$1,000,000 is available of Oklahoma under the provisions of the home loan act, passed by the 1919 legislature, which became effective July 1. More than 8,000 requests for blanks to apply for loans have been received, according to E. P. Bryan, assistant secretary to the commissioners of the land

The act is limited to persons who have been residents of the state for two years or more and who are not the owners of more than 40 acres of and. From the home loan fund of \$250,000 appropriated by the legislature, the maximum loan is \$2,000. A loan not exceeding 50 per cent of the value of the farm to be purchased, however, can be made from the "new college fund." menting the home loan fund is a fund to be paid by the state corporation commission consisting of refunds for overcharges by express companies escheated to the state. County committees will pass upon

all requests for loans. Notes run for 20 years, bearing 4 per cent in-terest, the act provides. The amount of land to be ourchased by a single person under the home loan act is limited to 160 acres.

# PROFITEERING Citizens Arm Selves **GARMENTMAKERS**

Series of Union Owned Factories and Stores Planned as Means of Reducing the H. C. L.

New York, July 19.-Profiteering n the women's garment industry will be gought with union-owned shops, factories and stores by the International Ladies' Garment Workers' union.

This became known here today when officials of the union announced that it has a committee at work laying the foundation for the first group of union-owned factories, which are expected to be in operation by next spring.

Will Prove Theories. These factories are to be established, according to Benjamin Schlesinger, international president, to demonstrate that the workers can be paid first-class wages, work less hours and enjoy better working conditions than they are now getting and reap a "reasonable profit" from their product and still sell it considerable under the regular market price.

The union proposes to sell its output to consumers through their wn stores. The first group of six tactories will be established in New York,

ogether with a number of union tores, union officials said. Others will be located in Chicago and

medium and high-price garments for the spring trade," A. Baroff, secretary of the union, said. "The first factories probably will employ about 1,000 workers, to be selected by the union." They will pay higher wages than are paid by employers in the garment industry and a for the purchase of farms by citizens seven-hour day will be in effect, he added. The workers now work an eight-hour day with a half-holiday

The local unions of the Ladies Garment workers, according to Mr. Baroff, are also taking steps on their own initiative to defeat the high cost of living by establishing co-operative restaurants and stores, A number of stores have been started in New York and a restauraunt is being operated by unions in Philadelphia, he said.
