

# REDS ATTEMPTED TO SUBSIDIZE LONDON HERALD

### Series of Soviet Messages Pertaining to Control of Newspaper Made Public in England.

London, Aug. 19.—A series of wireless messages between George Tchitcherin, Russian bolshevik foreign minister, and Maxim Litvinoff, bolshevik representative in Copenhagen, during February, March and July, dealing with financial transaction between the Russian soviet government and the London Daily Herald, was officially made public here last night.

These messages intercepted in several European countries seem incomplete. Some of them refer to a commercial deal in news print paper and others apparently show that M. Litvinoff was urging M. Tchitcherin to subsidize the Herald.

### Paper Was Friendly.

A message sent in February declared the newspaper was losing 10,000 pounds per week and another sent in July said the paper needed 50,000 francs for six months.

"I consider the Herald's work especially important for us," said this message. "It acts as if it were our organ."

Later the bolshevik foreign minister directed M. Litvinoff to tell the management of the Herald that a "subsidy would be paid," and that certain Chinese bonds would be handed over to the newspaper.

### Paper Denies Charge.

In one of M. Tchitcherin's messages, sent on February 29, M. Litvinoff was instructed to consult the editor of the Herald regarding details of publications in England, adding:

### A WOMAN DOCTOR

"Eugenics is a necessary fact in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.

### Trying Summer Days

Do you suffer from the enervating effects of the hot summer months? Do you feel heavy, dull, languid and indisposed to mental and physical exertion? For relief, try

## Mormon Church Chief Of Salt Lake City

Dr. Heber J. Grant

A new and specially posed photograph of Heber J. Grant, new president of the Mormon church, Dr. Grant succeeded Joseph Fielding Smith, who died in December, 1919. This photograph was made at Salt Lake City and is the first posed picture of the new Mormon president.

"Point out to him who will give him orders and regulate the number of copies. Isn't he now able to send legal pamphlets to America?" This isolated reference to America is not explained.

The Herald prints the official statement together with a statement by its editor, George Lanisbury, declaring that all the newspaper's dealings with the Russian government were legitimate business transactions and concerned the purchase of news print paper, which, however, was not obtained. It is denied the Russian government, directly or indirectly, had the slightest control of the Herald and also that the newspaper ever received Chinese bonds from the Russian government.

## McGraw Consents to Grant Interview to Prohibition Agents

New York, Aug. 19.—John J. McGraw, manager of the New York Giants, has consented to be interviewed by federal prohibition agents concerning alleged whisky sales and drinking at the Lambs' club house a week ago last Sunday, it was announced today.

Later, bolstered up in an arm chair with his head bandaged, McGraw and his attorneys conferred with August Hasenflug, counsel for the prohibition enforcement department.

After the conference one of McGraw's attorneys said he would call on J. S. Shevlin, supervising prohibition inspector, tomorrow, as "Mr. McGraw prefers to deal with Mr. Shevlin himself." He added that McGraw "has nothing to conceal from Mr. Shevlin" but did not want to appear as an "informant."

McGraw's physician said that X-ray photographs showed no fracture of McGraw's skull, but indicated a slight concussion of the brain.

## State Central Committee To Name New Candidate

Des Moines, Aug. 19.—Republicans were advised by Attorney General Havenner's office today that the state central committee had the power to name a candidate for the vacancy on the state supreme bench caused by the death of the late Justice Frank R. Gaynor.

On the other hand, Dr. J. W. Reynolds, democratic state chairman, and other members of his party said tonight they would contest in the courts any nomination made by the republicans for the vacancy.

They contended the state laws do not provide for recalling a state judiciary convention after it once adjourns and are not clear on the power of the state committee to name such a candidate.

The democrats opened state headquarters here today.

## Apple Juice Rates O. K.

Washington, Aug. 19.—(Special Telegram.)—The Interstate Commerce commission has dismissed the complaint of the Harman Vinegar & Pickle Co. of Omaha against the Chicago, St. Paul, Minneapolis & Omaha Railway Co., in which rates on apple juice shipped from Blair, Neb., to Omaha, are found not unreasonable.

### Woman Leaves \$400,000 to Found Home for Dressmakers

New York, Aug. 19.—A request of \$400,000 for founding a home for aged or invalid dressmakers, was made in the will of Mrs. Margaret A. Howard, New York and Chicago modists. The estate was valued at more than \$700,000.

Sioux City, Ia., Aug. 18.—"Buddy" Robison, Indian center fielder for the Sioux City Western league club, who was arrested yesterday and charged with altering a check, was prosecuted on that charge for lack of possession.

## U. S. MAINTAINS BIG ADVANTAGE IN THE OLYMPIC

### Only One American, However, Qualifies In Semi-Final Heat of 10,000-Meter Run.

Olympic Stadium, Antwerp, Aug. 19.—(By The Associated Press.)—Only one American, Fred W. Fallor of the Dorchester club, qualified in the 10,000-meter run. Another American, A. Parason of Haskell institute, Kansas, a Zuni Indian, dropped out in the 20th lap of the first heat.

J. Wilson of England and Guillemot of France were the stars in their respective heats, with the Frenchman winning his heat close to a minute faster than Wilson. The races were run in an occasional drizzle.

In the second heat Fallor set the pace for three laps, with Guillemot at his heels. From there on the pair, with Bachman of Sweden and Anderson of Denmark, alternated in setting the pace. Near the finish Guillemot sprinted strongly into a 40-yard lead.

### Finn Athlete Second.

Nurmi, Finland, was second in the first heat; Maccario, Italy, third; Manheis, France, fourth, and Gasschen, Switzerland fifth all qualifying. Wilson's time was 33 minutes 40 1-5 seconds. Guillemot ran the second heat in 32 minutes, 41 3-5 seconds; Bachman, Sweden, finished second; Anderson, Denmark, third; Fred W. Fallor, fourth, and Garin, Switzerland, fifth.

America and Greece drew a bye for the Olympic water polo preliminary next week. In the first match Italy will meet Spain; in the second, England meets Canada; in the third, Sweden meets Czechoslovakia; in the fourth, France meets Brazil; in the fifth, Switzerland meets Belgium, and in the sixth Holland meets Australia.

The American pole vaulters, F. K. Foss, Chicago Athletic association; E. E. Knourek, Illinois Athletic club; E. I. Jenne, Washington state college; and E. E. Myers, Chicago Athletic association, easily and impressively qualified for the finals in the pole vault today, their form being far superior to that of the other entrants.

### Many Eligible Entrants.

Others who will enter the finals are Lindsey, Ainsworth, Worthington and Butler, England; Oldfield, Dafe and Rudd, South Africa; Carey and Andre, France; Viten, Finland; Engdahl, Sweden; Sunblad, Switzerland; and Corteyn and Morren, Belgium.

Schiller made the fast time, coming home in 50:25 seconds, 2:1-5 seconds short of the record made by C. D. Reidpath at the Stockholm events in 1912. Meredith came through his heat in impressive style, giving evidence of great reserve power. Rudd, the South African star, simply breezed home.

The slow time was caused by heavy rains today.

All four American entrants in the pole vault, F. K. Foss, Chicago Athletic association; E. E. Knourek, Illinois Athletic club; E. I. Jenne, Washington state college, and E. E. Myers, Chicago Athletic association, qualified for the final. Others to qualify were Hogstrom, Mattson and Rydberg, Sweden, and Jorgensen and Petersen, Denmark. All qualifying cleared the bar at 3.60 meters.

## U. S. Maintains Lead.

Despite the unexpected victories of European athletes yesterday in the shot putting and broad jump events, the American team went into the fifth day of competition with such a lead that it seemed they were assured of victory.

With 11 events finished and only 14, including the decathlon, the modern pentathlon and marathon remaining, the Americans have amassed 101 out of a possible 242 points. The rest of the points are widely distributed.

American fencers have been eliminated from the final contests in the individual event, Maj. F. W. Honeycutt being the only American to progress to the semi-finals. America was also eliminated from the lightweight wrestling competition last night, when George Metzopolis of Gary, Ind., was thrown in four minutes by Frisenfeld, Denmark. Lieut. H. I. Szymanski, United States army light heavyweight, won the liveliest bout of the evening from Stensrud, Norway.

## "Wild Cat" Promotion Loans Disapproved by Commissioner

Des Moines, Aug. 19.—D. V. Henderson, state banking commissioner, has issued suggestions to the banks in the state under his jurisdiction to clean up promotion stock notes and accept such business sparingly in the future. It is said the department has information of about \$25,000,000 in such stock in various banks.

The commissioner has let the banks know, it is asserted, that legitimate promotion and business loans will meet with approval, but what are termed "wild cat" propositions are not in favor.

## Idaho Falls Gains

Washington, Aug. 19.—Idaho Falls, Idaho, 8,064; increase 3,237 or 67.1 per cent.

Webb City, Mo., 7,807; decrease 4,410, or 33.9 per cent.

Fort Collins, Colo., (revised) 8,755. Previously announced as 8,734. Utica, N. Y. (revised) 94,156. Previously announced as 94,136.

## Turkish Nationalists to Ally Selves With Soviets

### Mustapha Kemal Pasha Declares Bolshevism Is Not Incompatible With Islamism—Turkey Cannot Suffer Worse Fate Than Destruction Arranged By Treaty, He Says.

Angoria Asia Minor, Aug. 19.—(By The Associated Press.)—Mustapha Kemal Pasha, the Turkish nationalist leader, apparently is undaunted by the Greek advance in Asia Minor. Today he told The Associated Press that the entente had underestimated the Turkish strength and estimated that disaster lies ahead of the Greek forces which are massing for a movement against the Anatolian railways.

Mustapha Kemal also frankly admitted co-operation of the Turkish nationalists with the bolsheviks. He declared that bolshevism was not incompatible with Islamism and expressed the belief that Turkey could not suffer worse fate than the "destruction" arranged for her in the peace treaty.

### Cabinet O. K. Interview.

These views were expressed to the correspondent by Mustapha Kemal after he had submitted the correspondent's questions and his answers for the approval of the cabinet. Consequently the interview was fully authorized by the nationalist government which expressed its gratitude in advance to The Associated Press for communicating the nationalist position to the American public.

"What is the ultimate aim of, and what result is expected from the recent Greek offensive?" Mustapha Kemal was asked.

"To us the Greek offensive, with Great Britain as its head is an allied offensive," replied the nationalist leader.

"It aims to shake the moral force of Turkey. The motive that led to it set Greece on this erroneous path is her under estimation of the national forces, which are thin along the Smyrna front.

Greece thought that was all she would need. But time will show the real strength of the nation and of the country."

"Will the Turks associate themselves and co-operate with the bolshevik fighting against Europe?"

"Since we are equally warring against European and British imperialistic capitalism," Mustapha Kemal said, "it naturally follows that we are co-operating with the bolsheviks."

"Are the promises of the bolshevik worth more to Turkey than European promises?"

"I am aware of no European

## REPUBLICANS GET READY TO HANDLE WESTERN DRIVE

### Committee in Chicago Takes Charge of Campaign for Middle West.

Chicago, Aug. 19.—(Special Telegram.)—A new and important move in the direction of giving more activity to the republican campaign and of energizing it and co-ordinating it to the utmost is the establishment this week by the national republican congressional committee with permanent headquarters in Chicago.

Congressman S. D. Foss of Ohio, chairman of the congressional committee, and J. R. McCarl, executive secretary, will spend most of their time here between now and November. Without any letting down whatever of the vigor of the campaign for republican control of congress

### Captain of Frisco Fire Department Saves Life of Wife In Fire

San Francisco, Aug. 19.—Capt. E. T. Courtney of the San Francisco fire department, rescued a score of persons, including his own wife, from eight frame apartment buildings here which fire damaged to the estimated extent of \$100,000, before it was brought under control early today.

France produced more than 9,400,000 metric tons of iron ore last year, of which 91.2 per cent came from the Lorraine basins.

in the east, renewed and reinforced energy will be thrown into the contest throughout the west.

The closest possible co-operation is arranged between the republican national headquarters here, and the national republican congressional committee, with the view of the election alike of a republican president and a senate and house, which will give full republican control. The headquarters of the congressional committee have been opened in the Auditorium hotel in the same building as the republican national committee.

### Reduce Capital.

New York, Aug. 19.—The capital of the United States Grain Corporation was reduced from \$150,000,000 to its original \$50,000,000 at a special meeting of the board of directors in accordance with an executive order signed by President Wilson.
