

CAR SHORTAGE IS MAIN PROBLEM IN THE DAKOTAS

Large Portion of 1919 Wheat Crop Still In Storage Near Sioux Falls—Conditions Worse Than In Kansas.

By ARTHUR M. EVANS.
Chicago Tribune—Omaha Bee Leased Wire.
Sioux Falls, S. D., Aug. 3.—A scarcity of cars and abundance of labor is the common story in this part of the bread basket belt. Much of the 1919 crop is still stored in country elevators and on the farms, and the movement to market seems to be blocked even perhaps more than in Kansas, where it is only one-third of normal for this time of year, according to the state estimates.

The cars are simply not at the loading places and the farmers are tossing up their arms over the transportation prospects when threshing reaches its crest. Some are stacking their cut; others talk of switching from wheat to corn next season.

As to the much-vaunted labor scarcity which threw a scare into the east a few weeks ago, at the idea the farmer might not be able to garner his grain, it simply does not exist in these parts of South Dakota.

The state each year is depending less and less upon migratory labor to help carry the peak loads. More machinery, more tractor power, closer adaptation of the planting to the ability of the farmer-family unit to do the harvesting, extra work by the agriculturists—all these factors have cut down the seasonal demand for floating workers.

More Labor Than Needed.

This year many more birds of passage alighted in the harvest fields than were needed. Many were unable to get jobs. Sioux City last Saturday night was filled with farmers on their way back east. From both farmers and harvest hands one hears loud complaints against private employment agencies which exaggerate conditions.

Many men arrived here broke and were unable to get work. The farmer figures at the peak loads, hourly wage a hand costs him at least \$1 an hour, including his keep, and he employs as little of it as possible. A week or 10 days is the longest he counts on paying it, and the high labor cost is an additional incentive for the owner to put in extra ticks himself. Every extra hour he works he figures, means perhaps \$2 saved on labor cost alone.

Also this year many squads of men appeared driving through the countryside in automobiles—their own—stopping long enough at a point to get in four or five days' work and then on again. Most of them were city workers out for the high wage and the change of occupation.

High-grade Labor.

Everywhere one hears comment upon the high grade of the labor which appeared this year. In other years many tough customers were in the "floating army." Murders were frequent in the fields. The old conditions has vanished. The disturbers are gone. The I. W. W. headquarters at Sioux City Saturday night was almost deserted, where in former years it used to be crowded.

The crops are still staggering the natives. Forty bushels of wheat to the acre is reported not unusual. The cities are thriving. Most of them have been to the beauty parlors within the last five or ten years. Paved streets, boulevard lamp clusters, new hotels, bigger stores, expensive amusements, filling stations, lines of high-wheeled cars streaming along the highways, everybody working, everybody prosperous—that is this section of the old Indian country.

Makes Inspection Tour of His Farms by Airplane

Seward, Neb., Aug. 3.—(Special.)—R. S. Norval, republican candidate for state senator, made an inspection tour to his several farms in Seward county today by airplane. Earl Smiley, a local ex-aviator, piloted Mr. Norval, making landings at each farm.

Auto Camp Completed.

Sidney, Neb., Aug. 3.—(Special.)—The new auto tourists' camp site provided by the Sidney Community association, is completed for use by touring autoists desiring a place to camp. It is well lighted with electricity and is provided with city water. The camp site is located on the Lincoln highway in the east part of the city and will accommodate from 50 to 60 automobiles at a time.

Rains Insure Corn Crop.

Sidney, Neb., Aug. 3.—(Special.)—Two good rains on Saturday and Sunday evenings insure the potato and corn crops in this vicinity. The acreage of corn in Cheyenne county is the largest in the history of the county, and the crop, generally, is showing up fine.

Cuticura

Treatment: Gently rub Cuticura Ointment, with the finger, on spots of dandruff and itching. Follow next morning with a hot shampoo of Cuticura Soap. Repeat in two weeks. Nothing better than these fragrant super-creams for all skin and scalp troubles.

Sample Book Free by Mail. Address: Cuticura Laboratories, Dept. 24, Malden, Mass. Sold everywhere. Cuticura Soap, 25c. Cuticura Ointment, 25c. Cuticura Soap shares without measure.

Suspect Who Bilked Parent of Kidnaped Baby Held by Police

Philadelphia, Aug. 3.—Pennsylvania state police here announced last night that a man suspected of having received the \$12,000 left in Hugh Morrissworth, Pa., on June 14 as a ransom for Blakely Coughlin, 13-months-old son of George H. Coughlin, who was kidnaped June 2, was arrested in Egg Harbor, N. J., Monday and brought to a Pennsylvania jail.

The name of the man and where he was taken could not be learned. According to advices from Egg Harbor, a negro arrested there late Monday by federal agents and Pennsylvania state policemen confessed he had received the \$12,000 left by Mr. Coughlin near a railroad bridge.

According to the report, the negro wrote to the Coughlins, making another demand for money, designating a swamp near the Philadelphia & Reading station in Egg Harbor. State policemen and federal agents went to Egg Harbor and followed and arrested a negro who went to the swamp this afternoon.

Boy Scouts Win Prizes For Skill Shown at Camp Gifford

Burton Hamilton, Boy Scout troop No. 49, was awarded a prize wrist watch for being the most efficient camper in Camp Gifford during the last period.

Robert Ellick of Troop 63 won a pair of nickel spurs for being the best horseman. He also won an electric lantern, the largest number of work credits.

Laurie McIntyre of Troop 42 was adjudged the best ornithologist in camp and won a bird guide. Alexander Larson of Troop 31 was awarded a tree and flower guide for being the best botanist in camp.

Woman, Injured by Bandits, Is in Serious Condition

The condition of Mrs. Margaret Nausler, Ralston woman who was gassed, bound and thrown into the basement adjoining the Citizens State bank of Ralston by five bandits, Monday morning is very serious. She will probably recover but will be confined to her bed for many days.

T. Shanahan, president of the bank, declared that an investigation would be made as to whether she saved the bank from robbery. If it is found that she did, he will recommend to the directors of the bank that they do "whatever is right financially."

Omaha Believed to Have Robbed Bank in Michigan

The picture of Dave Gilinsky, Omaha police character, was mailed to Jackson, Mich., yesterday by Chief of Detectives Anderson. Gilinsky was reported arrested there with three companions, charged with robbing a Jackson bank of \$70,000 in cash and Liberty bonds and killing an undersheriff.

Anderson received word yesterday that Gilinsky's wife had a telegram from her husband asking for aid. Omaha police expect to receive finger prints of Gilinsky and his associates soon.

SHIPPERS AND RAIL MEN HOLD RATE HEARING

In Doubt as to Whether Recent Order of I. C. C. Will Apply in State.

Lincoln, Neb., Aug. 3.—(Special Telegram.)—Whether the recent order of the Interstate Commerce commission on freight rates should be applied in Nebraska on interstate business was the subject of a hearing before the state railway commission. Representatives of the railroad shippers and commercial clubs were present.

According to Vice President Burnham of the Burlington the proper thing was for the commission to apply the increased rate and then take up inequalities in rates as they pertain to different quarters, different kinds of materials, etc., later, and that a hearing be held in which those with a grievance could appear and make a showing.

Arguments in behalf of the shippers were made by W. H. Young of Fremont and others, while the interests of the carriers were looked after by Byron Clark and Bruce Scott of the Burlington, A. A. McLaughlin and Wyman Dressler of the North Western, H. A. Scandrett of the Union Pacific, Judge E. B. Holmes of the Rock Island, L. E. Wetting, formerly connected with the state railway commission but now expert statistician for all railroads, was cont.

Representatives of the shippers were Lincoln Commercial club, J. J. Ledwith, W. S. Whitten, P. Gilbertson; Nebraska Federation of Retailers, A. L. Anderson, J. Frank Barr; Nebraska-Iowa Fruit Jobbers association, W. H. Young, George F. Wolz, Elliot Alloway; Nebraska Brick and Tile association, B. Koehler, H. H. Klose, S. H. L. Hansen; Union Stock Yards company, South Omaha, Everett Buckingham, Norris Brown; Fremont Commercial club, R. Webb; Fairbury Chamber of Commerce, Leo Logan; Grand Island Chamber of Commerce, E. P.

State and Personal Affairs Engage the Attention of Cox

Dayton, O., Aug. 3.—State and personal affairs had precedence today before Governor Cox, following completion of arrangements for next Saturday's ceremonies to notify him formally of his democratic presidential nomination.

Franklin D. Roosevelt, the vice presidential nominee, is to be Governor Cox's guest for the notification. Although the governor had hoped to attend Mr. Roosevelt's notification August 9 at Hyde Park, N. Y., conferences next week with party leaders on campaign plans and arranging his own speaking itinerary may preclude the trip to the Roosevelt event.

The presidential nominee plans to start his first extensive speaking trip week after next, probably in northern New York and New England after addressing the Ohio democratic convention at Columbus, August 17.

Skinner Directors Meet To Plan Reopening Plant

Directors of the Skinner Packing company met at the packing plant, South Side, yesterday to devise ways and means of starting the plant into operation as early as possible.

With the dismissal of suits against the company in the supreme court last week the directors believe the way has been opened to operation on a large scale. The problem which they now have, it was stated by D. C. Robertson today, is to finance the operation.

Locklear's First Flight Made in Homemade Machine

Fort Worth, Tex., Aug. 3.—Ormer Locklear, stunt aviator, who was killed in Los Angeles last night, made his first flight on the high school campus here four years ago piloting a plane that he and his brothers had made. Until war days, Locklear was an automobile mechanic. Enlisting in the air service, he was given a pilot's commis-

Land Values Near Sidney Continue to Increase

Sidney, Neb., Aug. 3.—(Special.)—In spite of the financial depression of the past few months land values continue to climb. A few sales are being made and these show a very substantial increase over prevailing prices of 1919. The great increase of diversified farming in western Nebraska has attracted many land purchasers, and the eastern buyers are showing their confidence in this wonderful fertile country.

Tobaccoists Declare Dividend of 50 Per Cent

New York, Aug. 3.—The Schulte retail stores corporation, tobaccoists today declared a dividend of 50 per cent, payable August 24 on all common stock of record on August 9.

LORNA DOONE Biscuit—ready-to-serve shortbread—delightfully mealy and crumbly, with just-enough-richness.

Stop Food Spoilage

You stop food spoilage when you do away with damp refrigeration, fluctuating temperatures and dirty surroundings.

Ice is the cause of all the above conditions. It brings moisture, it melts and never maintains a constant temperature, and it is full of dirt that clogs drainpipes.

Food preservation, then, requires the elimination of ice in the home. ISKO makes this possible.

ISKO operates automatically by electricity and converts your refrigerator into a miniature cold storage plant. ISKO floods your refrigerator with a clean, dry cold that never fluctuates.

For table use and beverages, convenient cubes of pure ice are ISKO-made from your drinking water. All other need for ice is eliminated.

The cost of ISKO operation is very low—less than the charge for ice. Wouldn't you like to abolish ice, stop food spoilage, and enjoy the multiplied advantages of ISKO?

Place your installation order today.

Best Home Treatment for All Hairy Growths

(The Modern Beauty)

Every woman should have a small package of dandruff handy, for its timely use will keep the skin free from beauty-marining hairy growths. To remove hair or fuzz from arms or neck, make a thick paste with some of the powdered delatone and water. Apply to hairy surface and after two or three minutes rub off, wash the skin and it will be free from hair or blemish. To avoid disappointment, be sure you get real delatone.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

RHEUMATISM LEAVES YOU FOREVER

Deep-Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was hopeless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed all of the 5 Sherman & McConnell drug stores to guarantee it in every instance.
