

# Omaha Woman to Attend Parents' Golden Wedding

Mrs. G. B. Child, 414 North Forty-third street, will participate this month in the golden wedding anniversary of her parents, Mr. and Mrs. A. W. Irwin of Garrison, Ia. One of the interesting features of the event will be the attendance of 10 sons and four daughters of the couple. None of their children has been taken by death and all are married. There will be 37 grandchildren at the golden wedding.

Mrs. Child is the only Omaha resident of this remarkable family. Her brothers and sisters are: John A. Irwin, Newburg, Ore.; William Irwin, Carthage, S. D.; Hugh Carl and Earl Irwin, Kimball, Neb.; Walter Irwin, Des Moines; Bert Irwin, Minneapolis; Austin Irwin, Charleville, Mo.; Samuel Irwin, LaPorte, Ia.; George Irwin, who lives on the old home farm at Garrison, Ia.; Mrs. Andrew Peterson, Dix, Neb.; Mrs. Ruth Lingnerot and Zeda Floyd, Vinton, Ia.

Mr. Irwin moved to Iowa in 1876 and settled on a farm in Benton county, in a town known as Dysart. He had at that time a wife, three children; box of household goods and \$50 working capital. Today he owns farms in Canada, South Dakota, Iowa and Texas.

Austin Irwin, one of the sons, is a Methodist minister in Minneapolis. Earl is an electrical engineer. Other sons have engaged in farming and

## Chorus Girl Has Followed Motto of Aged Father

New York, Sept. 11.—"Daughter, you are young in years, but the virtue of the ages; the virtue of womanhood, is yours. Keep it!"

The father of Frances Rieser, musical comedy producer, who rose from chorus girl, now being sued by her husband for the annulment of marriage, gave her this advice before she started her career as a chorus girl.

"These simple words of a pious man," said Mrs. Rieser, "have resounded in my ears and have been an unflinching tower of strength throughout my life."

Mrs. Rieser says in reply to her husband that her conduct as an actress has always been above reproach.

Mrs. Rieser was divorced from her first husband after living with him for five years because of his "nagging."

An automobile tank measuring gauge, operated by a float, which can be screwed into a filling port, has been invented.

## First Birth of Dogs In Plane Occurs at Paris

Paris, Sept. 11.—The first aerial birth in history is now a matter of record.

"Follette" the pet dog of Henri Roget, the French air minister, gave birth to nine puppies while she was flying in her master's plane, 12,000 feet above Rome yesterday. The puppies and their mother are getting along nicely.

Roget is expected here tomorrow, coming by air after 6,000 miles of flying that has taken him to most European capitals. He did not suffer a single mishap. His dog accompanied him all the way.

## Clearing House Reserve Is Less Than Last Week

New York, Sept. 11.—The actual condition of clearing house banks and trust companies for the week (five days) shows that they hold \$24,072,200 reserve in excess of legal requirements. This is a decrease of \$1,863,620 from last week.

## U. S. Postal Guide Full of Romance

Veritable Book of Adventure Tells of Peculiarities And Idiosyncrasies of a Hundred Centuries Reached by Our Postal Service.

By A. R. GROH.

Romance and adventure are in the United States postal system for him who has imagination.

The distribution of mail by a clerk may seem as far removed from romance and adventure as the moon from the earth.

But think! With every letter and package addressed to a foreign land he can feel the thrill of travel.

The new issue of the United States postal guide, just out, is a volume of romance which reaches out to the palm shores of Aden, Abyssinia, Harrar, the Balearic Islands, Touamotou and up to the ice-bound slopes of Greenland, Iceland, Alaska and the North Polar regions.

There are 850 pages of fine print in this book of adventure, nearly 200 of them devoted to the peculiarities and idiosyncrasies of a hundred countries regarding all imaginable kinds of merchandise and letters under the sun.

**Tells Their Salaries.**

Every postoffice in the United States, from Fishbite, Ky., to New York City, is listed. And you can find that the salary of the postmaster of New York City is \$8,000 a year; of Omaha, \$6,000; Lincoln, Neb., \$6,000; Grand Island, \$3,000. Postmasters in little places like Springfield, Papillion, Rulo and Valley get from \$1,300 to \$1,900 a year, much more in proportion to their responsibilities than the Nashys in the large cities.

**Don't Transmit It.**

Don't address a letter to yourself to go "around the world." The postal organization won't transmit it. The postal service is for service and not for performing stunts.

You can't mail coins or gold or silver articles to any foreign country. This is to prevent possible wholesale shipment out of the country of the metals on which our money system is based.

Don't mail any triangular daggers or stilettos or iron knuckles to Argentina. They are prohibited in the mails of that country.

In the Bahama Islands, "The Negro World," a newspaper, is prohibited from the mails.

If you are thinking of mailing any canes or other articles containing swords, sword points, poignards, guns, air guns or air pistols to Brazil, save your postage, for the

Brazilian postal authorities won't accept or deliver them.

**Publication Prohibited.**

From the mails of Canada many publications allowed in the United States are prohibited. These include "Golden West," which points out the beauties of California; the "Menace," "Truth Seeker," "Jim Jam Gems," "Cupid's Column" and "I. W. W. pamphlets."

You really can not mail any ganja or bhanga to Ceylon. So don't do it.

From the Mexican mails pipes, candy and firearms are excluded.

No article may be sent through the New Zealand mails bearing on its face the word "Debt."

In Switzerland they won't allow Austrian or Hungarian or Russian paper money in the mails at present.

The postal regulations all over the world are extremely complex. The virgin Islands, Zanzibar, Sarawak, Seychelles, Oubangui, Montserrat, Ivory coast, Mauritania, Cayman Islands, Brunei and a score of other places you have never heard of, all have their postal peculiarities.

**Germany Not Listed.**

Germany is not listed in the current issue of the official postal guide.

The list of postoffices in the United States is interesting. Omaha, Neb., is not the only pebble on the beach of that name. For there are Omahas in Arkansas, Kentucky, Georgia, Illinois, Texas and Virginia.

A crop of postoffices, evidently born of the war, has sprung up. There are Postoffices in Nebraska, Colorado, Indiana, Missouri, Oklahoma and Pennsylvania.

Libertys are found in 27 states, not including the town of Liberty Bond, Washington.

There is still a "Kaiser" in Maine and in Wisconsin.

In Arizona we find the town of Clemenceau.

**No "Adversity."**

A dozen towns are named "Enterprise," "Advance" and the like, but there is no "Adversity."

Hasst ever been to "Rara Avis," Miss? Neither have we, but it must be some "rara avis."

You will find Recreation in Oregon, Happiness in Minnesota, Happiness in Colorado, Joy in seven states (including Nebraska), Success in Arkansas, Missouri, and Virginia; Profit in Virginia, Prosperity in five states. You can even find Sugar in Idaho.

"Funny" names there are in plenty. Take Tennessee, just to save the trouble of scanning the whole country. Here are some of the postoffices in that sovereign state: Acorn, Bakeswell, Booz, Bone, Cave, Bybee, Cave, Difficult, Eys, Finger, Gold-dust, Guys, Ine Idol, Hoop, Jingo, Kodak, Life, Liberty Only, Overall, Peavine, Soddly, Unicorn and Wasp.
