

## OUTLINE PLAN FOR FORMATION OF WORLD COURT

Ideas Submitted to League Of Nations Council at San Sebastian Received in Washington.

Chicago Tribune-Omaha Bee Leased Wire. Washington, Aug. 28.—An outline has been received here of the plan for the formation of a permanent court of international justice, drawn by the jurists' advisory committee appointed by the council of the league of nations and submitted to the council of the league at its sessions in San Sebastian.

In addition to its great international importance, the plan has a marked bearing on the domestic political situation in the United States. From the immediate American standpoint, it derives its chief interest in the fact that Elihu Root, who was a member of the jurists' advisory committee, is expected to submit the plan for a permanent court of international justice to Senator Harding for the latter's acceptance as embodying the republican scheme for the prevention of war between nations in place of the direct political machinery of the league of nations.

There have been hints from Marion and elsewhere that "the Root plan," as it has been termed, would be put forward by Mr. Harding in opposition to the league provisions for maintaining the peace of the world. Mr. Harding's virtual promise to make the whole structure of the foreign policy of the United States is supposed to find its basis in the plan for the establishment of an international court.

The plan outlined by the jurists' advisory committee of the council of the league of nations was drafted at The Hague in the period between June 16 and July 24. It provides for a continuance of the permanent court of arbitral justice and for the establishment of a permanent court of international justice, directed to be formed by the covenant of the league of nations.

Briefly the permanent court of international justice is to consist of 11 judges and four alternate judges. These are to serve for nine years. The court is to sit permanently at The Hague, the purpose of the permanent sitting being that the tribunal shall always be ready to determine causes arising between governments where questions strictly of a legal nature are concerned.

The permanent court of arbitral justice is to be continued as a body to arbitrate disputes between nations. The judges of the permanent court of arbitral justice are to nominate the judges of the permanent court of international justice, whose sittings shall also be at The Hague.

Subpoena Brought to Prove Charges Before Campaign Probe Body

Chicago, Aug. 28.—Congressman Fred A. Britten of Illinois was subpoenaed by the senate campaign investigating committee to appear before it Monday with proof of his charges that \$87,500 appropriated by Great Britain for entertainment purposes at the embassy in Washington had found its way into the democratic national committee.

Congressman Britten tonight said that he would gladly furnish evidence.

"If the senate committee will inquire in the right direction, I am convinced it will find that most, if not all, of this \$87,500, for 'entertainment purposes' has been going into newspaper and magazine publicity for the democrats."

## ASKS COMMITTEE TO INVESTIGATE MINOR PARTIES

Former Consul General to New Zealand Wants Campaign Probe Extended.

Chicago, Aug. 28.—James Martin Miller, former United States consul general to New Zealand, Friday sent a letter to Chairman Kenyon of the senate investigating committee asking the committee look into the campaign finances and methods of the minor political parties as well as of the republicans and democrats.

"The socialist party is raising a fund larger than ever before," said the letter in part, "and the Non-partisan league is raising enormous sums for propaganda and political campaign purposes and the farmer-labor party also is raising a campaign fund."

"The socialists are great schemers and it has been persistently reported that they are financed by the bolsheviks in Russia. This report should be investigated. Some years ago this party sent Simon W. Uren, a lifelong socialist, to Oregon to join the republican party and socialize it from within. He inspired the writing of the Oregon state republican platform and was praised by republicans for it. In reality he was a spy and this work was considered by the socialists as one of their greatest coups."

British Ask Apology For Insult to Their Anthem at Olympiad

By The Associated Press. Antwerp, Aug. 28.—The "booming" of the British national anthem at the conclusion of today's water polo match, in which England won a close-fought game from the Belgian team, resulted in the British representatives calling a meeting of the representatives of all nations competing in the Olympiad tonight.

A protest was made over what was termed a "national insult" and it brought a promise of the publication in tomorrow's official program and in the Antwerp newspapers of an apology.

The incident occurred at the conclusion of the gala day of the swimming competition.

The Belgian princess, Marie Jose, was leaving the royal box just as the Union Jack proclaiming the English victory was being run up and the band was playing "God Save the King." Those who saw the princess continued their cheering until she entered her motor car but a majority of the thousands present, ignoring the attempts of the Belgian officials to quiet the demonstration, "boomed" and hissed even after the band had finished the anthem.

Government Plans War on Coal Dealers Who Shove Up Prices

Washington, Aug. 28.—Steps to limit the prices charged consumers for coal will be begun shortly by the Department of Justice, it was said today by officials.

Reports of the federal trade commission covering costs of production and distribution of coal are being studied, it was stated, and data being compiled on which to base instructions to district attorneys governing prosecution of coal profiteering cases.

No attempt will be made to fix a price, it was said, as the attorney general can only act under the "ever act," but it was pointed out that by prosecution for violations of the law the price of coal can be kept within reasonable bounds.
