Why Trifle With Green, **Unripe Drinks?** Drink Schlitz-It Is Aged

TOU would not eat green fruit—fruit which is unripe. Yet unfess you exercise care you will drink an unripe beverage-and suffer consequences.

There is a tendency today to cheapen and hasten beverages to meet a quantity demand.

Schlitz is not rushed. It is a scientific product-not a

trifling concection of the moment. The years of experience and the hundreds of thousands of dollars worth of equipment that made Schlitz famous

is making the Schlitz of today. Schlitz is thoroughly aged—fully ripe. Then it is cooled in plate glass rooms, in filtered air.

The final step, after bottling and sealing, is sterilization by Pasteur's process-through which it is impossible for any germ to exist.

When we say Schlitz is pure we mean also that it contains no living organisms-no bacilli-nothing to cause fermentation in your stomach.

Drink Schlitz today. The Brown Bottle protects it.
