

LA FOLLETTE MAY YET LEAD THIRD PARTY CAMPAIGN

Wisconsin Senator Bolts Republican Platform — Also Takes Rap at Democratic Platform.

Chicago Tribune—Omaha Bee Leased Wire. Madison, Wis., July 23.—Senator Robert M. La Follette has bolted the platform of the republican party. He has nothing to say, however, on Harding or Cox, personally, although the democratic platform comes in for a drubbing with the republican platform. The statement is a signed editorial in La Follette's magazine under the caption, "The Old Parties Have Failed."

The statement indicates La Follette may yet lead a third party movement. "Popular government cannot long endure in this country without an aggressively progressive party," declared Senator La Follette. "The republican and democratic conventions just concluded demonstrate that both these parties are completely controlled through political bosses by the great special interests, and that the election of either of their candidates means a dictatorship of plutocracy, and political and industrial servitude for the great mass of people."

"Neither of these parties for years has willingly admitted a new or progressive idea into the policies of the national government. They have shamefully deceived and ruthlessly betrayed the voters who have given them power. Having no other purpose than to protect the monopoly powers of the great financial interests, which are their masters, they have joined in permitting the mercenary dictatorship of plutocracy, and political and industrial servitude for the world into a tyrannical despotism."

"Acting in vicious accord, dictated by their financial masters through the greatest lobby ever assembled in Washington, the democratic and republican parties joined in the enactment of the infamous Esch-Cummings railroad bill, the crime of 1920—which has paralyzed transportation, stagnated industry, demoralized credit and thrown hundreds of thousands of workers out of employment."

Mosquitoes Drive Demo Leader Back to Gate City

One night's battle with voracious Canadian mosquitoes was enough for Arthur F. Mullen and family, who arrived home Thursday from San Francisco and Pacific points following Mr. Mullen's attendance at the democratic national convention as delegate from Nebraska. Mr. Mullen, with his wife and young son, stopped at Lake Louise, Saskatchewan, intending to spend a week there in the Canadian Rockies, but the mosquitoes ended the sojourn in one night.

LENROOT URGES WATERWAY FROM LAKES TO COAST

Wisconsin Senator Says Congress Should Take Action Within Coming Year.

Detroit, July 23.—Congress should act within the coming year to provide a deep water route from the Atlantic to the Great Lakes as a means of developing the commerce and industry of the middle west, Senator Irvine L. Lenroot of Wisconsin told the Great Lakes-St. Lawrence Tidewater congress here tonight.

WICHITA WOMAN NEVER FELT ANY BETTER IN LIFE

Mrs. Worden Says Tanlac Relieved Her Four Years Ago and She Is Still in Fine Health.

"Six weeks after I started taking Tanlac I threw away my crutches, and although that was four years ago I have been enjoying the best of health ever since," was the truly remarkable statement made recently by Mrs. M. M. Worden, a highly esteemed forewoman for the Southwestern Cracker Co., who lives at 517 South Market St., Wichita, Kan.

"As the result of an accident five years ago my leg was badly injured and I had to stay in the hospital for several weeks. As my leg failed to get well it was concluded that my only hope was to have the lower part of the limb amputated. I couldn't bear the thought of being a cripple for life and so refused to be operated on, and next day returned home. By this time I had become very weak and run-down, my digestion was all upset and I couldn't get any rest at night."

"I had heard what a wonderful medicine Tanlac was for building people up, so I sent down to the drug store and bought a bottle. Little dreaming how much good it would do me. That first bottle helped me so much that I kept right on with it, and it wasn't long before I could get around on crutches. Within six weeks I was able to go without the crutches altogether and haven't needed them since. I have a splendid appetite, am never troubled with indigestion, and sleep so well at night that I get up in the mornings feeling just fine. I am able to work as well as I ever could, and never feel better in my life. It's no wonder I'm always praising Tanlac, and I want all suffering people to know what a grand medicine it is."

Use Resinol at the first sign of skin eruption. You don't know how far that itching spot of eczema, or bit of rash might develop, and it's best to check it at once by using RESINOL OINTMENT. Its cooling, healing qualities usually stop itching, and burning after the first application. Resinol is also an excellent healing dressing for burns, cuts, stubborn little sores, etc. At all drug stores.

Development of the St. Lawrence river is more important to the prosperity of the United States as a whole than was the building of the Panama canal. John W. Thomas, Chicago banker, said thousands of business men in the United States did not know they were suffering from a break-

down in the nation's transportation system, which adequate water routes would avert. The congress seeks to have work on improvement of the St. Lawrence begun in 1921. At tomorrow's session, Senator Miles Poindexter of Washington will present the views of the Pacific

coast, and J. W. Shortbill of Omaha will speak for the farmers. Brooklyn Man Comes to Become Rialto Manager. John Loveridge of Brooklyn arrived in Omaha yesterday to become manager of the Rialto theater.

Mr. Loveridge succeeds H. M. Thomas, who leaves soon preparatory to taking his new position with a Canadian syndicate of motion picture houses. Mr. Loveridge has been in the show industry for 18 years. He opened the new Strand theater in Brooklyn three years ago.

Ex-Crown Prince Arrives to Tell Mother of Brother's Death. Doorn, Holland, July 23.—(By The Associated Press.)—Former Crown Prince Frederick William arrived here yesterday for the purpose of consoling his father on the death of

Prince Joachim, who recently committed suicide, and consult with the former emperor concerning when and how to tell the former empress the news. The latter must be informed before the end of the week as she is expecting Joachim to arrive Saturday with his child.
