AB.H.O.A. AB. Wilson of the Pirates.

"That the Tulsa team as leader of the Western league is deserving of its rank because of its sheer high class is shown by the way the major league clubs have sought the talent Spencer Abbott has assembled to make the 1920 race." The article quoted above from the Sporting News of August 19, adds that Marty McManus has been sold to the Browns for \$5,000, that Shortstop Tierney has been sold to the Pittsburgh Pirates, that Outfielder Tommy Connolly has been sold to the Yankees and that Pitcher Joe Morris has been sold to the White Sox. all four deals bringing the Tulsa club "better than \$20,000."

We might add just as a postscript that Pa Rourke sold a pitcher the other day, Oscar Fuhr, to the Chicago Cubs. It was the first sale Pa made this season. Fuhr, Omaha fans will agree, although a likely

prospect for major league ball, was not the best purchase on the Omaha club. We might also add that Rourke has had several offers for Palmero and Lee. And we might still further add that Pa Rourke was paid \$5,000 cash for Oscar Fuhr and is to be given two players as an additional part of the purchase price. And if the two players are not satisfactory to Rourke they are to be returned to the Cubs for \$1,000 each. Fuhr cost the cubs \$7,000, at the least possible figure. Now with several bids standing open for Palmero and Lee and prospects like Gislason, Haney, Lingle and Kopp still playing ball for the Omaha club, Rourke may have major league material worth "better than \$20,000," too, and Rourke may deserve to lead the league.

By the way if the White Sox have purchased Joe Morris they had better pay a little more for him and get him now, if possible, before he dies from overwork. Here's Morris' record since the White Sox bought him: Morris relieved Richmond in the first game and pitched the whole second game of a double-header August 9. Tulsa didn't play August 10, so Morris didn't have anything to do. On August 11, however, he was pressed into service in the ninth inning to relieve Querry, and on August 13 he was knocked out of the box, the lowly Miners scoring three in the first and two in the second off Morris' delivery. He took the mound again August 16, after another two-day rest and was knocked out again. Richmond and Hier worked August 17, and there was no game August 18, so Morris had another long rest.

# You'll Drink Gund's Brew Be use You'll Like It

We know there isn't a thing in Gund's Peerless Brew that isn't healthful and nourishing. We know it is made by men who have been expert brewers for years and years. And we know it is properly brewed and thoroughly fermented and aged.

But no one can make anyone drink anything that doesn't taste good and you are no exception.

The real reason you will drink Gund's Peerless Brew is because it tastes good. You won't object to it being good for you but you wouldn't drink it if it didn't taste right. You would not drink any drink regularly if you had to "screw up your courage" to get it down, and it wouldn't make any difference how much good it did you.

Incidentally Gund's Peerless Brew is a good wholesome drink for anyone. But the real reason why we ask you to drink it is because it is made to taste good. And it does.

It will quench any thirst-and quench it pleasantly. Pour it into a glass and watch the thick, rich, creamy foam-that alone will make you want to drink it. And the taste is all its own. It will remind you so strikingly of the good old friend you loved so well that you won't even think about the alcohol that has been removed in accordance with the law. There is only one way to find out. Drink it.
