Reds' Foreign Minister Says Orders Given to Supreme Command to Open Negotiations for Peace.

London, July 24.—The soviet government of Russia today notified Poland that the soviet army command had been ordered to begin immediate negotiations for an armistice, it is announced in a wireless dispatch from Moscow today.

The following telegram was dispatched by George Tchitcherin, Russian soviet foreign minister, to Prince Sapieha, the Polish foreign minister, at Warsaw, at 1:15 o'clock this morning:

"The Russian soviet government has given orders to the supreme command of the red army to commence immediately with the Polish military command negotiations for the purpose of concluding an armistice and preparing for future peace between the two countries. The Russian command will advise the Polish command as to the place and date for commencing negotiations between the military commands of the two sides.

Another message, signed by Vassiloff and Khvostchinsky, for the chief headquarters staff and the revolutionary military council, was sent to the higher military command in Warsaw, marked "very urgent," and acknowledged receipt of the soviet government's order to begin negotiations with the Poles.

Record Wheat Crop in Deuel County Is Now Assured

Chappell, Neb., July 24.—(Special).—The first wheat to be sold here this season was purchased by the Farmers Elevator Co., from William Westerland, whose farm is located about 5 miles west of Chappell. The new wheat tested 63, and indicates that the wheat in this section is of good quality. Mr. Westerland has over 400 acres of wheat, and it is estimated that it will make 30 bushels to the acre.

The cutting of wheat is now in full blast and help is scarce. Owners of threshing machinery in this section are making good money. The largest runs they have ever had, and the local elevator men are hoping that cars may be received here in order that they may be able to care for the wheat as fast as it comes in.

Farmers Buy Elevator on Defunct Road at Virginia

Beatrice, Neb., July 24.—(Special).—The grain elevator at Virginia, 15 miles east of Beatrice, which has been owned for some time by A. M. Darwin and Gus Erickson, has been purchased by a company of farmers at that place who will operate it. The plant was erected on the K. C. & N. W. tracks, but since the road went out of business, the farmers who own it had no way of shipping out grain. The farmers plan to make arrangements with the Rock Island to build a switch to the elevator so that grain shipments may be properly handled.

Tractor Plowing Success In Wheat Field at Wahoo

Wahoo, Neb., July 24.—(Special).—George Blair, living east of Wahoo, threshed his wheat, and reports a yield of 42 1/2 bushels to the acre. He is especially pleased with this result, as he has conducted a demonstration on this tract for the last two years, plowing the ground deep and sowing the wheat early. Last year the field showed a yield of 33 bushels and this year

42 1/2 bushels. Mr. Blair holds the demonstration in the interest of better farming. The plowing contest is free to any tractors, regardless of where built or sold, and always draws big crowds. This year's contest will be held August 7.

Mr. Maloney is a typical "man-about-town." Hardly a person who has lived in Omaha for any number of years forgets "Billy" Maloney of North Omaha.

To the young bloods of this age Mr. Maloney gives this advice: "Marry. But be sure you meet the right girl."

When asked whether he would choose a single or a married life if he had it to live over again, this sage of matrimony declared:

"I'd marry the same girl if I could induce her to have faith in the same old air castles."

Whereupon the reporter took courage to ask:

"Mr. Maloney, do couples live happily together for such a long period, in your estimation?"

"It can be done," was the reply. "Just ask any couple that has looked at each other for that length of time, then if you do not believe me I'll tell another."

"Then your advice is to marry?"

"He waited too long. "Most assuredly My only regret is that I waited until I was of age before I became a benefactor."

Further Increase in Express Rates Needed To Meet Wage Boost

Washington, July 24.—A further increase of 15 per cent in express rates will be necessary to meet the expected wage award to express employees by the railway labor board, T. B. Harrison of New York, representing the American Railway Express company, estimated at the express rate hearing before the Interstate Commerce commission.

Advanced rates of approximately 25 per cent have been asked by the express companies to make an added return of about \$70,000,000, and Mr. Harrison estimated that about \$30,000,000 additional probably would have to be raised. Mr. Harrison stated that his was only a rough estimate.

Table Rock Small Grain Tests Heavy on Scales

Table Rock, Neb., July 24.—(Special).—Much of the wheat and oats which have been threshed in this vicinity tests well when put on the scales. Wheat tests generally 61 and 62 pounds, while in several cases the test has been known to go to 63 pounds. The wheat yield has in many cases went as high as 35 bushels to the acre, so that many of the farmers are getting rid of their wheat at a price showing a good profit. The elevators will be filled to capacity.

DEPICT SAILING OF MAYFLOWER IN BIG PAGEANT

Historically Correct Reproduction of Leave Taking of Pilgrims Staged at Tercentenary Celebration.

Southampton, England, July 24.—Scenes attending the departure 300 years ago of that little band of adventurers known to history as the Pilgrim Fathers were re-enacted today in a pageant inaugurating a four days' celebration of the tercentenary of the sailing of the Mayflower. The pageant was preceded by a luncheon tendered by the lord mayor. There were 400 guests at the luncheon, including prominent persons in American and British official life and the heads of various Anglo-American societies.

By staging today's pageant, which is entitled "John Alden's Choice," at the ancient quay-side near the west gate, through which the Pilgrims went because no roadway existed, and garbing the performers in puritanical dress, an attempt was made to have the reproduction as historically faithful as possible. The gate has remained throughout the intervening centuries as a veritable monument to the Pilgrim voyagers.

Outstanding events of American history, including the Boston tea party, Lincoln making his address at Gettysburg and American intervention in the recent world war were depicted in the pageant.

FIREWORKS MARKS CLOSING DAY OF COMMUNIST CASE

Former Seattle Mayor Led From Room to End Clash With Attorney.

Chicago, July 24.—The taking of testimony in the trial on 20 members of the communist labor party ended Friday in flares of feeling from attorneys and witnesses. At one point Ole Hanson, former mayor of Seattle, was led from the courtroom to end a controversy between him and Clarence Darrow, of counsel for the defense.

One of the keenest legal tilts of the hearing was brought on by the defense's motion to strike out all testimony about the general strike in Seattle on the ground that it was not an effort to overthrow the government, which is charged against the defendants. The motion was overruled.

Mr. Hanson, who was recalled by the state in rebuttal, recounted a visit to his office in January before the Seattle strike by Duncan. The labor leader presented him with a copy of "Soviets at Work," by Nicolai Lenin, he testified.

"I said, 'what are you trying to do?' Duncan said, 'read the book, and it will show you what we are trying to do.' I answered him that the farther organized labor kept away from Russian methods the better."

Duncan was promptly recalled and was asked by the defense if he had heard Hanson's testimony. He replied: "Yes. It is a lie out of whole cloth."

The prosecution objected and Judge Hebel warned Duncan that it was an unnecessary characterization.

Charles D. Davis, exalted ruler of the Elks lodge of Seattle, testified that 250 members of his lodge served as special policemen during the shipyards and mass action in Seattle.

Another defense witness was Mrs. Viola G. Graham, a Seattle club woman, who said Seattle streets were peaceful during the strike.

Situation at Dromore, in Ireland, Grows Serious

Dromore, County Down, Ireland, July 24.—The situation here assumed an ugly aspect last evening, following the disorders Thursday night in which the house of a prominent Sinn-Feiner was attacked and burned, and ships belonging to nationalists were in turn attacked and badly damaged, military reinforcements finally being sent to aid the police. The more serious developments occurred when a crowd burned the Catholic club to the ground and badly wrecked the parochial house.

When the police arrived on the scene of this outrage they were unable to disperse the crowd by ordinary means and used their pistols, one man being shot dead.
