DON'T SQUEEZE BLACKHEADS—DISSOLVE THEM

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomel powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.

BEAR OIL for HAIR

AN INDIAN'S SECRET

One of the potent ingredients of nature—the bear-oil—genius bear oil. There are other bear oils, but none so good as this. It is found in every other hair preparation. It is the secret of the hair's beauty and growth. It is the secret of the hair's softness and shine. It is the secret of the hair's resistance to dandruff and itching. It is the secret of the hair's freedom from lice and other parasites. It is the secret of the hair's freedom from all other hair troubles. It is the secret of the hair's freedom from all other hair troubles. It is the secret of the hair's freedom from all other hair troubles.

SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in every package.

GIRLS! MAKE A LEMON BLEACH

Lemons Whiten and Double Beauty of the Skin

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which can be had at any drug store, shake well and you have a quarter pint of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant lotion into the face, neck and arms and lands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.

Summer - Spoiled Skin Removed by Absorption

As undue summer exposure usually leaves an undesirable surface tan, redness or roughness, often freckles, too, the sensible thing to do is to remove such surface. There is nothing better for this than ordinary mercurochrome wax, which actually absorbs an unwholesome complexion. The thin layer of surface skin is itself absorbed, gently, gradually, so there is no inconvenience, no detention indoors. Spread the wax lightly over the entire face at bedtime and take it off in the morning with warm water. If you will get one ounce of mercurochrome wax at the drug store, use it for a week or so, you may expect marked improvement daily. When the underlying skin is wholly clear, your complexion will be a marvel of spotless purity and beautiful whiteness. Don't let those summer wrinkles worry you; worry breeds more wrinkles. Banish them by bathing the face in a solution of powdered mercurochrome, dissolved in a half pint witch hazel. Used daily for a while this will be found wonderfully effective.

"TIZ"—A JOY TO SORE, TIRED FEET

Use "Tiz" for aching, burning, puffed-up feet and corns or callouses.

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel.

Get a box of "Tiz" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

Never a corn on millions of feet nowadays

Do you know that millions of people who use Blue-jay keep entirely free from corns?

If a corn appears it is ended by a touch. A Blue-jay plaster or a drop of liquid Blue-jay is applied.

The corn pain stops. Soon the whole corn loosens and comes out.

The method is scientific. It is gentle, easy, sure. Old-time harsh treatments are supplanted by it with everyone who knows it.

It is made by a world-famed laboratory, which every physician respects. It is now applied to some 20 million corns a year. You can see that corn troubles are fast disappearing.

Then why pare corns and keep them? Why use methods which are out-of-date? Try this new-day method. See what it does to one corn. You will never forget its quick and gentle action. Your druggist sells Blue-jay.
