Junior Red Cross to Start Membership Drive in September

Membership campaign in the Junior Red Cross will begin with the opening of school in September, L. W. Trester, state director, announced last night.

Junior Red Cross is the agency through which the American Red Cross reaches the school children under a program of "training for citizenship through service."

Application for membership is made on behalf of a school by the principal, and not by the individual, with the sanction of the superintendent.

School membership fee is limited to subscription to the Junior Red Cross News. Projects that give play to practical acts of service for others embodying principles of citizenship are provided for such use as the schools may care to make use of them.

"Soon after school begins this fall we expect that every school girl and boy in Nebraska will be a member, wearing the membership pin of the Junior Red Cross."

Fred Bronley, of the center of the pin is a tiny Red Cross which is encircled by the words, "I serve" and the date "1921."

Few Women Cigaret Smokers In Omaha, Say Tobacco Men

Mrs. E. Green, of the Castle hotel cigar stand, says she has made only two sales of cigarettes to women.

No One Knew Why It Began, But the Mayor Stopped It

Mayor Smith acted in the role of peacemaker Monday afternoon when he saw William M. Burton, street railway attorney, and Ernest A. Con-

oway, another attorney, "scrapping" in the lobby of The Bee building.

"Cease this turmoil," ordered the mayor. "Arrest them, mayor," said Eugene Blazer, who was acting as unofficial timekeeper. "You're an officer of the law."

The barristers will not explain the cause of the "battle of Farnam street." The mayor knows nothing about it. Blazer knows nothing about it. No one does.

AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured in figures, what a terrible array they would present! Through girlhood, wifehood and motherhood woman toils on, often suffering with backache, pains in side, headaches and nervousness which are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—can undoubtedly correct. Women who suffer should not give up hope until they have given it a trial.

Baby Girl Wins 3 First Prizes

Parents of Louisiana's "Champion Baby" raise her on Dr. Caldwell's Syrup Pepsin

THERE is always a good deal of sickness in the summer months, due to the hot weather. The heat is especially severe on babies and children, and often it interferes with their development and growth. They lose appetite, pass restless nights, suffer from indigestion, and finally constipation.

In the hot Southern States mothers give a combination of simple laxative herbs with pepsin, at the first symptom of constipation. This formula is known to druggists as Dr. Caldwell's Syrup Pepsin, and they have sold it under that name for a quarter of a century. It is now the sole medicinal reliance in thousands of families.

Little Dorothy Boylan knows what real hot weather is ten months of the year. She is the daughter of Mr. and Mrs. Harry H. Boylan, and lives at 218 North Alexander St., in New Orleans. She has won three successive first prizes as the "Grand Champion Baby of Louisiana," and her parents say the only medicine they have ever given her

is Dr. Caldwell's Syrup Pepsin. It has kept her healthy and built her up, and helped make it possible, they write, for Dorothy to be a prize-winning baby. You can obtain a bottle of Dr. Caldwell's Syrup Pepsin at any drug store. You will find it pleasant to take, and it does not gripe or weaken.

FREE Millions of people of all ages suffer from occasional or chronic constipation. Let them send name and address to Dr. W. B. Caldwell, 512 Washington Street, Monticello, Ill., for a free sample bottle of his wonderful Syrup Pepsin. 8 million bottles were bought at drug stores last year, the largest sale in the world.

You know "it's toasted." But do you know why?

LUCKY STRIKE is the toasted cigarette. Lucky Strike is the toasted pipe tobacco. And because Lucky Strike is toasted it preserves the Burley flavor for you until you smoke it.

The exact reason for this is interesting. You see, when Lucky Strike is toasted the heat closes the pores in the Burley leaves, and literally seals in the Burley flavor. It stays there for months—years—until it is released by burning in your pipe or cigarette.

Or take the method of the bee. You can put a honey-comb away for months or years and the flavor is always there—inside. This is because the bees put a thin coating of wax over the honey and seal it in, so it lasts forever.

The same with Lucky Strike. Toasting the tobacco seals in the delicious Burley flavor, to be "called for when wanted."

Whether you are a cigarette smoker or a pipe smoker you should get acquainted with the special and unequalled flavor of toasted Burley tobacco—to be found only in the Lucky Strike brand. Buy a package and you will notice this improved taste immediately.
