

### Crisis in Metal Workers' Strike In Italy Friday

#### Ultimate Aim of Federation Is Socialization of Industry and Extension of Soviet Principle.

London, Sept. 9.—Friday will be a critical day in the history of the movement of Italian metal workers which has resulted in the occupation of many large industrial plants in that country, says the Milan correspondent of the Herald, organ of labor. On that day the General Confederation of Labor meets in Milan, and if no decision is reached by then, the correspondent says, immediate action may be taken by workers.

The ultimate aim of the Federation of Metal Workers, as well as the Confederation of Labor, he declares, "is socialization of industry, and this aim, now almost within their grasp, may at any moment overshadow claims for wages. Friday may well see an extension of the soviet principle to other industries of Italy."

Rome, Sept. 9.—Efforts continue to bring about a solution of the situation which has arisen throughout Italy as a result of the movement among metal workers to occupy plants in the most important industrial centers. The government, it is said by newspapers, will act only to insure order. Reports indicate that quiet prevails at all affected centers, and that engineers, foremen and clerical staffs at occupied plants still refuse to join the workers. The fact that delegates from workmen's and employers' organizations are in communication is regarded as favorable to an adjustment.

It is declared the majority of the metal workers are controlled by extreme socialists who are desirous of giving the movement a political character, but responsible leaders of the party are said to discourage such a policy. At many places the workers have announced they are ready to convert themselves into co-operative societies, which would undertake the direct management of works that have been occupied, pay rent, which would be fixed by arbitration, and deposit the necessary guarantees.

#### Women Urge Dock Workers To Tie Up English Vessels

San Francisco, Sept. 9.—Several women who said they were members of the Women's League for Irish Independence, paraded the water front, bearing transparencies urging longshoremen to cease loading vessels destined for English ports.

Their efforts in particular were directed against the men loading coal on the British steamer, Manchester Castle, and officials of the coal company said the women had persuaded some of the men to stop work.

### Plan Training of Peace Time Army

#### Organized Reserves Important Element in Policy of U. S. General Staff

Detroit, Sept. 9.—Peace-time organization and training of the nation's organized reserves is an important element of the new military policy adopted by the general staff, Maj. Gen. William G. Haan, director of the war plans division of that body, said in an address before the convention of the American Officers of the Great War.

The regular army of approximately 300,000 officers and men will continue to be the first line of defense, he said, and the national guard the second line, to be called upon immediately in case of national emergency, but behind both of these will be the reserves, consisting of enlisted and commissioned personnel with former war experience and organized tactical units as possible to effect.

Organization of the reserves will follow closely the geographical division of the United States, under the departmental plan. With the entire continental expanse of the United States army, an army corps will be formed in each of the new districts which has supplanted the old military departments, and the corps area commander will be in charge of all troops of the three classes within his zone. Reserve officers are to be assigned for annual training to the posts they would occupy under war conditions, and thus will be trained with the men, and under their superiors, with whom they normally might be expected to serve in the field.

This system of peace assignment and training will be followed, it was announced, with officers and men of the staff units, as well as of the line, an officer in the ordnance reserve going for summer training to an arsenal or supply depot within his zone.

#### Liverpool and Manchester Printers Still on Strike

London, Sept. 9.—Liverpool and Manchester were still without newspapers, as a result of the strike of compositors, begun August 30, for more pay.

In Liverpool, however, two publications were issued last evening by the photographic process. The newspapers of Manchester have caused 2,000 summonses to be issued against strikers for breach of contract.

#### Kalamazoo Street Car Men Go Out on Strike

Kalamazoo, Mich., Sept. 9.—Kalamazoo's street car system was completely tied up this morning, the platform men refusing to operate the cars under the old wage scale which the Michigan Railway company announced would become effective today.

### Moonshiners Are Blamed For Lack Of Coke Supply

#### Pennsylvania Newspaper Declares Operation of Illicit Liquor Stills Has Cut Into Fuel Production.

Connellsville, Pa., Sept. 9.—The loss of 14,510 tons of coke production in the Connellsville region for the current week is attributed in part by the Connellsville Courier, in its weekly coke review, made public today, to the operation of illicit liquor stills.

"While there has been more or less liquor procurable in the region since January 16 last," says the Courier, "it is only recently that it has become so plentiful in supply as to interfere with the operation of the plants as seriously as it did prior to the inauguration of prohibition."

"Now the activity of bootleggers and illicit traffickers of all degrees and kinds, supplemented by increased proficiency in the art of 'home brewing,' has fairly deluged the region with every conceivable kind of intoxicant, ranging in potency from 'neat beer' slop to 'neat death' pickers, and other first aids to coroners and undertakers. Absolutely no effort is being made by the authorities to suppress the traffic."

#### Rains Damage Range

Fort Worth, Tex., Sept. 9.—Continued rains over the cattle raising districts have begun to damage the ranges, according to weekly reports from inspectors of the Texas Cattle Raisers' Association. Grass is growing rank and probably will be ruined by the first freeze, the reports said.

### Pickford Denies Wife Attempted Suicide

BY HENRY WALES. Chicago Tribune-New York Times Cable. Copyright, 1920.

Paris, Sept. 9.—"The rumors that my wife attempted suicide are absurd," said Jack Pickford, Pickford was nervous during the interview and sought to end it quickly. He refused to explain how his wife, Olive Thomas, moving picture actress, happened to take mercurial tablets. He offered a statement signed by Dr. Joseph Choate of Los Angeles, which stated:

"Mrs. Pickford, who on account of overwork, has been on the verge of a nervous breakdown, by mistake took an overdose of medicine prescribed for her condition. She is now under the best of treatment. Her condition is serious, but her recovery is hoped for."

Friends of the Pickfords state that Mrs. Pickford was worried and jealous because of her husband's attention to a French actress.

#### Files Suit to Dissolve California Raisin Firm

Los Angeles, Sept. 9.—A suit to dissolve the California Associated Raisin company of Fresno, as a combination in restraint of trade, was filed in the United States district court here by J. Robert O'Connor, United States district attorney, acting under instructions from Attorney General Palmer.

#### Martin Bombing Airplane Establishes New Record

Washington, Sept. 9.—Carrying a crew of four men and a 1,600-pound torpedo, a Martin bombing plane, fitted with torpedo gear, flew from Washington to Yorktown, Pa., a distance of 125 miles, in 64 minutes. Naval officers declared they believed the flight established a record for planes of that type.

### Blair Admits Campaign Quota Had Been Fixed

#### Treasurer's Office Planned to Organize Intensive Drive in 54 Cities, According to Admission at Probe.

Chicago, Sept. 9.—Charges by Governor Cox that the republicans had fixed quotas and planned intensive fund raising drives in at least 51 cities, and that the national committee had had a part in assessing the city quotas were admitted on the stand before the senate investigating committee today by Harry M. Blair, assistant to Fred W. Upham, republican national treasurer.

Reading from a document produced by Mr. Blair, which, he said, was sent out in lieu of the much discussed "form 101," Senator Reed brought out that the treasurer's office planned to organize intensive drives in 54 cities, three more than the Ohio governor mentioned when he read his list of 51 at Pittsburgh. From the same document Senator Reed read that the local chairman appointed in each city was to "accept the quota placed upon the city by the national treasurer."

Upham, O. K'd Chairmen. "But he never did that to my knowledge," Mr. Blair interjected. He explained that the plan "in his mind" was for the state chairman of the ways and means committee to select local chairmen in cities, who then would be confirmed by Mr. Upham to make it official, and that Mr. Upham should pass on to the local chairman a city quota suggested by the state head. His testimony at many points

showed that the ideas which he had in his mind were rejected by his superiors when placed on paper, which was the fate of "form 101."

Gave Copy of "101." Mr. Blair produced a copy of that form and when it was compared to the copy of the same form which Governor Cox had sent to the committee by Edmund Moore, his personal representative, the governor's copy was found to be incomplete.

An entire paragraph which appeared in Mr. Blair's copy was omitted from that sent by the governor. The paragraph suggested that contributions of \$5,000 and \$10,000 be accepted, removing the \$1,000 limit fixed by Chairman Hays. The copy furnished by the governor merely suggested that contributions of "from \$5,000 upward be received."

While he planned drives in 54 cities, Mr. Blair said, it was found impossible to carry out the program because of local conditions in some places.

"You did, though, contemplate organizing drives in 54 cities?" asked Senator Reed.

"Yes, sir." "So, if Governor Cox or any other man charges you had plans for organizing in 51 cities, he simply understated, didn't he?"

"Yes, sir."

Used Drive Plans. Senator Reed attempted to bring out that the document with which Mr. Blair displaced form 101, was not intended for that purpose, and asked how Dudley S. Blossom of Cleveland, who testified yesterday, had been able to follow the form 101 plan, exactly, if he had never seen it.

Mr. Blair explained that the campaign plan was commonly used for money drives for hospitals, Y. M. C. A. buildings and in war drives and that all his assistants had worked in such activities and knew the general procedure. Senator Reed read from the subdocument a sentence saying a plan

of campaign was appended and asked for a copy of that plan. "Why, that was form 101," Mr. Blair said, but later withdrew his answer on the ground that he had misunderstood the question, and declared that in spite of the statement in the substitute document, no campaign plan was attached to it.

Strike Called Off. Trieste, Sept. 9.—The general strike here was declared off tonight. Satisfactory concessions to the strikers were made by government representatives.

#### ADVERTISMENT.

### "FREEZONE"

#### Lift Off Corns! No Pain!

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

### Guaranteed Rogers Silverware Sale at Union Outfitting Co. Next Saturday

#### Hundreds of Beautiful 26-Piece Sets of Rogers (Wm. A.) Silverware at Big Reductions.

#### This Well Known Silverware Makes an Elegant Gift for Most Any Occasion.

People taking advantage of this opportunity to buy high grade silverware sets will certainly be amply repaid in money saved as these sets will be sold far below the regular retail price. They are surely wonderful looking sets and the name Wm. A. Rogers on every piece adds exclusive distinction to the designs as well as a guarantee.

At such reduced prices it would be real economy to buy two or three of these sets during this sale with a view of presenting as a gift to some near future bride or even to give as Christmas presents, as it is not far away.

This big sale event is only another evidence of the Great Buying Power of the Union Outfitting Company, located outside of the High Rent district.

### Release for Women who Suffer

The multitude of American women who suffer terribly day after day and year after year from ills peculiar to their sex is almost beyond belief,—yet there is hardly a town or hamlet in the United States wherein some woman, and often many, do not reside who have been restored to health from some of the worst forms of female ills, and often avoided operations by taking Lydia E. Pinkham's Vegetable Compound.

#### These Two Women Tell of Their Experience.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was a misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a State Hospital and am feeling fine. I shall always recommend your Vegetable Compound."—LILLIAN THARP, 824 South 6th Street, Carrollton, Ky.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and can do my own housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good for female weakness as can Lydia E. Pinkham's Vegetable Compound and you may use these facts as a testimonial."—MRS. LESTER E. WARNER, R. 1, Box 09, Onalaska, Wis.

Thousands of Such Letters Prove the Curative Value of
