Bases Hopes for Election On Staunch Adherence to League of Nations as Drafted by Wilson.

Fair Grounds, Dayton, O., Aug. 7.

—Gov. James M. Cox today received and accepted formally the democratic presidential nomination. With Governor Cox and his run-ning mate, Franklin D. Roosevelt, marching at the head of the parade, thousands of democracy's leaders and followers gathered at the fair grounds shrine and heard the can-

didate outline his campaign.

This he based on securing peace of nations with "interpretations" retaining its fundamental principles and not by what he declared the dis-honorable republican plan for a separate peace with Germany.

Much Ili Feeling in Scene of Illinois Riots — Italian Found With Head Crushed.

Benton, Ill., Aug. 7 .- A few moments before five more companies of militia, armed with machine guns mounted on auto trucks, marched into West Frankfort this morning, he first death was reported since the rioting started, on Thursday. The body of an Italian was found near a steam laundry. His head had been crushed, evidently with an axe. The victim's name is thought

not be verified. Feeling runs high in West Frankfort against the troops. With the majority of the Italians either gone or in hiding, the idle mine workers gather about the town in groups and ye the soldiers. A committee of citizens, headed

by Mayor Lou Fox, complained to Brig. Gen. Frank H. Wells against the allegeo "bullying" tactics of some of the soldiers. The citizens contend that, as martial law has not peen proclaimed, the troops have no right to carry loaded weapons. Several citizens have been prodded by bayonets and had their shins barked y gun butts. The committee protested against

several instances of firing by solliers on the streets last night. General Wells replied that the troops are here to preserve order and rom gathering. He declared that as far as he knew, no soldier had gone beyond the orders given him. General Wells ordered all the poolrooms and ice cream parlors closed before 9 o'clock last night and the crowds began to thin out by 10 o'clock. Only a few lined the curb-stone along Main street. General Manager Declares Strikebreakers Will Not Be Discharged - Prepared For Further Trouble.

Denver, Aug. 7.—Col. C. C. Ballou, in command of federal troops in Denver, this afternoon refused permit striking train men to gather at 5:30 o'clock this afternoon to vote finally on calling off the strike on the lines of the Denver tramway. Colonel Ballou forbade the meeting because he considered it unwise to permit so many men to gather in a hall at that hour of the evening. Earlier in the day the commanding officer had issued orders forbidding

all public assemblages. At a meeting this morning the men voted to return to work if the tramway company met certain conditions. One was that the men would be permitted to come back in a body. Another was that strikebreakers should be discharged by the company, while a third called for a

working agreement between the union and the company.

When the meeting of men adjourned before noon, it was agreed that they would gather at 5:30 clock this afternoon to hear the attitude of the company and vote finally on calling off the strike. Following the meeting of union men, company officials declined to treat with the union.

Promise Service Today.

At a conference participated in by city officials and officers of the Tramway company this afternoon, Frederick W. Hild, general manager, gave assurance that street cars would be operated tomorrow. These will be manned by strike-breakers. No cars

were operated today.

Hild announced the company was prepared to take back many of its old employes as individuals and said he would issue a statement later telling them where they might apply for

their old positions. Hild declared the union men forfeited all right to a part in company affairs when they struck and assert-ed they would be dealt with as individuals only. He also declared the company would discharge no strike-

breakers.
