Summer Camp

A camp which will appeal strongly to parents of girls in their teens is the "Minnaloha" summer camp for girls at Lake Minnetonka, which will be opened July 1, 1921, by Mrs. W. W. Bradley and her daughter, Miss Helen Bradley, who returned last week from their summer home on that lake.

For several years Miss Bradley, an enthusiastic Mount Holyoke college girl, distinguished for her many athletic honors, has had one ambition—the establishment of an ideal camp in the middle west for girls and young women similar to some of the popular camps in the east, which have been in existence for many years.

The coming year will see the successful fruition of her dreams and days' visit with relatives and friends at Genoa, Neb.

Mr. and Mrs. Gorton Roth and daughters, Eunice and Dorothy, motored to Octavia, Neb., Wednesday, returning Friday.

Mr. and Mrs. P. J. Dolejs and Mr. and Mrs. A. S. Snyder motored to Crete, Neb., Thursday, where they will spend the week-end.

Mr. John Rohrbach, son of Mrs. Opal Rohrbach, who has been seriously ill at Nicholas Linn hospital, is on the convalescent list.

Miss Ethel Anderson of Fort Dodge, Ia., spent the early part of the week at the home of her parents, Rev. and Mrs. Thomas Anderson.

Miss Jeanette Palmer, who was en route from Manitou, Colo., to her home in Des Moines, Ia., spent a few days as the guest of the Misses Hazel and Grace Giles.

Mrs. G. W. Rennie and Miss Florence Cecil of Plattsmouth, Neb., have been the guests of Mrs. Rennie's daughter, Mrs. C. P. McPherson and Mr. McPherson.

The Misses Lillian Calvert and Lucile Barnum are spending the week at the home of Miss Calvert's sister, Mrs. William Gridley, and Mr. Gridley of Humboldt, Neb.

Mr. and Mrs. Ben H. Smith returned home Saturday from Rochester, Minn. Mr. Smith returned Monday when he will continue his treatment at the Mayo sanitarium.

Mrs. G. W. Hamilton returned Tuesday from Portland, Ore., bringing with her a nephew, Joseph Barton, and niece, Barbara Barton, who had spent the summer with their grandparents in Portland.

Mrs. Joseph Pickard and daughter, Fern, who have been guests for the last month at the J. T. Pickard home in Bensonhurst, left last week for their home at Homestead, Fla. They will visit a few days at their old home, Minook, Ill., en route.

plans, as Mr. and Mrs. Bradley were very fortunate in being able to purchase a beautiful wooded tract of 10 acres on the north arm of Capital bay, one of the most attractive parts of Lake Minnetonka, easily accessible to the hotels, the Lafayette club and the Twin Cities.

Within the next few months, on a high knoll overlooking the lake and grounds, they will build a large central cabin or tepee, with assembly and dining halls, screened porches and rooms for the officers and instructors. Surrounding this will be several bungalows with 12 cots, accommodating 60 girls in all. In the rear of the main cabin is a natural amphitheater, which will be used for the tennis courts and general gatherings in the evenings, as well as outdoor pageants and plays.

Special attention will be paid to swimming, boating, water sports and athletics.

Certain periods of each day will be devoted to instruction of university teachers and college girl counselors, the time being profitably spent, with plenty of leisure also for rest and amusement, as the social side will not be neglected.

Mrs. Bradley and Miss Bradley are especially adapted to such an enterprise, as they have made a study of all phases of a girl's life and the methods used in other camps. Miss Bradley for the last three summers has taken a course in leadership at the Lake Geneva training camp for leaders and this year won first honors in three swimming events and was also chosen fire chief, an honor at that camp.

At Mount Holyoke college she is captain of the 1922 base ball team and also of the all-Holyoke nine, and the coming year will be chairman of the Y. W. C. A. social service committee, which operates a coffee house in Holyoke.

Economical Pies.
In canning save a cupful of juice and use it in combination with cornstarch, milk, sugar, and two egg yolks. It makes a delicious custard pie. The whites of the eggs are used as a meringue. If the fruit juices are too acid to use with milk, water can be used in place of milk, adding a small lump of butter for richness. In opening cans of fruit there is usually about a cupful of juice not used, and this can be used in the same way.

An Achievement Worthy of Mention
It is a well known fact that whenever something very unusual takes place the news is quickly heralded to all corners of the earth. We look upon the invention of the automobile—the airplane—wireless telegraphy, etc., as achievements deserving of special mention.
Notable achievements, however, do not all appertain to the mechanical field—think for a moment, please, of the wonderful strides that have been made in Dentistry. The X-Ray is marvelous in dental diagnosis, but one of the greatest problems has been to give you—Painless Dentistry.
Dr. Clark has spent many hours, days and months in constant, patient study of this problem—and the result is truly worthy of special mention—VAPOR MIST. Through the use of this unusual contribution to Modern Dentistry—painless extraction is assured you. A word about—Comfort Plates—we make them in Gold and in Pink Rubber to harmonize with your gums. Our Crown and Bridge work is most satisfactory—and a ten-year guarantee goes with it. If you find the slightest symptom of PYORRHEA—better tell me about it promptly.

Nearly All Brunswick Sales Are Made By Demonstration
It is its own best salesman. It speaks for itself in a language that everyone understands.
As a salesman The Brunswick has no moods, temperament or habit. It does not try to capitalize friendship. With it, the attitude of the audience counts not one jot or tittle. Let it be happy or sorrowful, dull or keen, rich or poor, American or foreign, The Brunswick will charm.
All that it requires is an opportunity to demonstrate. Certainly that is not much.
What's more, selling Brunswicks by recital is a business refinement that you'll appreciate.
Why not let us entertain YOU on The Brunswick either in your own home or in one of our sound-proof test rooms.
