

SPECIAL TAXES BY GOVERNMENT DUE AUGUST 1

Nebraska Must Pay Uncle Sam \$1,000,000 on Corporation Stock and Federal License on Businesses.

Special federal taxes aggregating about \$1,000,000 in the local district which includes the whole state of Nebraska, must be paid to the government before August 1.

This sum is divided into two kinds of taxes, capital stock tax and federal license.

According to Chief Deputy Collector K. J. Carson of the internal revenue department, the taxes become delinquent after the first of the month and various penalties are imposed upon business houses willfully failing to pay their taxes.

\$1 Each \$1,000 Capital. The capital stock tax applies to every corporation carrying on business in the United States.

A total of 200 business enterprises and special items are taxed by the government in the Nebraska district.

The figures given out by Mr. Carson reveal that 4,500 business houses must pay capital stock tax. More than 200 stock brokers must pay a license fee of from \$50 upward, according to the volume of their business.

Twenty-four pawnbrokers must pay a special tax of \$50. Approximately 725 theaters and concert halls are taxed according to their seating capacity.

Those seating less than 250 persons are taxed \$50. From that figure the fee ranges to \$200 for those seating in excess of 800.

5,000 Pool Halls Listed. Over 5,000 pool halls and 250 bowling alleys must pay a tax to Uncle Sam. Ninety-eight Nebraska people who own boats and yachts in lakes throughout the country must stand tax.

Taxi drivers and other companies who have automobiles to hire are taxed. Others taxed are 16 shooting galleries, 4,000 dealers in narcotics, eight business houses dealing in alcohol, 3,500 persons making oleomargarine and hundreds of drug stores and others.

Grand Island Truckers To Freight From Omaha

Grand Island, Neb., 23.—(Special.)—A. Nielsen and Peterson, whose transfer line has grown within the past two years from two wagons to five large auto trucks, next week will undertake their first freighting from Omaha to Grand Island. Their longest previous haul has been from Grand Island to Lincoln. On this occasion they moved a man's household goods out of a Grand Island residence in the morning and placed them into his Lincoln residence late in the afternoon. The Omaha haul is the longest they will have so far undertaken. Mr. Nielsen states that when the Lincoln and other main highways are surfaced, such service can be given at any time throughout the year at a considerable saving because of the elimination of packing and draying at both ends.

Ord, Neb., July 23.—(Special.)—The census for the Ord school district shows an increase of 35 per cent over the census for last year. The schools have been crowded to capacity. It was found necessary to add two new teachers for the coming year. The census gives 721 as the official count. This with an increasingly large number of non-resident pupils will make necessary the erection of a new ward building in the near future.

Albion, Neb., July 23.—(Special.)—George H. Wood, landscape gardener from the University of Nebraska, will submit three sets of plans for the laying out of the Albion park, the ground for which was donated to the city sometime ago by D. J. DRYS TO WAGE BATTLE AGAINST OLD PARTIES

National Committee Outlining Plans of Campaign—Both Nominees Denounce Senator Harding.

Lincoln, July 23.—With the national convention finished and a ticket placed in the field for the fall campaign prohibition delegates were today on their way home and the newly elected national committee was making its plans for the coming fight with the democrats and republicans.

The convention adjourned shortly after midnight after naming Aaron S. Watkins, Germantown, Ohio, school teacher, as its standard bearer and D. Leigh Colvin, New York superintendent of public instruction of that state, as its vice president.

The convention adjourned shortly after midnight after naming Aaron S. Watkins, Germantown, Ohio, school teacher, as its standard bearer and D. Leigh Colvin, New York superintendent of public instruction of that state, as its vice president.

In addition to planning for the campaign the national committee expects to issue a statement soon, making known its feeling toward Senator Harding's prohibition pronouncements in his speech of acceptance yesterday. Individual members said it seemed unsatisfactory at first glance, but wanted more time to study it.

Aaron S. Watkins of Germantown, O., and D. Leigh Colvin, prohibition party candidates for the presidency, today issued statements of their views on the national committee's stand on prohibition taken by Senator Harding in his speech of acceptance yesterday.

"We notice with regret that Senator Harding mentions and even emphasizes the fact that many dissent from the law and he with, if possible, I think, secure its repeal."

"It is all right for Senator Harding to speak of law enforcement," said Mr. Colvin's statement. "Anyone would do that. But his broad statement about repeal makes his stand absolutely unacceptable."

Keeping Healthy in Broiling Sun

When head feels heavy or stomach is acid, get quick relief with Dr. Caldwell's Syrup Pepsin.

In spite of the lighter foods we eat during summer months, it is the season of greatest dyspepsia and constipation. Many find it difficult to stand the heat. They exercise little and are always tired and half-sick.

It is good policy to take plenty of ripe fruit and vegetables, lots of cool, clear water and walks when the sun has set. But with all these precautions it is often impossible to regulate the daily elimination, with the result that thousands suffer from constipation, indigestion and similar ills.

There is nothing better for clogged-up bowels, for a stomach that refuses to work, than that well known combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is America's standard relief for constipation. It has the great merit of being sure to act, yet acting mildly and without griping.

Thousands of mothers give Dr. Caldwell's Syrup Pepsin to infants, and it is especially popular in hot weather. Mrs. E. C. Wilson, who lives in Hugo, Okla., where the heat in summer is intense, is the mother of eight children. All of them, and including herself, maintain their health in spite of enervating heat by frequent use of Dr. Caldwell's Syrup Pepsin. See what it will do for you.

Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.
