

SANCTION PLAN TO RUN SHIPS ON GERMAN ROUTES

Shipping Board Approves Co-operative Agreement Between N. Y. Corporation and Hamburg-American Line.

Washington, Aug. 16.—Operation of American ships on former German trade routes to all parts of the world has the sanction and support of the shipping board, Chairman Benson declared tonight in announcing co-operative working agreements reached between the American ship and commerce corporation of New York and the Hamburg-American line of Germany.

"There is no German money in the American end of the business nor is there any agreement for German investment in any American companies," he added. The agreement is for 20 years and consists, the chairman said, of a general agreement covering the principles to be followed by the two concerns and an operating agreement covering methods of carrying it out.

Act As Agents.

Pier facilities, ports and office organizations of both companies are placed at the disposal of the service. The American ship and commerce corporation is to act as agent for the Hamburg-American line in the United States and the German company in Germany, but each company may establish offices in the countries of the other to supervise activities.

The Hamburg-American line may transfer any service to any other German company for execution, and the American corporation may transfer service to any American company, but both companies are liable for the carrying out of the services.

In the event of war between the United States and Germany, provision is made to terminate the agreement and also to cover the contingency of war between either the United States and other powers than Germany, Germany and other powers than the United States.

Plan Passenger Service.

Passenger service between the United States and Germany is to be established within a year, the American corporation agreeing to supply passenger ships not exceeding 40,000 gross tons, to which the Hamburg-American line cannot add unless it is agreed that the business warrants in that case the German company may add ships until it has 50 per cent of the vessels in the service.

In construction of passenger ships the Hamburg-American line will give the American corporation all of its technical knowledge and experience. Each party may supply half the tonnage for freight service between the United States and Germany, but if the Hamburg-American line has not the tonnage for itself, the American company may supply it.

Withdrawal of Aid To Wrangle Clears Serious Situation

Washington, Aug. 16.—Premier Lloyd George's announcement that Great Britain had informed General Wrangle that any further attack by him on the bolshevik would be on his own responsibility comes almost on the heels of France's recognition of and promise of material aid to the anti-bolshevik leader.

Some officials and diplomats here were of the opinion that the situation was not quite as serious as appeared on first examination of the premier's pronouncement. It was said that Great Britain had been aiding General Wrangle and that it was entirely possible that the British government had decided to withdraw that aid, because it did not desire any complications in the soviet-Polish armistice negotiations.

Child Dies From Effects Of Grasshopper Poison

Hoxie, Kan., Aug. 16.—The 8-year-old Lewis Collins, farmer living near here, died the other day after he had eaten poison used in the killing of grasshoppers on his father's farm. The boy ran across the can containing the poison, which had been left in a granary.

Omaha Girl Becomes Dominican Novitiate

Many friends and acquaintances of Kathleen O'Brien, daughter of Mr. and Mrs. Thomas F. O'Brien, 4160 Cumings street, were surprised to learn yesterday that she had gone to Sinsinawa, Wis., to enter the Dominican order as a novitiate.

Miss O'Brien was in charge of the women's department of the co-operative employment bureau in the court house, serving as a government employe in that work. When that office was abandoned she continued in the government service in the Army building in connection with the army surplus stocks.

TAX ASSESSMENT DISPUTE GIVEN STATE ATTORNEY

Nebraska's Legal Adviser Appealed to in Case of Taxes of Late Robert McQuilken.

Lincoln, Aug. 16.—Attorney General Clarence A. Davis must decide the question of whether the tax on \$25,358.52 in personal property left in Furnas county by Robert McQuilken, who died March 30, 1918, in Antrim, Ireland, should be payable in Furnas county or in Douglas county, where the administrator lives.

The question has been put to the board by Matthew A. Hall, British consul in Omaha, who is administrator of the estate by virtue of his office. Heretofore the taxes have been paid in Furnas county, but Deputy County Attorney Henry J. Beal of Douglas county contended that court rulings upheld payment of taxes on personal property where the administrator had the money.

The inheritance tax will go to Furnas county because the property was located there at the time of McQuilken's death. Four hundred acres of Furnas county land were left to Archibald McQuilken, a son, by the father.

John Stevens, county attorney, represented Furnas county at the hearing. Pioneer Minister Dies; Was First Judge in County

RETURNS ARE NOT FAVORABLE FOR DEMO CANDIDATE

Optimism of Democrats Is Unfounded — McKelvie Takes 70 Out of 93 Counties.

The apparent optimism among democrats at the possibility that former Governor Morehead may defeat Governor McKelvie for reelection is mystifying those who have tabulated the returns of the last primary election. These show that McKelvie received more votes than Morehead in 70 of the 93 counties.

Morehead was opposed in the primary by comparatively weak candidates. McKelvie ran against some of the strong men of his party. This is considered a further emphasis of McKelvie's strength.

Following are the figures by counties:

Table with 3 columns: Name of County, Republican, Democratic. Lists 93 counties and their respective vote counts for McKelvie and Morehead.

Total 32,262 27,882. McKelvie received more votes than Mr. Morehead.

"Mugsy" McGraw Too Ill to See Federal Prohibition Agents

New York, Aug. 16.—"Too ill to be interviewed," this was the message delivered to federal prohibition enforcement agents who called at the home of John J. McGraw to ask the manager of the New York Giants if it was true he had bought whisky at the Lamb club.

An admission to this effect, alleged to have been made to the district attorney's office in its investigation of how John C. Slavin, actor, received a fracture of the skull in front of McGraw's house about a week ago, attracted the attention of J. S. Shevlin, enforcement officer.

Slavin's condition was reported worse and for this reason District Attorney Swann announced he would not press the case to the grand jury for a few days.
