

HITCHCOCK TO PREPARE 'DOPE' IN LEAGUE FIGHT

Nebraska Senator to Conduct School for Speakers— "Slush" Fund Charge Causes Laugh.

By E. C. SNYDER
Washington Correspondent of Omaha Bee.
Washington, D. C., Aug. 26.—(Special Telegram.)—Earl Gaddis, former political secretary to Senator Hitchcock, who has resigned to take a job as assistant publisher of the World-Herald, leaves for Omaha tomorrow by automobile, accompanied by his family. Mr. Gaddis will call on Governor Cox at Columbus and will also make stops in Illinois and Iowa.

Mr. Gaddis said that the senator planned to leave Atlantic City with Mrs. Hitchcock and daughter in a few days, establishing themselves for Mrs. Hitchcock's benefit, at some quiet resort on Long Island, within easy reach of New York City, where, as dean of the league school for political orators, Mr. Hitchcock will hold forth, until around election time, when he will go to Nebraska to vote.

Political circles have been all "hot up" the last few days over Governor Cox's charges of a large "slush" fund being raised by republicans to debauch the election and the manner in which the governor has been backing and filling since Senator Kenyon's telegram to the democratic nominee calling upon him to produce his evidence, has filled the republicans with unalloyed joy and they await this evening's "revelations" by Cox with equanimity.

Republican managers of the inner circle do not hesitate to say that Governor Cox has pulled a "bone" and that failure to substantiate his charges of a \$15,000,000 fund to corrupt the electorate will result in a reaction of public sentiment which will put the governor in a most unenviable light before the country.

Treasurer Upham's statement that less than a \$1,000,000 has been raised is regarded as the gospel truth by those who know Fred Upham and his efficiency he has shown in keeping books. Republican managers say they are in a position to come clean in their showing of contributions and expenditures and they scout the idea that Governor Cox's charge is founded on fact and rest content with the knowledge that it is susceptible of submission to the cold light of truth when the books are opened to public inspection.

Cautious-minded democrats, outside the active political management, are greatly concerned over Governor Cox's charges of a corruption fund and realize that unless he has some ground upon which to base his accusations, it will prove that the republicans are right in their assertions that Governor "Timmy" is rash in his utterances, quick at turning political corners and devilish sly in a political fight, in very unfavorable contrast with the more reserved and more dignified candidate on the republican ticket.

Jack Dempsey Works Out for Miske Bout; Is Reported Injured

Benton Harbor, Mich., Aug. 26.—While Jack Dempsey was reported in a hospital seriously injured Wednesday as a result of an automobile accident, the champion actually was in his own training camp whaling his sparring partner around in preparation for his bout here with Billy Miske a week from next Monday.

Dempsey took a 40-minute public workout Wednesday in addition to other activities. After tugging at the weights and shadow boxing, he boxed three fast rounds with Panama Joe Gans, sending the negro reeling to the ropes half a dozen times with left hooks. He finished with three savage rounds with Bill Tate.

Miske limited his boxing Wednesday to four rounds because of the condition of his sparring mates, who have been badly battered the last few days.

Wife Threw Wedding Ring At His Feet, Hubby Charges

Marital life between John W. Straube and Irene Straube has been brief but stormy. Mr. Straube alleges in a petition for divorce filed in district court yesterday. He alleges that after their removal from Omaha to Madison, Neb., following their marriage on May 8 of this year, his wife "returned to the bright lights of Omaha."

When he chided her about staying out late nights and attending dances she threw her wedding ring at his feet, Mr. Straube alleges.

HUSBAND LEAVES BRIDE WHO WAITED 30 YEARS FOR HIM

Woman Deserted Three Days After Marriage to Sweetheart of Girlhood.

Chicago Tribune-Omaha Bee Leased Wire.
Chicago, Aug. 26.—Thirty years is a long time for a girl to wait for the man she loves. Time dims the roses in her cheeks and hardens the lines around her eyes and she may not appear the same to the man who has loved the sweetheart of his youth. Mrs. John Forrest, who formerly was Mary Black, is cogitating these matters, pending a hearing of her suit for nonsupport against John Forrest, manager of the American Pullman company.

The romance began in Rothsay, Isle of Butte, Scotland. John and Mary were born in the same year, 1867, and from pinafore playmates they became youthful lovers. Then arose some coolness and the village was surprised to learn that John had married another girl and sailed for America.

Mary was 23 when he left. There were admirers, but she remained true to her first love. Thirty years she waited and then came a letter from John, announcing the death of his wife and his desire that she should come to the United States and become his bride.

Three days after their marriage, her husband left her. She followed him to Chicago and he sent her to Akron, O. She had been there one day when he sent her a letter, telling her he never cared to see her again.

Judge Trude issued an order for his arrest on a charge of nonsupport and continued the hearing until September 9.

United States Navy To Contain Total of 35 Dreadnaughts in 1923

Chicago Tribune-Omaha Bee Leased Wire.
Washington, Aug. 26.—The dreadnaught tonnage of the United States navy in 1923 will be 1,150,000 tons, and of the units in this fleet, 16 will be battleships, mounting the new 16-inch guns, perfected by the ordnance experts of the American service.

There are now 19 ships of the dreadnaught type in commission in the United States navy, and in 1923 this fleet will have been increased to 35 ships, or eight divisions of five units each.

In addition to the ships referred to, the navy in 1923 will also have well under way and nearly ready for commission six giant battle cruisers, each of 43,500 tons displacement, while 10 new light cruisers, among the speediest afloat, are expected to be added to the fleet before the end of 1923.

The above figures were announced by the navy department when it made public a report on the relative strength of the American and British navies, the report being a translation of a French article which appeared in the latest issue of La Vie maritime Et Fluviale to reach the department.

Aged Woman Struck By Car Sues Driver For \$10,000 Damages

Suit for \$10,000 damages for injuries suffered in an automobile accident was filed in district court yesterday by Mrs. Anna Bergren, 64 years old, against D. E. Peterson.

The accident occurred at Twenty-fourth and Cuming streets on January 5, 1920. Mrs. Bergren alleges that she was struck by Peterson's car as she was crossing the street. She was rendered unconscious from internal injuries and was confined to a hospital for 10 weeks.

The petition states that Peterson was driving recklessly and failed to sound a warning.

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

CHICAGO CUBS TO VISIT HARDING AT MARION HOME

Will Visit G. O. P. Nominee September 2, After Which They Will Play Exhibition Base Ball Game.

Marion, O., Aug. 26.—The Chicago Cubs are to do their bit for Senator Harding's front porch campaign by coming to Marion on September 2 to play a free exhibition game with an aggregation of local semi-professionals.

The engagement was made today as a result of a chance remark by the senator that one of the big handicaps of the front porch was his inability to see base ball games. William Wrigley and A. D. Lasker, two of the chief owners of the Cubs and both connected with the publicity end of the Harding campaign, arranged for the trip and offered to loan the locals any Cub battery they might pick for the game. Tyler and O'Farrell have been selected.

Both the senator and Mrs. Harding are fans and they have promised to do their share to make the occasion a red letter day at the Marion ball park. The candidate will pitch the first ball.

Most of today Senator Harding spent in consultation with various party leaders on campaign policies. Among those on his appointment list was former Senator George Sutherland of Utah. It was understood that the league issue was the principal subject of discussion. Mr. Sutherland is president of the American Bar association.

Officer Refuses to Let Man In Auto Take Home Lost Little Girl

Patrolman Arthur Ingersoll believes he thwarted an attempt to kidnap Ruth Clara Farrell, 5-year-old daughter of Mr. and Mrs. Daniel Farrell, 2517 G street, at Thirteenth and Farnam streets Wednesday when he refused to allow a suspicious-looking man in a large touring car take the little girl ostensibly to her home.

The little girl, who had been picnicking with her mother and neighbors at Elmwood park in the afternoon, was the only member of the party to succeed in boarding a crowded street car at the park. She alighted at Thirteenth and Farnam streets and was wandering aimlessly at that corner when the motorist offered to take her home. Her mother called for her soon after her discovery.

Naval Officer Braves Wrath of Superiors To Greet Actress

Chicago Tribune-Omaha Bee Leased Wire.
New York, Aug. 26.—Disregarding the long established rule that no one shall board an incoming steamer without special permission and braving the displeasure of his ranking officers, an officer who said

he was Lieutenant Commander Venable, U. S. N., today turned the U. S. destroyer Ingraham into an unofficial escort to Miss Fay Bainter, actress, as she was steaming up the bay to the Olympic.

He was allowed to board the liner while the destroyer Ingraham lay in the narrows.

Although it was said by several members of the crew of the destroyer that the young officer had mentioned in his presence that he was "on his way to meet his sweetheart," Miss Bainter, when asked

by ship news reporters about the "romance" feared great surprise and emphatically said there was "nothing between them," and that they were only "dear friends." The officer refused to discuss his actions.
