CHICAGO CHURCH TAKES PITY UPON POOR JANITORS

Provides Scrumptious Suite of Four Rooms in New Parish House.

Chicago Tribune-Omaha Bee Leased Wire. Chicago, July 19.—Time was when considerable sympathy was wasted upon the poor janitor, who had to work several hours a day picking the tenants of the apartment buildings for tips, getting all his table supplies free from the merchants serving the tenants, getting all his clothing free from tenants, and not having to worry about paying rent.

Chief Anderson said Sunday night the three A. D. T. men had confessed to the part they played in the robbery. No arrests have been made since Saturday and police believe they have all of the men implicated under arrest with the exception of one, a former A. D. T. employee who left the city about a week ago and whose name is withheld.

JOHN H. PACKER, well-known electrical engineer, of Liberty, Mo., says that to look at him today no one would ever take him to be the same man he was before Tanlac restored his health. Has gained forty-four pounds.

"For two years previous to the time I began taking Tanlac, I lived principally on a raw-egg diet. During this time I was laid up in the hospital for five months and practically no hope was held out for my recovery. I don't suppose any man had a worse case of stomach trouble than I did, in fact, they said I could not live. Tanlac did not seem to help me much at first, and I had almost made up my mind to give it up, but if I had given it up it would have been the mistake of my life. I stuck to it for a fair test and am thankful that I did, for after finishing my fourth bottle, my appetite was better and I noticed myself improving. This encouraged me to keep on taking it and in two months I was able to eat a good square meal and digest it as good as anybody. Then it wasn't long until I got so I could go back to my work and at the time I had finished my last bottle, I found I had actually gained forty-four pounds in weight. To look at me today no one would ever take me to be the same man I was when I began taking Tanlac. The above remarkable statement was made recently by John H. Packer, well-known electrical engineer of Liberty, Mo. Tanlac is sold in Omaha at all Sherman & McConnell Drug Company's stores, Harvard Pharmacy and West End Pharmacy. Also Forrest and Meany Drug Company in South Omaha and Benson Pharmacy, Benson, and the leading druggist in each city and town throughout the state of Nebraska.

LOWDEN CHARGES MAYOR THOMPSON WITH DISLOYALTY

Illinois Governor Tells Reasons For Break With Chicago Executive.

Chicago Tribune-Omaha Bee Leased Wire. Chicago, July 19.—For the first time since they parted political company, Gov. Frank Lowden Sunday made the flat statement that the troubles between himself and Mayor Thompson were due to the mayor's opposition to the cause of America during the war.

"During the war it was my duty, as governor, to put the entire strength of Illinois as far as possible back of the government in the prosecution of the war," says the governor in a signed statement issued from Springfield. "In doing this, as is well known, I came into conflict with the mayor of Chicago. One of the consequences was that all the elements of disloyalty or discontent became arrayed under his banner."

The attack upon Mayor Thompson by the governor, which he had refused to make when his own fate was at stake in the struggle for the nomination of Elyria Thriss for lieutenant governor, was in fact a general statement in behalf of the lieutenant governor, prepared by Governor Lowden after conferences with a number of reputed leaders of the state.

"The attack upon the governor makes it plain that he believes the issue in the republican primary fight to be decided next September is one of patriotism. He places this issue first in his appeal to the voters of this state that all the elements of disloyalty and his followers for their conduct during the war."

As a second issue he raises that of "Tammanyism." He refers to the "Thompson Tammany" organization, built up, he says, around the disloyalists who rallied around the mayor. "Tammany Hall in New York is not so powerful and not less scrupulous," is his declaration.

Asia Hailed as Mecca Of Woman's Freedom By Hindu Suffragist

Paris, July 19.—Asia, the mother of all civilization, may be the mother of liberty in the future, believes Chandra Sen, prominent Hindu suffragist and author. The east is awakening, and the prestige of our movement is only one phase of the wave of freedom which is sweeping over the continent, and which will probably wash over other continents before very long, he says.

"Social liberty and political liberty go hand in hand," he declared. "And as woman's advance may be measured by the standard of its women, I foresee the greatest future for Asia. Thousands of years ago, when India was the cradle of civilization, men and women had equal authority. As woman's place was gradually diminished, the prestige of our great country dwindled. Now the movement for woman's emancipation is growing stronger and stronger. Eventually it will do away with old prejudices. When women come into their own in the Orient, India will rise to its former heights."

"Women all over the world have the same mission and the same interest. They give life, and they have, therefore, the right to preserve life. Peace is the goal which all women must work for."

BOND IN "DOPE" CHARGE REDUCED; U. S. MEN ANGRY

First of 10 Caught in Federal Net Arraigned—Bail Cut From \$15,000 to \$1,000.

First of 10 persons arrested in the wholesale narcotic raids made by federal agents in Omaha last week to be arraigned, Jim Bell, 2405 Ohio street, through counsel, yesterday waived preliminary hearing and was bound over to the grand jury under \$1,000 bond by United States Commissioner E. C. Boehler.

Bonds of all victims of the raids were placed at \$15,000 each last week, the unusually high amount being explained by federal agents as due to the fact that all prisoners taken would be needed in prosecutions to come.

Federal agents on learning of the reduction of Bell's bond yesterday failed to conceal their indignation. "Blackie" Collins, Ruby Brown, and Irene Johnson had been taken to the federal court room by federal agents to testify against Bell. They were returned to the county jail, where they are held on various charges, when Bell's attorney waived hearing.

The 10 prisoners taken in the "dope" raid will probably be arraigned singly and at different intervals, Commissioner Boehler intimated yesterday. "Speck" Gibson will be arraigned today.

CANDIDATE OF NEW PARTY RAPS PINK TEA GROUP

Christensen Fires Broadside at Three Former Leaders in New Organization.

Chicago Tribune-Omaha Bee Leased Wire. Chicago, July 19.—Amos Fincho, Allen McCurdy and J. A. H. Hopkins, who originated the movement which led to the birth of the "Farmer-Labor" party, received their thanks today from Parley P. Christensen, new party's candidate for president.

In a statement issued before he left the city, Mr. Christensen refers to the three and a fourth he does not name as "a quartet of coupon-clipping intellectuals from New York whose arteries ran ice water when what they intended to be a pink tea for the uplift got lost in a convention of the plain people."

The farmer-labor candidate then announces that the men he names are misrepresenting the attitude of the committee of 48 toward the farmer-labor party, and that the majority of the committee of 48 rides with the farmer-labor party.

Yolande of Sicily Shown as Inspirer Of Maid of Orleans

Paris, July 19.—The real heroine of France was not the Maid of Orleans, but Yolande of Sicily, daughter of the king of Aragon, mother-in-law of Charles VII of France, according to Ernest Lesigne, author of "The History of the Real Joan of Arc." He writes:

"Yolande of Sicily was a clear-sighted, intelligent woman who had great influence on the weak king of France, Charles VII. In spite of court intrigues she strengthened the alliance of France with Castile and the duchy of Milan, with Brittany and Lorraine. It was she who surrounded the king with clever and valiant captains—Dunois, La Hire, Xaintrailles, duke of Alencon, Richemont—who reorganized the army and became, by their exploits, the terror of the English. It was she who stirred up the towns to a realization of the peril to their country and created a militia."

"It was Yolande of Sicily who, connected with the houses of Bar and Lorraine, conceived the idea of stimulating the king's morale by invoking the miraculous, and called Joan from Domremy, the maid already known to the duke of Lorraine."

"While the presence of Joan of Arc crystallized the resistance of the French, the truth should be told about Yolande of Sicily. The legend of the Maid of Orleans is a beautiful one and cherished in France, but the wise policy of Yolande should be taught as an example of the power of wisdom and judgment in saving a nation."

Ten Years Younger Than His Years

Doesn't it make you feel good—cause you to straighten up and feel "chesty"—when someone guesses your age; at ten years or so younger than you really are? You look into your mirror, smile with satisfaction and say to yourself: "Well, he didn't make such a bad guess, at that."

The point is: You're no older than your vitality. If a man is strong, vigorous, mentally alert, fine and fit at 50 he has a better chance of living up to 80 than a man of 30 who is weak and run-down has of living up to 60. While none of us can stay the years nor stop time, we should all make an heroic effort to successfully resist the effects of time by ever keeping our vitality at par.

When you sense a feeling of slowing down of your physical forces—when your stomach, liver, kidneys and other organs show signs of weakness—when you notice a lack of your old time "pep" and "punch"—in other words, when you feel your vitality is on the wane, you should commence at once to restore your energy, strength and endurance by taking LYKO.
